EMPLOYEE GUIDE
AND
HANDBOOK**

**BY RESOLUTION R.509-072016
Adopted July 27, 2016
Effective October 1, 2016**

Dear Employee:

Your employment with the Township of Edison plays a crucial role in providing quality services to our residents. The residents of Edison expect their government services to be delivered in an efficient and professional manner. Public service is an honorable and rewarding career that offers many benefits not often found in the private sector. The Township Council also recognizes and appreciates those dedicated and hard working employees who serve the public on behalf of Edison Township.

As a Township of Edison employee, you have certain rights and obligations. This Employee Handbook sets forth a number of personnel policies established in accordance with various local, state and federal laws and regulations. You are urged to read this Handbook and become acquainted with its contents. This Handbook can also be accessed electronically via the ADP Workforce Now system. This Handbook is not comprehensive and does not address all possible situations. For this reason, if you have any questions concerning any Township personnel policy, contact the Human Resources Office.

We wish you much success and longevity in your position, and we welcome you as part of our workforce.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Tom Lankey', is positioned above the printed name.

Mayor Thomas Lankey

DISCLAIMER

The purpose of this Handbook is to acquaint employees with the Township of Edison ("Township") employment. The policies and practices contained in this Handbook are only guidelines and may be canceled or changed by the Township at any time with or without notice. This Handbook is not intended to, nor does it create an employment contract between the Township and any of its employees.

THIS HANDBOOK IS NOT A CONTRACT OF EMPLOYMENT

Except as otherwise provided by a collective bargaining agreement or applicable law, all employees are employees at-will. This means that any employee may voluntarily terminate his or her employment at any time, for any reason. It also means that the Township may terminate any employee's employment at any time with or without good cause.

Nothing contained in this Handbook constitutes a contractual right, express or implied. No provision contained in this Handbook or any other policy or procedure may be changed by any oral statement but must be in writing signed by an authorized representative of the Township.

The Township retains all rights to discharge or discipline employees. As a Township employee, you agree to conform to all applicable policies, procedures, rules, regulations, statutes and collective negotiations agreements.

This Handbook is not meant to affect, or to be a comprehensive description of Township, county, state or federal statutes, rules or regulations, civil service, disciplinary procedures, employment benefits, workers' compensation, leaves from employment, employee compensation, the policies, practices and procedures of the Township, or collective negotiations. Employees' rights and responsibilities are always governed by existing law and any applicable collective negotiations agreement or established past practice. Nothing in this Handbook provides legal rights in addition to those, if any, provided to employees under Township, county, state or federal statutes, rules, regulations, collective negotiations agreements or established past practice. If any part of this Handbook conflicts with Township, county, state or federal statutes, rules, regulations, a collective negotiations agreement or established past practice, the part of the Handbook which conflicts with a Township, county, state or federal statute, rule, regulation, collective negotiations agreement or established past practice will be null and void as it applies to the affected group of employees. Likewise, if at any time, any Township, County, State or Federal statutes, rules, regulations or collective negotiations agreement should be amended, this Handbook will be deemed to have been likewise amended, even though actual changes to the Handbook have not been made.

The Township recognizes that many of its employees' terms and conditions of employment are governed by collective negotiations agreements and established past practices. This Handbook does not supersede or affect any term or condition of

employment that may exist in any collective negotiations agreement or that may have been established through past practice. If any part of this Handbook conflicts with any term or condition of employment expressly set forth in a collective negotiations agreement or established through past practice, that part of the Handbook will be null and void as it applies to the affected group of employees.

EMPLOYEES IN COLLECTIVE BARGAINING UNITS

Many Township employees have job titles where the terms and conditions of employment are governed by a collective negotiations agreement between the Township and the recognized union(s). If an employee's job title is part of a recognized bargaining unit, the employee should always consult his or her collective negotiations agreement and the Civil Service laws and regulations, if applicable.

NON-CONTRACTUAL EMPLOYEES

An employee whose job title is not the subject of a collective negotiations agreement should consult the Township of Edison Municipal Code, and any applicable county, state and federal statutes, rules and regulations.

DIRECTORS' RESPONSIBILITIES

Directors are required to enforce the policies and procedures outlined in this Employee Handbook, as well as any other policy or procedure established or promulgated by the Township. Failure to do so may result in disciplinary action up to and including termination.

EMPLOYEES' RESPONSIBILITIES

All employees are expected to know and follow the policies and procedures outlined in this Employee Handbook. Failure to adhere to these policies and procedures may result in disciplinary action up to and including termination.

GENERAL PERSONNEL POLICY

It is the policy of the Township to treat employees and prospective employees in a manner consistent with all applicable employment laws and regulations. The personnel policies and procedures of the Township shall apply to all employees, volunteers, (elected or) appointed officials and independent contractors. In the event there is a conflict between these rules and any collective bargaining agreement, personnel services contract or federal or state law, including the Attorney General's guidelines with respect to Police Department personnel matters, the terms and conditions of that contract or law shall prevail. In all other cases, these policies and procedures shall prevail.

All employees, officers and Department Heads shall be appointed and promoted by the Mayor and his/her designee.

The Mayor and his/her designee and all managerial/supervisory personnel are authorized and responsible for personnel policies and procedures. The Mayor and his/her designee have appointed the Human Resources Manager to assist the Business Administrator to implement personnel practices. The Business Administrator and Human Resources Manager shall also have access to the Township Attorney and Labor Attorney appointed by the Mayor for guidance in personnel matters.

