

Notice

Effective immediately, a gas pressure test report will be required prior to scheduling a final inspection. This report is to be certified by the installer as meeting all requirements of IFGC 406 or Indiana Residential Code, Section 2417.

In the case of modular or sectional homes, the entire fuel gas piping system will require testing regardless of any factory testing provided.

Test reports are to be submitted on department provided forms, see below.

Steuben County Building Department

317 S Wayne Street, Ste 3H, Angola, IN 46703 – Phone 260-668-1000,
ext 1250
