11/27/2020 12:31	Concept 2 - Play-focused park	Pumptracks	I am interested in community gardens			From a letter in the mail
11/24/2020 20:52	Concept 1 - Multi-generational park	Pickleball; Pumptracks	I am interested in community gardens	I walk to through this park daily, sometimes multiple times per day, and I only see the existing basketball court being used occasionally; have never seen a full court game going on. The additional half court basketball court feature seems like overkill given limited use of existing court.	Like the two different age ranges. I have 2 boys currently ages 4 and 1, so it'd be perfect.	From an email
11/21/2020 11:33	Concept 1 - Multi-generational park	Pickleball	I am not interested in community gardens			From a friend/neighbor
11/17/2020 19:20	Concept 2 - Play-focused park	Half-Court Basketball; Pumptracks	I am not interested in community gardens			From a letter in the mail
11/17/2020 19:12	Concept 2 - Play-focused park	Half-Court Basketball; Pumptracks	I am not interested in community gardens	The pumptracks would be super fun and awesome for kids! I've seen this be a hit at other parks in Colorado.	Awesome zip line and climbing structure.	From a letter in the mail
11/16/2020 13:40	Concept 2 - Play-focused park	Half-Court Basketball	I am not interested in community gardens	How will you manage trash from dogs and people, and especially teenagers? Nothing being done now, how will it get better? #Concernedneighbor..		From a letter in the mail
11/14/2020 18:30	Concept 1 - Multi-generational park	Bankshot; Pickleball	I am not interested in community gardens		See if you can make it not easy to burn. I've seen a playground burned 2 times in 3 years.	From a letter in the mail

11/14/2020 11:31	Concept 2 - Play-focused park	Bankshot; Pumptracks	I am interested in community gardens		We prefer the ground to be made of the same material at Lion's Park in Shakopee.	From a letter in the mail
11/13/2020 9:01	Concept 1 - Multi-generational park	Bankshot; Pickleball	I am not interested in community gardens	Lighting on the trails would be nice.		From a letter in the mail
11/13/2020 8:00	Concept 1 - Multi-generational park	Pickleball	I am interested in community gardens	I heavily favor the Concept 1 plan. Neighborhood parks should be for people of all ages.	The playground looks good to me.	From an email
11/8/2020 8:57	Concept 1 - Multi-generational park	Bankshot; Half-Court Basketball	I am not interested in community gardens	I would prefer tennis courts over pickleball. Hockey rink should get put back. The kids need a great playground!! No one needs a pumptrack.	Needs to have some accessibility like a rubberized surface.	From a letter in the mail

11/6/2020 6:36	Concept 1 - Multi-generational park	Bankshot; Pumptracks	I am interested in community gardens	Do one to four pickleball courts on concept one and add the bigger pump track and why not a splash pad or water feature?	Looks great!	From a friend/neighbor
11/5/2020 22:28	Concept 1 - Multi-generational park	Bankshot; Pickleball	I am not interested in community gardens			From a letter in the mail
11/5/2020 15:26	Concept 2 - Play-focused park	Half-Court Basketball	I am not interested in community gardens	Park is currently used mostly for loitering; don't feel safe there. Also used as a dog park and dog owners do not clean up after themselves. It is simply a money pit--we just keep throwing money at it. Can bathrooms be available as long as we have them there? Most interested in adult fitness stations.	Never see families using the existing playground equipment.	From a letter in the mail
11/5/2020 11:01	Concept 1 - Multi-generational park	Pickleball	I am not interested in community gardens	Who is going to manage the trash people leave around the park, I am a homeowner and pick it up currently!!! Dog POOP too!!! More traffic??		From a friend/neighbor
11/5/2020 6:19	Concept 1 - Multi-generational park	Half-Court Basketball; Pickleball	I am interested in community gardens		Install cameras for safety and monitoring. (Lots of drug deals happen at that park)	From a letter in the mail