The Township has a "no tolerance" policy towards workplace misconduct. Township officials, employees and independent contractors are encouraged to report anything perceived to be improper. The Township also promotes an "open door" policy and encourages employees to talk with their Directors, Business Administrator or the Human Resources Manager concerning any problems.

MAYOR'S LETTER

FORM OF GOVERNMENT

The Township of Edison operates within the Faulkner Act under the Mayor-Council form of government. (See N.J.S.A. 40A:63-1 and the Municipal Code of the Township of Edison). The Township Business Administrator is responsible for the supervision, direction, and administration of all Township departments. All contact with Township employees and all actions and communications concerning the administration of the Township's government will be through the Township Business Administrator, except as otherwise provided by law.

A Township employee may appear before his or her duly-elected officials and engage in open communication, speech, inquiry, and discussion on matters of general or public concern. This communication may take place between the Township employee and any member, group of members, or the entire Township Council. It is an employee's constitutional right to speak freely on public issues.

The right to speak freely on matters of public concern, however, does not include the right to engage in public discussion on matters of private concern. That is, the right of open and free communication and discussion with elected officials does not extend to matters that are of concern to an individual employee or to a small group of employees. If an employee is concerned about a particular administrative matter, the employee must proceed through appropriate supervisory channels and ultimately to the attention of Business Administrator if necessary. In this way, the necessary and proper balance between the interests of the employee, as a citizen, in commenting on matters of public concern and the interests of the Township, as an employer, in promoting the efficiency of the public service it performs through its employees, will be properly maintained. Further, an employee is prohibited from being derogatory or insubordinate in any communication to Township Officials and is prohibited from making derogatory or insubordinate comments about the Township, its Officials, officers and employees to the public.

I. EMPLOYEE REPRESENTATION

A. COLLECTIVE BARGAINING ORGANIZATIONS

The Township is bound by the laws of the United States and the State of New Jersey to recognize the rights of employees to organize and to negotiate with the Township over terms and conditions of employment. Some employees of the Township are covered by such bargaining unit representation. The Human Resources Department can provide the name of the employee's organizational representative upon request. Copies of current collective negotiations agreements are available only through bargaining representatives. Providing such agreements is not a responsibility of the Township.

It is the policy of the Township that employees have the right to join, or refrain from joining, without coercion or interference from management, any organized employee group. The Township will not discriminate against any employee because of affiliation or non-affiliation with an organized employee group.

The Business Administrator and/or designee shall be recognized as the official spokesperson in all proceedings with organized employee groups entering into or holding formal contractual agreements with the Township.

B. STRIKES/NO LOCKOUT

Pursuant to the New Jersey State Constitution, public employees do not have the right to strike or to engage in work stoppages or slowdowns of any kind. The Township will not condone such activities or threats thereof by public employees, or any other such action, which would interfere with service to the public or violate the Constitution and the laws of the State of New Jersey. A Township employee who engages in such activity will be subject to discipline up to and including termination of employment.

II – TELEPHONE DIRECTORY FOR PERSONNEL ASSISTANCE

For Police, Fire or Medical Emergencies, dial 9-1-1

This list is not all-encompassing and it is expected that you will use other sources for a more comprehensive listing, as needed. In areas where four-digit "extension" dialing is not supported, call 732-248-, followed by the Department's number.

Please remember to consult with your Director with regard to specific office procedures that may exist.

III – EMPLOYMENT

A. EMPLOYEE STATUS

Employees of the Township will be classified as one of the following:

Permanent Full-Time Employees: A permanent full-time employee who has a specific title, has completed the probationary period as described herein, has a letter of authorization from the Business Administrator with the Mayor's approval and who regularly works a minimum of seven (7) per day for a work week consisting of a minimum of 35 hours will be eligible for all benefits as provided by the Township.

Permanent Part-Time Employees: A permanent part-time employee who has completed the probationary period as described herein and who works a work-week consisting of less than 20 hours. Permanent part-time employees are not eligible for benefits.

Other part-time and/or full-time temporary or seasonal employees assigned to non-administrative departments pursuant to the Municipal Charter which are authorized by appropriation in the Municipal Budget shall be classified and compensated at the discretion of the Administration. Specific levels of compensation shall be authorized in accordance with provisions of the Municipal Charter.

B. PROBATIONARY PERIOD

All employees shall serve a probationary period of 180 working days from the date of commencement of work. Upon successful completion of the 180 working days, an employee shall have seniority credit retroactive to the commencement of work.

Uniformed members of the Police and Fire Department are subject to a one (1) year probationary period from the time said employee graduates from the academy. The purpose of the probationary period is to evaluate the employee's work performance and conduct and to determine whether the employee merits permanent status.

Probationary employees may be released at any time during or at the end of the probationary period for any reason by the Director with the approval of the Business Administrator.

C. CONTRACTUAL AND NON-CONTRACTUAL STATUS

The terms and conditions of employment for the vast majority of job titles within the Township are covered by an established past practice. The union contract is also known as the collective negotiations agreement. Employees whose job titles are covered by a collective negotiations agreement will be referred to herein as "contractual" employees. Employees whose positions are not so represented will be referred to as "non-contractual" or "exclusionary" employees.

