## From the Mayor

First, let me address next year’s fiscal budget. I would just like to add a couple of points to the well written article by Mr. Tim Gillie, in last week’s Transcript Bulletin. It’s very important that each of you know I will not be raising your taxes or any fees that are currently in place within the city. It is my responsibility as Mayor to work within the framework of the revenues we have. If revenues decrease, as they have due to the current recession, then my responsibility to each of you is to lower city expenses. The budget I have presented to the city council does just that. I will NOT compromise your level of city services and I will NOT ask you to pay higher taxes. I, and my administration, have planned for and identified areas in the budget that can be reduced. Those reductions have taken

place. At the same time we are aggressively looking at ways to replace those lost revenues. We do that by attracting new businesses to our beautiful community. Economic development is, and always will be, a priority of my administration. Each of you deserve my best efforts to bring attractive, job creating businesses that create additional tax base.

I would like to acknowledge the Settlement Canyon Chapter of the Sons of the Pioneers for the wonderful project just completed and placed next to the Library. It commemorates the mud wall built around Tooele City to protect the settlers from Indian attacks. I salute them for the wonderful job they did. I thank them for bringing that part of the history of this special city vividly to life as a constant reminder of our past. It was very

special to my wife and I to be asked to participate in the dedication.

Mayor Patrick Dunlavy

A big thank you also to the BPOE 1673 Elks Lodge for the work they do on the Memorial Park Project. This has been a great partnership to honor our Armed Forces and Veterans. The program they put together on Memorial Day was very special. I was honored to participate with them and to hear from Colonel Gladnay. We owe so much to those service men and women serving today and those Veterans that have served before.

## Water Conservation Schedule

North of Vine and West of Main water Wednesdays and Saturdays.

**Area #2** All water users North of Vine and East of Main water Tuesdays and Fridays.

**Area #3** All water users South of Vine water Mondays and Thursdays.

**Outdoor watering is not permitted on Sundays.**

The City encourages residents not to water during

the hottest hours of the day, between 10 am and 6 pm. If there are special circumstances that require a modified schedule for residents or businesses—such as newly planted sod or lawn, contact Tooele City at 843-2150. City parks and schools have been placed on a modified schedule because of the size of their lawn areas.

Thanks for your help in conserving water, a precious resource.

## WALMART EMPLOYEES VOLUNTEER

On April 22, 2009, a group of 51 Walmart Logistics managers and associates celebrated Earth Day by volunteering to beautify the City of Tooele. This was a combined effort of four facilities including managers and associates from the Western Regional Operations Center, the Transportation building, and Distribution Centers located in Grantsville, Utah, and visiting management from the Distribution Center in Hermiston, Oregon.

The Grantsville Distribution Center's General Manager, Jeff Loafman, coordinated with Kathy Bell to clean,

scrape, and repaint the Red Del Papa baseball field. United Rentals donated a paint sprayer for the afternoon to assist in the Earth Day event.

"Walmart is committed to helping address the needs in the communities we serve," said Jeff Loafman. "Our support for the City of Tooele underscores this commitment, and we are hopeful that through our volunteerism, residents will continue to enjoy recreation at the park from Buffaloes Baseball games to team practices and other events."