11/4/2020 18:34	Concept 1 - Multi-generational park	Bankshot; Pumptracks	I am not interested in community gardens	The bankshot court looks very interesting and would meet the abilities of a wide variety of ages / skill level if there are different heights to the hoops and different backboards. The two different pump tracks would also be a fun addition for children. I like the option to have a higher skill course for teens and adults and a beginners one for younger kids. I also like the idea of pickleball courts. They would be a fun addition to help provide physical activity geared more towards the older generation. I like the pickleball/bankshot combo better than the pump track/half court basketball combo overall. I think the full court basketball court that is there is staying so I don't see a need for 2 half courts to be added, especially if a bankshot is added instead. I won't use the community garden, but it	The zipline looks super fun, it doesn't look too short which will make it more exciting. The spacing between equipment looks good too. It will nice to have multiple pieces of playground equipment spread out so it doesn't become too congested with kids. The swings with various seats and different options for different ages will be much appreciated. Overall the playground looks fun and will be an awesome improvement over the current one. Currently we haven't played at the current park much at all, but it would become a frequent destination for us with these improvements. Thank you.	From a letter in the mail
11/4/2020 18:06	Concept 1 - Multi-generational park	Bankshot; Pickleball	I am not interested in community gardens	I look forward to having our children get to play in a new and improved park.	Looks like a fun playground for children of various ages	From a letter in the mail
11/4/2020 17:44	Concept 1 - Multi-generational park	Pickleball	I am interested in community gardens	I love the wrap around sidewalks. Is there anyway to fence in a little area for dogs?		From a letter in the mail

11/4/2020 9:46	Concept 2 - Play-focused park	Pumptracks	I am not interested in community gardens	The park needs SHADE features beside the small shelter house. If you add on to the shelter house, do so by adding an apron around the entire building with an extended roofline for shade. Please plant more deciduous trees vs conifers.	Are large teeter totters and merry go rounds a thing of the past? Research shows that this movement improves a child's reading ability. We need infant swings and handicap swings !We need shade and benches for parents/caregivers. I'm not a fan of the rope climbing, I'd rather see lots more swings. Make sure access is available for handicapped children. Perhaps a tar path to a swing?	From a letter in the mail

11/4/2020 9:30	Concept 1 - Multi-generational park	Bankshot; Pickleball	I am interested in community gardens	can tennis be included as an option with pickleball? seems excessive to have 8 courts for pickleball but nothing for tennis.		From a letter in the mail

11/3/2020 18:04	Concept 1 - Multi-generational park	Pickleball	I am interested in community gardens	The park should have something to offer to ALL ages. Concept 1 opens more opportunity for more people to enjoy the park.	Just make sure the ground cover is safe and will last for some time.	From a letter in the mail

11/3/2020 17:14	Concept 2 - Play-focused park	Pumptracks	I am not interested in community gardens	How about adding RC jumps. I am into hobby grade RC and there is no place to jump and play with the cars within 20 miles. There is alot of peoples into RC that cannot find a place to run the RC cars.		From a letter in the mail

11/3/2020 15:23	Concept 1 - Multi-generational park	Pickleball	I am not interested in community gardens	Pickleball i an ever growing sport for all ages. Thank You for upgrades to Scenic Heights . It will serve our neighborhood and community well.		From a letter in the mail
11/3/2020 15:02	Concept 1 - Multi-generational park	Bankshot; Pickleball	I am interested in community gardens	More lighting needs to be added for safety. I don't think the adult workout equipment will be used and is feasible to Minnesota's harsh climate. Likely to rust, unless it's specifically made for MN weather.		From a letter in the mail