D. MANAGEMENT RIGHTS

The Township hereby retains and reserves onto itself, without limitation, all powers, rights, authority, duties and responsibilities conferred upon and vested in it prior to the signing of this Agreement by the laws and Constitution of the State of New Jersey and of the United States, including, but without limiting the generality of the foregoing the following rights:

1. The executive management and administrative control of the Township Government and its properties, facilities, and its employees utilizing personnel methods and means of the most appropriate and efficient manner possible as may from time to time be determined by the Township.
2. To make rules of procedure and conduct, to use improved methods and equipment, to determine work schedules and shifts, as well as duties, to decide the number of employees needed for any particular time and to be in sole charge of the quality and quantity of the work required.
3. The right of management to make such reasonable rules and regulations as it may from time to time deem best for the purpose of maintaining order, safety and/or the effective operation of the Township after advance notice thereof to the employees.
4. To hire all employees, whether permanent, temporary or seasonal, to promote, transfer, assign or retain employees in positions within the Township.
5. To suspend, demote or take any other appropriate disciplinary actions against any employee for just cause according to law.
6. Nothing contained herein shall prohibit the Township from contracting out any work.
7. To lay off employees in the event of lack of funds or under

conditions where continuation of such work would be inefficient and nonproductive.

The exercise of the foregoing powers, rights, authority, duties and responsibilities of the Township, the adoption of policies, rules, regulations, Code of conduct as contained within the rules and regulations of the employees' respective Township Departments and practices in the furtherance therewith, and the use of judgment and discretion in connection therewith, shall be limited only by the specific and express terms of this Agreement and hereby in conformance with the Constitution and Laws of New Jersey and of the United States.

Nothing contained herein shall be construed to deny or restrict the Township of its rights, responsibilities and authority under N.J.S.A. 40A:1-1 et. seq. or any national, state, county or local laws or regulations.

The exercises its managerial rights on behalf of the taxpayers and that the Township cannot bargain away or eliminate any of its managerial rights.

E. MISCELLANEOUS

Reassignment	A reassignment is the in title movement of an employee to a new job function, shift, or location.
Reinstatement	A permanent employee who has resigned in good standing, has retired, or has been voluntarily demoted, may, within three years of one of the aforementioned actions, request consideration for reemployment as a permanent employee with the previous permanent title.
Resignation	Any employee may resign in good standing by giving written notice at least 14 days in advance, unless the Department Head allows a shorter period of notice. If an employee resigns without a 14-day notice or without authorization to provide a shorter period of notice, he or she will be considered as having resigned not in good standing.
Terminations	Termination includes voluntary or employee-initiated, and involuntary or employer-initiated. Voluntary terminations include resignations and retirements. Involuntary terminations are employer-initiated and involve involuntary discharge or separation from employment.
Transfers	A transfer results when an employee is moved permanently to another department. The employee must transfer with the same title and salary and with the consent of both Directors.

IV – CONDUCT OF EMPLOYEES

A. EMPLOYEE CONDUCT AND WORK RULES

To assure orderly operations and provide the best possible work environment, the Township expects employees to follow rules of conduct that will protect the interests and safety of all employees, Township government and the public. It is not possible to list all the forms of behavior that are considered unacceptable in the workplace. The consumption of alcohol and/or the use of a controlled dangerous substance without medical authorization during working hours is strictly prohibited.

Personal Cell Phones, Smart Phones, Tablets, PC/Laptops – Employees are reminded that the use of personal cell phones, smart phones, tablets, and pc/laptops usage for personal matters during business hours is limited to reasonable use that does not interfere with operations and job responsibilities, unless an emergency arises. This includes, but is not limited to, receiving or placing calls, text messaging, social media, checking voice messages and receiving or responding to e-mails.

B. DISCIPLINARY ACTIONS

Disciplinary Action may be imposed upon an employee as the Township deems necessary for the Township's operations.

Need for Disciplinary Action. When a Director believe that an employee is not adhering to department rules, established procedures or directives, the Director should first privately discuss the matter with the employee concerned in order to obtain the employee's view point. The Director should, if possible, then obtain assurance that there will not be a repetition of the incident. If the matter is not serious, and the Director is satisfied, the matter may then be dropped. Should the Director consider the offense sufficiently serious to warrant its consideration by the Department Head, the employee should be so advised, and a meeting of those attendees arranged at the earliest possible date. All facts should be presented at this meeting which should, if possible, be conclusive. A written report of the meeting, and of the action taken, should be placed in the employee's personnel folder. In the event that it appears desirable to do so, the matter may be referred to the Business Administrator for review and/or such action as is warranted by the facts.

All forms of disciplinary action, including all discussions related to potential disciplinary action, should be documented by the Director.

Forms of Disciplinary Action. Disciplinary actions or measures shall include only the following: oral reprimand, written reprimand, suspension (nature to be given in writing), demotion and termination.

1. Oral Reprimand – oral statement administered by Directors to an employee.
2. Written Reprimand – a formal statement delivered in writing by a Director to an employee.
3. Suspension – the temporary separation of an employee from employment for a defined period of time with or without pay at the discretion of the Business Administrator.
4. Termination – the permanent separation of an employee from employment for cause.
5. Demotion – in lieu of any of the above, discipline may include the temporary or permanent reduction in an employee's rank or job classification.

