You Count, I Count Chatham Counts 2020

All residents are invited to participate in the Census, a population count mandated by the US Constitution, which occurs every ten years. The goal is to count every resident once, only once, and in the right place. Let's make Chatham count!!

Privacy

All responses to the Census are protected, by law, for 72 years. The information cannot be shared with any other agency or group, government or otherwise.

Federal Funding

Distribution of \$675 billion of federal funds is determined by Census responses. Funding for roads, schools, public works, etc. depend on Census responses.

Representation

District lines can be redrawn based on Census response data. Reapportionment for the seats in the House of Representatives is also based on Census data.

Employment

The Census is hiring thousands of employees across the country for various jobs. US citizens 18 and older are encouraged to apply at www.2020census.gov.

Options

This year's Census will be taken online, with phone and mail options for those requiring assistance.