11/3/2020 14:35	Concept 1 - Multi-generational park	Bankshot; Pickleball	I am not interested in community gardens	Are the pickleball courts able to be used for tennis too? It would be great if they could be multi-use to include both sports. It looks like there are a lot of courts. If one or two could be tennis, then the others could be pickleball? I LOVE the bank shot. I think that will be good for all ages. It's something different that I've never seen at other parks! I don't think we need additional half court basketball courts. The one we have is used often but not so frequently that I feel like we need more. Also I don't think the pumptracks cover as many age groups (older people specifically) and I think it would get old fast. Personally I wouldn't use them. I like riding bikes but the expanded trail through the part gives more options to ride around, which is awesome. I absolutely love the adult fitness section too! Overall I feel like concept 1	I absolutely love this playground option and I think it has many things for all skill levels. We've been on a similar climbing net outside of town and my son LOVED it. No changes, it's perfect!!	From a letter in the mail
11/3/2020 14:32	Concept 2 - Play-focused park	Pickleball	I am not interested in community gardens			From a letter in the mail
11/3/2020 14:31	Concept 1 - Multi-generational park	Pickleball	I am interested in community gardens	I'd rather see tennis courts than pickleball courts. I do not believe pickleball courts can be used as tennis courts. But you can use tennis courts for pickleball too.		From a letter in the mail
11/3/2020 8:23	Concept 1 - Multi-generational park	Bankshot; Pickleball	I am not interested in community gardens			From a letter in the mail
11/2/2020 22:52	Concept 2 - Play-focused park	Pumptracks	I am not interested in community gardens	The pump tracks seem like a cool, unique feature. I would be concerned about the noise from the pickleball court.	Cool concept overall. The zipline seems like a lot of space for minimal return. It would be awesome if the surfacing was rubber instead of sand or mulch - so much safer and more accessible.	From a letter in the mail
11/2/2020 21:58	Concept 1 - Multi-generational park	Pickleball	I am not interested in community gardens			From a friend/neighbor
11/2/2020 20:52	Concept 1 - Multi-generational park	Pickleball	I am not interested in community gardens		Put fences around the courts similar to the new Chaska courts or the new prior lake courts Have places to sit with shade too	From a friend/neighbor
11/2/2020 20:50	Concept 1 - Multi-generational park	Pickleball	I am not interested in community gardens	Pickleball courts are the most important		From a friend/neighbor

11/2/2020 20:35	Concept 1 - Multi-generational park	Bankshot; Pumptracks	I am not interested in community gardens	Dog park area would be great!	Are the playground areas handicap accessible?	From a letter in the mail
11/2/2020 20:26	Concept 2 - Play-focused park	Bankshot; Pickleball	I am interested in community gardens	I would prefer a blending of these 2 concepts. Have half as many pickleball courts to make room for pump tracks. Keep bankshot but decrease either half or full basketball courts. Keep the additional park benches in concept 2. Move the fitness stations out of the flood zone. Keep the sand volleyball court. Use more of the green space because no one ever seems to use that vast open space.	Is the zip line only one directional since there is a launching zone on only one end? Two way seems more useful.	From a letter in the mail

11/2/2020 17:03	Concept 2 - Play-focused park	Pickleball; Pumptracks	I am interested in community gardens	I love the trails but having the concept 1 will be great for all generations too so I'm torn	Nothing	From a letter in the mail
11/2/2020 16:08	Concept 2 - Play-focused park	Bankshot	I am not interested in community gardens		I love the updates!	From a letter in the mail
11/2/2020 15:52	Concept 2 - Play-focused park	Bankshot; Pumptracks	I am not interested in community gardens		Everything looks cool with the park but maybe if there is room something small for toddlers to play on something that could fit in a corner or something for really little ones to crawl on.	From a letter in the mail
11/2/2020 15:13	Concept 2 - Play-focused park	Bankshot	I am not interested in community gardens	What happened to the hockey rink? Are you kidding me, there is that much of a demand for pickleball! This is a joke. But don't worry lots of basketball courts and pickleball. While I picked a concept, I hate both and think the city is way off base again. Any choice I made was just so I could sub not this		From a letter in the mail

11/2/2020 12:26	Concept 1 - Multi-generational park	Pickleball	I am not interested in community gardens	Pickleball is such a growing sport. I love the idea of having more courts in Shakopee	n/a	From a friend/neighbor

11/2/2020 12:13	Concept 2 - Play-focused park	Half-Court Basketball; Pickleball	I am not interested in community gardens	I live by Cloverleaf Park and the basketball court is always full. The Shakopee community is in need of both a full court and smaller court for small games. I see kids, teens, adults I know from all over shakopee playing here. Our community is in need of another location so all have an opportunity to play. it's great to see everyone being active, but need more space for games.	I don't have specifics here, my kids are look for something to hang out. Fun, safe place for kids to run and gather.	From an email