Directors Responsibility. A Director will recommend to the Business Administrator the degree of disciplinary action to be taken against an employee. Some of the infractions may include, but are not limited to:

1. Neglect of duty.
2. Sleeping while on duty.
3. Insubordination or serious breach of discipline.
4. Chronic or excessive absenteeism/tardiness.
5. Neglect of, or willful damage to, public property or waste of public supplies.
6. Charge with offense which could result in forfeiture of office or employment shall be subject to suspension without pay pending a resolution of the charges.
7. The use or attempted use of one's authority or official influence to control or modify the political action of any person in the service or engagement in any form of political activities during working hours.
8. Conduct unbecoming as an employee of the Township.
9. Commission of a crime or offense in violation of State or Federal Law.
10. Violation of the Drug and Alcohol Policy adopted by the Township, in which case disciplinary actions will conform with guidelines set forth in that policy.

Procedure. Any disciplinary action taken by management against an employee must be initiated verbally and in writing within 30 days of the alleged violation or when management discovers the violation. The suspension days must be given in

consecutive order. In the case of incidents involving more than one employee, the effective dates of suspension may be staggered. In the event of a serious breach of discipline by one or more employees, such employee(s) may be suspended or discharged immediately.

Notwithstanding the above, certain serious offenses may warrant the immediate dismissal of an employee.

Termination for Cause. During or at the time of completion of the Probationary Period, a Director may make a written recommendation to terminate an employee for cause when he/she feels such action is in the best interests of the Township. Such recommendation, including reasons and documentation of progressive discipline actions, shall be submitted to the Business Administrator. The Business Administrator will meet with the Human Resources Manager and the Township Attorney to discuss the recommendation. The Business Administrator will send a copy of his decision to the employee and to the Department Head. The employee will be advised of his/her rights to appeal the dismissal.

An employee may be subject to a major or minor disciplinary action for:

1. Incompetence, inefficiency or failure to perform duties;
2. Insubordination;
3. Inability to perform duties;
4. Chronic or excessive absenteeism or lateness;
5. Conviction of a crime;
6. Conduct unbecoming a public employee;
7. Neglect of duty;
8. Misuse of public property, including motor vehicles;
9. Discrimination that affects equal employment opportunity (as defined in N.J.A.C. 4A:7-1.1), including sexual harassment;
10. Violation of Federal regulations concerning drug and alcohol use by, and testing of, an employee who perform functions related to the operation of commercial motor vehicles, and State and local policies issued there under;
11. Other sufficient cause. This can include, but is not limited to, items such as unhygienic personal habits; falsification of records; unauthorized use of Township equipment, vehicles or facilities; failure to comply with safety requirements; fighting;

loafing; idleness; theft or misappropriation; failure to report loss, theft, damage or injury;

failure to abide by procedural rules and/or policies which have been duly promulgated by the Township; and other serious breaches of discipline which arise during the course of the employer/employee relationship.

An *Immediate Suspension*, with or without pay, may be imposed prior to a hearing and may be imposed at the sole discretion of the Township.

Where a suspension is immediate, and is without pay, the employee must first be apprised either orally or in writing regarding the charges, the reason why an immediate suspension is sought, and a general description of the evidence in support of the charges. The employee will be provided an opportunity to respond to the charges before a representative of the Township. The response may be oral or in writing.

C. COMPLAINT PROCEDURE

A "complaint" as used in this section is any dispute arising out of employment and concerning the application or interpretation of the policies outlined in this document, also known as a grievance.

Employees who are members of a Union who have grievances should process them through the appropriate channels as indicated in their Collective Negotiations Agreement. Professional and administrative personnel who are not covered by a Collective Negotiations Agreement but have a concern arising out of their employment with the Township shall utilize this Complaint Procedure. The following constitutes the sole and exclusive method for resolving employment concerns for non-Union employees.

Step One: The aggrieved employee shall institute written action under this procedure, directed to his/her immediate Supervisor within ten (10) working days after the event giving rise to the complaint occurred or within ten (10) working days after the employee knew or should have reasonably known that a complaint should be filed. This written action shall contain the relevant facts, a summary of any oral discussions had and the remedy requested. The immediate Supervisor or his/her designated representative shall answer the complaint, in writing, within ten (10) working days of receipt of the written complaint.

Step Two: If the aggrieved employee wishes to appeal the immediate Supervisor's decision, it shall be presented in writing to the Department Head within ten (10) working days after receipt of the immediate Supervisor's response. The Department Head shall respond in writing within ten (10) working days of receipt of the appeal.

Step Three: If the aggrieved employee wishes to appeal the decision of the Department Head, such appeal shall be presented in writing to the Business

Administrator within ten (10) working days after receipt of the Department Head's response. This presentation shall include copies of all previous correspondence

relating to the matter in dispute. A meeting will be scheduled by the Business Administrator with the aggrieved employee, immediate Supervisor and/or the relevant Department Head to discuss the matter within twenty (20) working days of his/her receipt of the appeal. The Business Administrator will issue a written decision regarding the matter within ten (10) working days of the meeting. The Business Administrator's decision shall be final.

