2/10/2021 16:27	10-15 minutes walking distance from the park	I do not live in the Windermere neighborhood	a quiet space to retreat and relax	A mix of natural and paved/boardwalk style	Modern and contemporary playground	A mix of natural and covered picnicking	A wider platform, lower to the ground	A viewing tower/platform	A robust playground	Formal, sheltered picnicking areas		An email from the city	I would stay away from the unique cylinder style look out tower. You have to remember that kids climb on everything-the inside of areas and the outside. If you go to any park, you will see kids sitting on top of park structures which makes it very dangerous. Remember as you build high things, if they can get a foot in a groove-they will be at the highest level. Play and picnic areas will be nice ,the view will be the best feature. Have you asked whoever is maintaining it, there opinions?

An email from the city	Biking/walking trails and playgrounds are most important to us - walking trail preference would be mix of paved and natural; not interested in boardwalk style. Not sure if it belongs here, but would also like to see the ability to safely cross over 169 to HyVee and other parks and businesses. Thanks for the opportunity to provide input!	brycedhutchins@gmail.com