11/2/2020 10:58	Concept 1 - Multi-generational park	Pickleball	I am not interested in community gardens	Fencing around each Pickleball court would be great! Check out Staring Park in Eden Prairie. Prior Lake is building some also. Don't let Shakopee fall behind.		From a letter in the mail
11/2/2020 10:58	Concept 2 - Play-focused park	Pumptracks	I am not interested in community gardens	I'm disappointed to see the ice rink is gone. I would like to see something 'winter' related in this park, if possible. The rest of the area looks great!	These look great! I love the zipline.	From an email
11/2/2020 9:59	Concept 2 - Play-focused park	Bankshot; Pumptracks	I am not interested in community gardens	Multi generational maybe a great idea to comingle the community members but realistically the space will be used on a consistent basis with the younger play focused environment. In a nutshell, the space will see more faces and minutes of use with the play focused plan.	Teens will be on this structure regardless of intent. Addition of structure for the older climbers/ users needs to be part of the final plan	From an email
11/2/2020 9:51	Concept 1 - Multi-generational park	Pickleball	I am not interested in community gardens			From a friend/neighbor
11/2/2020 9:48	Concept 1 - Multi-generational park	Pickleball	I am interested in community gardens	I like that the park and pickleball courts are near each other. It allows the kids to play at the park while people can play pickleball and still be able to keep an eye on the playground.	I am not sure what the plan is for ground on of the playground but I would either like to see recycled tires, woodchuck, or the material that is at Lions Park. I would oppose doing sand. My family and I walk and ride are bikes here a lot. We are excited for the changes.	From a friend/neighbor

11/2/2020 9:20	Concept 1 - Multi-generational park	Pickleball	I am not interested in community gardens	Shakopee needs more pickleball! Fastest growing sport in the country for all ages!		From a letter in the mail
11/2/2020 9:17	Concept 2 - Play-focused park	Half-Court Basketball; Pumptracks	I am interested in community gardens	Frisbee golf course (of some kind) would be awesome, if possible.	Some bigger swings would be nice and an area to climb, like a wall, perhaps.	From a letter in the mail
11/2/2020 9:10	Concept 1 - Multi-generational park	Pickleball	I am not interested in community gardens	Pickleball is the fastest growing sport in the USA for a good reason!! It is played by all ages, all genders, and is family friendly. Please go with concept 1. Thank you!		From a letter in the mail
11/2/2020 8:13	Concept 1 - Multi-generational park	Half-Court Basketball	I am interested in community gardens	Where's the hockey rink? I think you had a lot of response that people are interested. Hope the park will be monitored by the police. A lot of night activities by people in the park. Advanced Pump Skill track my bring the wrong crowd - a lot of activity in Scenic Heights park that is not good.	read answer above.	From a letter in the mail

11/2/2020 7:09	Concept 1 - Multi-generational park	Half-Court Basketball; Pickleball	I am not interested in community gardens	Community gardens are great but after a couple of years the interest wanes and it looks a mess, plus vandalism is often a problem. Use that space for a preschool age small playground and you have a park for all ages. Pickleball and hoops for the teens and adults and playground for the tots.	Maybe just one or two more things for the 2-5 year olds	From an email

11/1/2020 19:57	Concept 1 - Multi-generational park	Half-Court Basketball; Pickleball	I am interested in community gardens	As long as there is a trail that loops around the park for walking, I am good.		From an email
11/1/2020 19:42	Concept 1 - Multi-generational park	Pickleball	I am interested in community gardens		Love that it includes older children	From a letter in the mail
11/1/2020 19:41	Concept 2 - Play-focused park	Half-Court Basketball	I am not interested in community gardens	I like the idea of exercise equipment along the trails.	The large climbing structure looks dangerous.	From a letter in the mail
11/1/2020 18:22	Concept 1 - Multi-generational park	Pickleball	I am not interested in community gardens	This park is in a great location with lots of open space but needs some work to make it useable.		From a letter in the mail
11/1/2020 15:00	Concept 1 - Multi-generational park	Bankshot; Pickleball	I am interested in community gardens	Kind of wish there was an option with at least one tennis court but pickle ball is a decent alternative. Overall both parks seem like fun and a definite improvement over the existing park! Especially the expanded playground.	I love it! I was expecting the main playground structure with the slides to be a little bigger but I think having the variety of different things is probably cooler. I really like having the small play structure for toddlers!	From a letter in the mail