The time limits specified herein shall be adhered to. If any complaint has not been initiated within the time limits prescribed, then the complaint shall be deemed to have been abandoned. If the complaint is not processed to the next succeeding step in the process within the time limits specified herein, then the disposition of the complaint at the last preceding step shall be deemed to be conclusive. If a decision is not rendered within the time limits prescribed at steps one and two herein, then the complaint shall be deemed to have been granted. Nothing herein shall prevent the parties from mutually agreeing in writing to extend or contract the time limits for proceeding with the complaint at any step in the complaint procedure.

D. CONDUCT RELATED TO POLITICAL ACTIVITY

In accordance with State regulations, an employee shall not:

1. Engage in political activity during working hours or use Township office supplies or equipment or other resources for other than Township business.
2. Directly or indirectly use his/her position to control or affect the political action of another person.

V – POLICIES AND PROCEDURES

Directors are required to enforce the policies and procedures outlined in this Employee Handbook, as well as any other policy or procedure established or promulgated by the Township. Failure to do so may result in disciplinary action up to and including termination.

A. CHANGE OF VITAL INFORMATION

Township employees shall provide on a yearly basis vital information in order to upgrade benefit and contact information as listed below:

1. Name
2. Address

3. Telephone Number

It is the responsibility of each employee to also schedule an appointment with the Personnel Office within thirty (30) days for any changes to the following:

1. Name
2. Address
3. Marital Status
4. Dependent Children
5. Change in Health Care Program Status
6. Change in Beneficiary for deferred compensation

Employees who are late in reporting changes in the above area of health care programs may lose or may be penalized in their benefit coverage.

Contact by Mail or Telephone. All mail sent to an employee's current address by the Township, whether sent by regular or certified mail, return receipt requested, must be promptly accepted. An employee's failure or refusal to accept mail sent to him/her by the Township or to provide the Personnel Office with a telephone number at which s/he can be reached if absent during his/her scheduled work time, or in case of emergencies, or who refuse or fail to accept calls from the Township at such number without good cause, may be subject to disciplinary action up to and including termination.

B. CONDUCT

Courtesy and civility are required when interacting with any member of the Public or Township workforce. No employee shall use words that humiliate, disparage, demean, degrade, ridicule or insult a person or persons because of his/her race, creed, color, national origin or ancestry, gender or sexual orientation. Employees are expected to answer questions from residents to the best of their ability and refer callers to the proper Departments whenever possible. All dealings with the Public shall be in accordance with the Township's policies, regulations and generally accepted professional and ethical conduct and employees should remember that, as Public Employees, their actions, salaries and functions are subject to Public review and comment.

If an employee is found to be conducting him/herself in a manner contrary to the provisions stated above, he/she may be subject to disciplinary action, up to and including termination.

C. DISCRIMINATION PROHIBITED

The Township complies with all Federal and State laws that prohibit discrimination, including but not limited to Title VII of the Civil Rights Act of 1964 ("Title VII"), Section 504 of the Rehabilitation Act of 1973 ("Section 504"), the Americans with Disabilities Act of 1990 (the "ADA"), the Age Discrimination Act of 1975 (the "Age Discrimination Act"), the Age Discrimination in Employment Act ("ADEA"), the New Jersey Law Against Discrimination ("NJLAD"), the Law Against Discrimination ("LAD"), the New Jersey Family Medical Leave Act ("FMLA"), the Family Leave Act ("FLA") and all other applicable laws and regulations.

Equal Employment Opportunity. The Township is an equal employment opportunity employer and does not discriminate against employees or job applicants on the basis of race, creed, color, national origin, ancestry, religion, age, marital status, civil union status, domestic partnership status, affectional or sexual orientation, familial status, genetic information, sex, gender identity or expression, disability (including perceived disability, physical, mental, and/or intellectual disabilities, AIDS or HIV infection), political affiliation (to the extent protected by law), atypical hereditary cellular or blood trait, or because of the liability for service in the Armed Forces of the United States, veteran status, citizenship status, or any other group status protected by law, unless required by a bona fide occupational qualification.

The Township will ensure that personnel decisions are made in accordance with principles of Equal Employment Opportunity by imposing only nondiscriminatory job requirements. The Township will not discriminate with regard to any term, condition or privilege of employment. Township-sponsored training, education, tuition assistance, and social and recreation programs will be administered without discrimination.

The Township has an Affirmative Action Officer, who is assigned overall responsibility of the Affirmative Action Program. Any employee or applicant with a question or grievance should contact the Affirmative Action Officer.

Individuals with Disabilities. The Township acknowledges its responsibility under the Americans with Disabilities Act ("ADA"), the New Jersey Law Against Discrimination ("NJLAD") and Section 504 of the Rehabilitation Act of 1973 ("Section 504") to avoid discrimination against individuals with disabilities. Section 504 prohibits discrimination against otherwise qualified individuals with disabilities on the basis of disability in a program or activity receiving federal financial assistance. The ADA prohibits discrimination against otherwise qualified individuals on the basis of disability with respect to employment or the benefits, services, or activities of a public entity.

Under the ADA and Section 504, the definition of an "individual with a disability" is a person who:

1. has a mental or physical impairment which substantially limits one or more major life activities such as seeing, hearing, speaking, breathing, or working; or

2. has a record of such impairment; or
3. is regarded as having such an impairment.

The Township will furnish auxiliary aids and services to employees and members of the public who have disabilities to the extent necessary for communication with other persons, unless it will result in an undue burden on, or a fundamental alteration to, the program or service.

