Town employee members have the same rights and responsibilities as residents. All users of the pool must be registered or present a guest pass, according to these pool rules.

(b) Residents who are not in the MemberSplash system must identify themselves by presenting a driver's license or other identification prior to entering the pool and arrange with the Town Hall to register.

(c) The following persons shall not be eligible to register to use the pool, or to use the pool as a guest: (1) any person required to register as a sex offender according to Maryland law; or (ii) any person who has been permanently suspended or banned

from use of the pool.

- (d) All users of the pool and their guests shall comply with these pool rules at all times, abide by the instructions and directives of pool staff, and otherwise conduct themselves in an appropriate manner toward staff, and other users, while at the pool.
  - (e) All users of the pool and their guests shall comply with these pool rules at all times, abide by the instructions and directives of pool staff, and otherwise conduct themselves in an appropriate manner toward staff, and other users, while at the pool.
2. The Pool Committee is appointed and authorized by the Mayor and the Town Council to advise the Town Manager on the supervision, operation, and management of the pool and to sponsor activities at the pool.
  3. The pool manager on duty is always in full charge.
  4. All comments/complaints about the management of the pool should be made to the Town Manager.
  5. The legal capacity of the Somerset Pool enclosure is 375 persons. The pool management will limit admissions to meet this requirement.
  6. Guest pass credits may be purchased at the Town Hall, on the Town website, on the MemberSplash website, or via Venmo: @townofsomerset-md.
  7. Cars may be parked only in the upper parking lot, except for those transporting individuals with disabilities. Vehicles are not permitted beyond the bridge except for disabled persons, delivery, repair, and emergency personnel. **Do not cross the bridge to drop off or pick up swimmers, except for disabled persons.**
  8. Valuables are brought to the pool at your own risk.

## II. DEFINITIONS

1. The “deep end” of the main pool is the 25-meter length of the pool including the diving board. The “shallow end” of the pool is that portion of the pool at a right angle to the deep end. The “wading pool” is the shallow pool separate from the main pool.
2. The “pool enclosure” is the area bordered by the fences and the poolside of the bathhouse.
3. The designated picnic areas are: the picnic grove (grassy area), the upper brick walkway patio, and the patio adjacent to the pool house. The “pool deck” is composed of concrete slabs contiguous to the pools.

## III. POOL HOURS

1. The pool is open daily from the weekend before Memorial Day through Labor Day unless extended. Except where otherwise noted, regular pool hours are as follows:

- a. School days: 1:00 p.m. - 8:00 p.m.
- b. Fourth of July: 10:00 a.m. - 6:00 p.m.
- c. Closing Day: 10:00 a.m. - 7:00 p.m.
- d. Saturdays: 10:00 a.m. – 10:00 p.m.
- e. All other days: 10:00 a.m. - 9:00 p.m.
- f. The pool facility will close promptly at the designated closing times. All swimmers must exit the pool fifteen minutes prior to the designated closing times and promptly complete their use of the bathhouse. Closing times are subject to change at the direction of the pool management.

2. The pool enclosure will be closed during thunder and lightning for a minimum of thirty minutes; when necessary for maintenance operations; or as determined by the pool management for the health and safety of pool patrons.

3. “Adult Swim” breaks will occur at the Pool Manager’s discretion. Children (thirteen years and younger) may not use the main pool during Adult Swim. The length of the break is at the discretion of the Pool Manager. Breaks do not apply to swim teams during swim practice.

4. **USE OF THE POOL WHEN IT IS CLOSED IS PROHIBITED UNLESS APPROVED BY THE TOWN**

#### **IV. MAIN POOL**

1. Use of the pool
  - a. All persons who use the pool must be individually signed in at the front desk and may be required to present appropriate identification.
  - b. Children seven years and younger may not swim or be in the pool enclosure unless supervised by a qualified adult (persons thirteen years or older who have passed the deep water test). Children eight years to thirteen years may be in the pool enclosure unsupervised if they have passed the deep water test.
  - c. All adults supervising children should provide maximum supervision. If children are in the water, the supervising adult must accompany them or sit at the poolside within a few feet of them.

