- Pitman Road - Review a request from Alicia Fieler, P.E of Malone Properties for a Pedestrian Bridge at the drainage swale. Also consider provisions for a Crosswalk and/or Pedestrian Signage between # 20 & 29 Pitman Road relating to an increase in anticipated pedestrian activity in this area.**

**Alicia presented information regarding pedestrian crossing signs that would to have posted on Pitman Rd. during construction activity at the VT. Creamery buildings at 20 & 40 Pitman Rd. During the construction, parking for employees will be moved across the street to the Northern Power Building (#29 Pitman Rd.) owned by Malone Properties.**

Signs were proposed at the north and south ends of a section of Pitman Rd. on a drawing provided to the TSAC by Alicia. These signs would remain in place during the construction.

Someone commented that the pedestrians might be crossing in the dark during the winter.

Motion: Allow the signs to be installed as shown on Pitman Rd. (at the expense of Vt. Creamery)

Approved Unanimously

- Middle Road – Consider more restrictive signage for trucks (stricter language or symbol signs) on both ends of the road at Route 14 and Graniteville Rd.

There was discussion to consider “No Truck” symbol signs with yellow border flags and enhance existing “No Buses or Trucks” sign across from Graniteville Rd. with the same yellow border flags.

Motion: Install “No Truck” symbol signs with yellow border flags on both ends of Middle Rd. (on the traffic islands at the top and bottom of the hill).