No otherwise qualified employee or candidate for employment will be discriminated against in recruitment, employment, promotion, training, transfer or any other terms and conditions of employment solely because of a disabling condition. No candidate for employment will be required to answer a question as to whether he or she has a disabling condition or the extent of such a disabling condition. VI – HOURS OF WORK

A. HOURS OF OPERATION

Full-time employees are required to work either seven (7) or eight (8) hours per day, plus one (1) hour or one half (1/2) hour lunch period for a work week consisting of 32.5 to 40 hours. The normal municipal hours of operation shall be from 8:00 am to 5:00 pm, Monday through Friday. The Township may institute other schedules or shifts as they are deemed necessary. An employee may be assigned to an alternate schedule or shift with reasonable notice. In the event that a public safety or health emergency is declared, however, the Mayor or his/her designee may institute a mandatory recall of employees and make assignments in the best interest of the public without any notice.

Due to variations within departments, hours of work may differ. Any changes in hours of work must be submitted to and approved first by the Department Head and final approval given by the Business Administrator.

Permanent full-time positions shall be compensated as provided herein based upon their regular work week. The payroll schedule is established by the Township.

B. OVERTIME

Directors, managers, administrators and professionals whose job responsibilities and salaries meet certain criteria and/or guidelines established by the Fair Labor Standards Act (FLSA) are exempt from the overtime requirements of the FLSA and the New Jersey Wage Payment Laws. Such employees are not eligible to receive overtime pay, regardless of the amount of time worked in excess of 40 hours in the course of a week of work.

Non-exempt employees receive overtime pay at the rate of 1 ½ times their regular rate of pay for all hours worked in excess of 40 hours in the course of a week of work. Overtime must be explicitly authorized in advance by the Department Head. Failure to have overtime authorized in advance may result in disciplinary action being taken against the employee. Nothing herein will require the Township to pay a non-exempt employee overtime if the employee has not worked over 40 hours in a single week of work. Entitlement to overtime compensation is based only upon time actually worked.

C. ATTENDANCE

Employees are expected to work their assigned shifts/schedules.

Directors shall warn employees about excessive absences and lateness and explain disciplinary actions that will result if there is no improvement in the offender's attendance record.

D. ABSENTEEISM & TARDINESS

Absenteeism. If an employee is unable to report to work, he/she must notify the Department Head/Directors no later than 15 minutes after the beginning of a shift. If such employee does not notify his/her Department Head/Directors by this time, it will be assumed that the employee is not going to report to work.

Any unauthorized and/or unreported absence shall be considered leave without pay and is cause for disciplinary action.

Unsatisfactory attendance includes abuse of sick leave, absences that precede or follow regularly scheduled days off or holidays, and habitual tardiness.

An employee who is absent from service without a valid leave of absence for three (3) consecutive working days may be deemed to have abandoned his/her position and to have resigned from the service unless in the period of three (3) working days succeeding such three (3) days he/she proves to the satisfaction of the Directors that such absence was excusable.

Specific policies applicable to usage of sick, vacation and personal time are outlined under Section VIII(D) of this Handbook. Employees who have exhausted all of his/her leave time will be docked for each day he/she is absent. Directors should follow the policies for employee discipline in cases of chronic or excessive absenteeism. If an employee resigns or is terminated, and is absent from work due to illness during the last days of employment, a medical certificate shall be required before any terminal pay or benefits are released.

Tardiness. Punctuality is of the utmost importance, and any tardiness shall be noted by the Directors. Chronic or recurring tardiness shall be subject to the disciplinary action. A written report by the Department Head should be submitted to the Business Administrator recommending appropriate action, up to and including dismissal.

When it becomes evident to an employee that he/she is going to be late in reporting for work, he/she should call his/her Directors to report the reason for his/her tardiness and the expected time of arrival as soon as it is practical to do so. Time taken off because of lateness and not covered by other payment will be considered leave without pay.

Every employee is expected to report for work on time and to adhere to his or her assigned work hours for the normal working day as set by the department. The Township will not tolerate unnecessary absenteeism or tardiness. Excessive absenteeism and tardiness place a burden on other employees and on the Township. If

extenuating circumstances arise and an employee will be late or absent for any reason, the employee must telephone his or her Directors as far in advance of the starting time as possible. It is the employee's responsibility to ensure that proper notification is provided. Unauthorized or excessive absenteeism, tardiness, extending lunch breaks, or leaving work early is disruptive and employees may be subject to disciplinary action up to and including termination.

E. EMERGENCIES

Emergencies and snow days are determined by the Mayor and/or Business Administrator or his/her designee. In the event the Mayor and/or Business Administrator declares an emergency or snow day prior to the start of any employee's shift that prohibits that employee from coming to work, the Township shall compensate the employee for the full day at his/her regular rate of pay. In the event an emergency has been called by the Mayor and/or Business Administrator at some time during the business day and employees are advised to leave the building for the day, those employees who leave shall be paid as though they worked the full day. This provision is not applicable to public safety or essential personnel who are required to report for duty.

VII – COMPENSATED AND UNCOMPENSATED LEAVE

Employees hired between January 1st and June 30th shall be credited with a full year of service on January 1st of the anniversary year. Employees hired after June 30th shall be credited with a full year of service beginning on the January 1st following the anniversary date of employment.