- d. Cell phones, cameras, and any audio or video recording devices are banned from use in the locker rooms and bathrooms.
  - e. Objectionable or improper behavior or conduct, including but not limited to harassment whether sexual, verbal, or physical, will not be tolerated. Anyone (resident or guest) who violates this will be subject to disciplinary measures as set forth in Section XII of these rules. Any instances of such harassment or improper conduct should be promptly reported to pool staff and/or to the Town office.
  - f. If there are a sufficient number of lap swimmers, the diving well may be closed for lap swimming.
2. Lap Swimming
- a. Lap swimmers, including children who have passed the deep water test, should and are expected to seek unoccupied lanes for swimming before seeking to share a lane. All lap swimmers should be willing to share their lane with a new lap swimmer.
  - b. When a new swimmer wishes to enter a lane currently occupied by another swimmer, he/she should first gain the other swimmer's attention, and by voice or gesture, indicate his/her intent and show how he/she wishes to be accommodated, i.e. counter-clockwise rotation or divide the lane in half with each swimmer staying in the indicated half lane. If this does not work, the new swimmer should seek the guard or pool manager's intervention.
  - c. When all lanes are filled by two swimmers each, a new swimmer may seek to become a third swimmer in a lane. Lap lanes are meant to accommodate 3 plus swimmers. The goal is to find swimmers of the same speed. When 3 or more are swimming in a lane, all shall swim counterclockwise.
  - d. At times when there are four or more swimmers per lane in all six lanes, lap swimmers should voluntarily restrict their continuous use of the lane to 30 minutes to give new swimmers the opportunity to swim laps.
  - e. One lap lane must be available during swim team practice.
  - f. Closing of the diving well will be left to the discretion of the pool manager on duty.
  - g. Pool kickboards and foot fins are reserved for lap swimming, swim team practice, and lessons.
3. Use of pool by children
- a. Infants (children three years and younger) are allowed in the shallow portion of the main pool. Infants who are not potty trained must wear diapers covered by rubber pants with snug-fitting legs and waists. A swimsuit must be worn over the rubber

pants and diapers.

- b. Infants must be under the constant supervision of a responsible adult who must be in the water with the infant at all times, in a one-to-one situation. An infant or child may wear a securely-attached flotation device, provided an adult is supervising the child at an arms-length distance in the water at all times.
- c. All children must pass the Basic Proficiency Swimming Test (“BPST”) annually to the satisfaction of the pool manager or his/her designee to swim in all areas of the deep end of the main pool or to use the diving board. To pass this test, the child shall:
  - (1) Swim fifty meters (two lengths of the deep end) with confidence;
  - (2) Float for one minute; and
  - (3) Tread water for one minute.

A list of all children passing the BPST will be kept in the pool office.

#### 4. Diving

- a. Diving from the diving board is permitted only when the diving well has been roped off. Swimming in the well is permitted when the well has been opened.
- b. Only those children who have passed the BPST may use the diving board.
- c. After a dive, divers must swim to the nearest ladder. Divers may leave the board only after the previous diver has cleared the area below.
- d. Only one person at a time is permitted on the diving board and only one on the diving board ladder. Horseplay and/or excessive bouncing on the diving board are not permitted.
- e. Running dives and back dives from the deck are not allowed.
- f. At all times when the pool is open, diving is permitted only into the deeper half of the deep end of the pool where the water is at least six feet deep. No dives are permitted in other parts of the pool.
- g. No goggles when diving off the diving board.

#### 5. Water slide

- a. The water slide may be used only when the landing area is roped off. The pool management controls the times for using the slide.
- b. Use of the water slide is limited to:
  - (1) adults; or

(2) children who have passed the BPST; or have passed a separate test given by the pool management for using the water slide; or have not passed either of the above tests, but only at certain times when a lifeguard is in the area specifically for assisting those children.

- c. Use of the slide must be “feet first.”
- d. A person must exit the landing area immediately after using the slide. The next person may begin a slide only after the previous person has cleared the area below.
- e. Only one person at a time is permitted on the slide platform and only one on the ladder.
- f. An adult may be present in the slide landing area in order to assist a child’s use of the slide. **There shall be no catching of children coming off of the slide before they hit the water.**
- g. No goggles, water wings, or any other flotation devices may be worn or carried when going down the slide.

## 6. Safety

- a. In the event of an emergency, the pool will be cleared. The signal for this will be three sharp blasts of a lifeguard’s whistle.
- b. All injuries on the premises should be reported immediately to the pool manager or lifeguard.

Admission to the pool enclosure is forbidden, at the discretion of the pool management, to anyone wearing bandages, or with skin abrasions, colds, coughs, extremely inflamed eyes, open sores, infections, excessive sunburn, nasal or ear discharge, or other symptoms which are determined by pool management to be detrimental to the health of others.
- e. Spitting, spouting of water, blowing the nose, or urinating or defecating in the pool is prohibited at all times.
- f. All health and safety regulations from the CDC will be adopted at the Somerset Pool, including all those related to COVID-19.