11/1/2020 10:58	Concept 1 - Multi-generational park	Pickleball; Pumptracks	I am not interested in community gardens	save money and spend it on more things to do at the park instead of another paved path.also where letter B is at is prone to flood, not a good spot. is the pickel ball also tennis courts? how about a half basketball court with a half of backshot. isnt there a way to merge the 2 concepts. is there a reason to have 8 pickel ball spots? is there a spot for refilling or fixing bikes?	rope climb seems like a waste. The pics do not justify what the park really has.	From a letter in the mail
11/1/2020 9:45	Concept 1 - Multi-generational park	Bankshot; Pickleball	I am interested in community gardens	I like the idea of a multigenerational park. This is close to a large neighborhood and East Middle School so it could draw from the surrounding area quite well.		From a letter in the mail
11/1/2020 9:40	Concept 1 - Multi-generational park	Pickleball	I am interested in community gardens	Including a tennis court in place of some of the pickle ball courts would be awesome		From a letter in the mail

11/1/2020 7:22	Concept 2 - Play-focused park	Bankshot; Pumptracks	I am interested in community gardens	I love the variety concept 2 offers other than the extra half-court basketball courts. I'd love to see the bankshot courts there instead to give additional activities for all ages.	Love!!	From a letter in the mail
11/1/2020 7:09	Concept 2 - Play-focused park	Half-Court Basketball	I am interested in community gardens		Would like to see more amenities for toddlers age 2-5. Tunnels, play houses, climbing structures/ wall, balance beams	From a letter in the mail

10/31/2020 20:02	Concept 2 - Play-focused park	Pumptracks	I am interested in community gardens	There really needs to be a splash pad / kiddie pool along with the new playground. Currently we have to go to Jordan to have a decent splash pad. The one at Lions Park is not good enough.	There should be a shelter from the sun with picnic tables, grills and restrooms. This park is so huge that alot more could be easily constructed within its grounds.	From a letter in the mail

10/31/2020 7:55	Concept 2 - Play-focused park	Pumptracks	I am interested in community gardens	Shakopee has several options for pickleball and basketball. It also has a skate park. It does not have any biking pump tracks - only 1 other is in development at Quarry Lake. If you look into the numbers you will see that Mountain biking is a HUGE sport in this state and is growing quickly. Shakopee is missing the boat if they don't install a biking pump track. (Look up City of Cayuna Pump Track for an example.). The multi use pump track shared by roller blading and skateboards isn't needed. Shakopee Mountain Bike Team even had Coach of the Year in 2019. Biking is multigenerational, safe in a pandemic, a life long activity. If you provide the amenities, Shakopee has the potential to become a biking destination. (Look at Lansboro, Cayuna, and the many new trails that are being built in other towns.)		From an email

10/30/2020 19:00	Concept 1 - Multi-generational park	Pickleball	I am interested in community gardens	Love both designs. Would love to have signs related to the history of the area. Nice job!	I am not sure what the thing on the top right is. Good ideas, though....just want to have names of what these things are!!	From an email
10/30/2020 18:49	Concept 2 - Play-focused park	Pumptracks	I am not interested in community gardens		It would be great to see handicapped accessible playground equipment. Especially for older special needs kids restricted to wheelchairs. There are very few around this area. I'm am thinking about kids around 12 and older who are mentally challenged and are too big for their caregivers to lift into the playground items.	From an email

10/30/2020 17:28	Concept 2 - Play-focused park	Half-Court Basketball; Pumptracks	I am not interested in community gardens	I would really like for the concept 2 to be a reality. It also has a bigger park for all the kids living in the neighborhood;for example right by the park there is alot of kids and it seems like they dont really enjoy the playground as much because it is vandalized a lot of tmes and it is really dirty.	It looks very great and seems like it will be very fun including the zipline to the park	From a letter in the mail