Vacation and sick days will not be accrued during an unpaid leave of absence or non-work related disability leave (major illness), except for leave covered by workers' compensation or FMLA/NJFLA nor will employees be paid holiday pay for holidays falling during a paid or unpaid leave of absence.

If an employee terminates employment prior to the end of the calendar year, an adjustment will be made in the final paycheck for all vacation, sick and personal leave described in this section that is used but not earned. This also applies to payment for holidays.

All employees are required to inform their Directors or Division Heads in writing with a request to take paid time off, for use of any vacation, personal accrued time, or any prescheduled use of sick time. Seasonal, or temporary employees are paid for hours actually worked, they do not have any entitlement to sick, vacation or personal time.

A. PERSONAL LEAVES OF ABSENCE WITHOUT PAY

Permanent employees may be granted leaves of absence without pay for a period not to exceed one (1) year. For exceptional circumstances, such leave may be extended

beyond one (1) year. A leave of absence without pay may be granted for, but is not limited to, the following:

1. Provisions of the Federal Family Medical Leave Act (FMLA), which allows time to care for a newborn or adopted child, a seriously ill family member or an employee's own serious health condition or the N.J. Family Leave Act (NJFLA), which allows time to care for a newborn or adopted child or for a seriously ill family member.
2. Employee illness/disability that extends beyond accumulated sick, vacation or other paid leaves.
3. Educational opportunities.
4. Military Leaves.

Employees granted leaves of absence without pay must, in writing, either confirm the date of return or request an extension. For leaves of six (6) months or more in duration, written notification of intent must be submitted four (4) weeks before the leave expires. For leaves of less than six (6) months, written notification must be submitted on the date agreed upon at the time the leave was granted.

Since leaves of absence may affect certain employee benefits, employees should discuss the possible continuation of such benefits with the Human Resources Manager.

Any employee who fails to return to work following the expiration of their leave shall be deemed to have abandoned their position and shall be automatically terminated without any notice.

Employees who want to take a leave of absence for a reason not covered by the FMLA or NJFLA, or beyond the leave time provided under the FMLA or NJFLA, may be granted an unpaid personal leave of absence for up to one year at the sole discretion of the Business Administrator or his/her designee, if the leave does not cause undue operational disruption. In exceptional circumstances, leave may be extended beyond one year. The leave of absence must include the use of any accrued sick, personal and vacation time (in that order) regardless of the length of leave requested. The portion of the leave that runs beyond the exhaustion of accrued time will be without pay.

To Request a Leave of Absence. To request a leave of absence without pay, an employee must submit his or her request in writing, relaying all facts bearing on the request, including the reason, the beginning date, and the expected date of return, to the Business Administrator with a copy to his or her Director or Division Head. The Business Administrator will consider each case on its merits and, without establishing a precedent, make such decision as his or her judgment dictates. The Business Administrator will approve or deny the leave within two weeks of receipt of the written request. The approval or denial will be in writing to the employee and the Division Head.

An employee who wishes to take a leave of absence for up to one (1) year without pay must first submit a written request to the Business Administrator with a copy to the Department Head stating the reason for and the inclusive dates of the leave.

The Business Administrator or designee will respond to the request within two (2) weeks in writing to the employee, the employee's Director and Human Resources.

Notification: The request for the leave must be submitted 30 days in advance of the desired commencement of the leave. If the request is for an extension of a leave taken under the FMLA and/or NJFLA, where the employee has/will take(n) the maximum amount of leave permitted under the FMLA and/or NJFLA, the request for continuation of the leave must be submitted 30 days in advance of the expiration of the FMLA or NJFLA leave. The Director can waive these notice requirements in their sole discretion and without precedential effect, depending upon the circumstances for the request for the leave.

Reasons for a Leave of Absence. Personal leaves of absence may be granted for medical or educational reasons, family circumstances, military service or other good cause. An employee requesting a leave of absence without pay due to personal illness or to care for a family member should refer to the Township's Family and Medical Leave Act Policy.

Personal leaves are not granted for the purpose of seeking or accepting employment with another employer, or for extended vacation time. Employees must use leaves of absence for the purpose it was granted. The failure to use a leave of absence for the purpose for which it was granted may provide grounds for disciplinary action up to and including termination of employment.

Accrual of Leave Time. Employees will accrue paid time off (i.e., personal leave, vacation leave, sick leave) while using accrued time toward a personal leave of absence. Employees who have exhausted all of their available time do not accrue leave time during unpaid leave.

An employee on leave of absence without pay status for 15 working days during any month will not accrue any sick, vacation, or other leave time for that month. Health benefits may also be impacted. An employee on a leave of absence without pay should contact their department personnel liaison for information regarding medical benefits during such leave.

Confirmation of Return to Work. An employee granted a leave of absence without pay must, in writing either confirm the date of return or request an extension. For leaves of six (6) months or more in duration, written notification of intent must be submitted four (4) weeks before the leave expires. For leaves of less than six (6) months, written notification must be submitted on the date agreed upon at the time the leave was granted.

Consequences of Failing to Return to Work. A personal leave is granted with the understanding that the employee intends to return to work for the Township. If the employee fails to return within five (5) business days after the expiration of the leave, the employee shall be considered to have voluntarily resigned.

B. HOLIDAYS

Full-time employees are entitled to the following 14 paid holidays to be designated by the Township no later than November 1st of the prior year.

If a holiday falls on a Saturday or Sunday, it may be celebrated and compensated

accordingly on the day preceding or the day following such holiday at the discretion of the Township.

If a paid holiday occurs while an employee is on approved vacation or sick leave, the employee shall not have that holiday charged as sick or vacation time. When it is necessary for an employee to work on a paid holiday to maintain operations, the employee will be compensated in accordance with the provisions of the appropriate Collective Negotiations Agreement. For employees not covered by a Collective Negotiations Agreement, the holiday may be celebrated and compensated on a day following such holiday at the discretion of the Township.

The observance of religious holidays other than those listed as official paid holidays will be granted and charged as vacation or personal days according to the "Vacation" and "Personal Leave" policies herein.

C. VACATION

1. Employees hired prior to January 1, 2017 will maintain the amount of vacation days they receive as of that date, with a maximum of 35 vacation days annually. Any employee hired prior to January 1, 2017 who has not achieved the years of service to receive 22 vacation days annually as of January 1, 2017 will move to the vacation schedule as set forth in paragraph 2 below.

2. Employees hired on or after January 1, 2017 shall receive the number of vacation days set forth below. Employees hired prior to January 1, 2017 who have not yet reached the years of service to receive 22 days annually shall be moved to the vacation schedule below but shall not be reduced in their vacation allotment:

Upon hire: one day per month, not to exceed 10 days

2nd to 5th year of service 12 days

6th to 10th year service 15 days

11th to 15th year f service 18 days

16th to 20th year service 20 days

21st year and over of service 22 days

3. Employees may accumulate no more than two years of vacation time that must be used prior to separation of employment. Employees shall be eligible to buy back one (1) week of vacation each year. Any employee may exercise this vacation pay option by concurrently notifying his/her Director and then the Business Administrator in writing via a form provided by Human Resources, before January 31 of the following year. Payment shall be made to the employee no later than April 1st of that year.

4. Any changes in the scheduling of vacations will not be permitted without the prior approval of the Director.

5. If, for any reason management changes or alters an employee's vacation, the vacation may be rescheduled pending approval of the Department Head. If the Department Head does not approve the rescheduling of the vacation time not taken, then the employee shall either be paid for the time or be allowed to reschedule the time over and above the normal one half (1/2) year allowable carryover at the employee's option.

6. Vacation time must be taken in either full or half day increments.

7. Directors and Mayoral Appointees shall receive 25 days of paid vacation leave per calendar year.

Requests for vacation shall be submitted to the Director. Requests will be honored if possible; however, proper staffing of department units must take precedence over all other considerations in scheduling vacations. Should conflicts arise because more than one employee desires the same time off, length of service according to date of hire will prevail.

Vacation leave not taken during the calendar year may be carried over for and must be used no later than March 31st of the following year with the prior written approval of the Business Administrator.

Any employee who exhausts all of his/her vacation leave in any one (1) year shall not be credited with any additional paid vacation leave until the beginning of the next calendar year.

Vacation time must be taken in either half or full day increments.

Scheduling. The Township has the exclusive right to determine when an employee's vacation will be scheduled, giving reasonable consideration to an employee's wishes in this regard. Where conflicts in choice of dates occur, preference will be governed by seniority insofar as effective staffing requirements permit. Vacations must be taken

during the current calendar year unless the Township determines that it cannot be taken due to excessive workload in which case unused vacations may be carried forward into the next succeeding year only. NJ State Statute requires that if such a determination is made, an employee may only carry over one (1) additional year's vacation time. No employee may start a new year with more than two (2) years' worth of vacation time.

Unused Leave. An employee who has resigned, has been dismissed, or who has otherwise separated from employment will be paid for any earned, unused vacation days.

An employee who is retiring on pension based on length of service will be entitled to the full vacation for the calendar year in which he or she retires in accordance.

Upon the death of an employee, any annual vacation leave credits will be calculated based on the deceased's present salary rate, and will be paid to his or her estate.

No Vacation Accrual During Leave Without Pay. An employee on a leave of absence without pay, except for military leave, furlough extension leave, workers' compensation leave, FMLA/NJFLA or voluntary furlough, does not accrue vacation benefits.

Vacation Payback. If an employee leaves the Township's employ for any reason before the end of the calendar year, after having taken a vacation allowance for the year, he or she will be charged with the unearned part of his or her vacation. The amount owed will be deducted from his or her final paycheck.

D. SICK LEAVE

Accumulation. During the initial month of employment, full-time employees will receive one half day of sick leave if they begin work before the 15th day of the calendar month. No credit is earned if an employee begins work on the 16th day of the month or later. After the first month of employment, sick leave shall be as follows:

- After first month of hire: one day per month not to exceed 10 days
- 1st to 5th year of service: 10 days
- 6th to 10th year of service: 12 days
- 11th year forward: 15 days

All employees, including Directors, may only accumulate sick time for the purposes of being sick. Sick time may only be taken in ½ day or full day increments. Employees shall be eligible to buy back unused sick time as follows: up to 50% of the employee's annual allotment may be purchased at 100%, with the remainder of the annual allotment at a rate of two for one. Employees who retire/resign in good standing shall receive unused time at their then current rate, not to exceed \$15,000.

The Township reserves the right, in the Township's discretion, to request interim reports on the condition of the patient from the attending physician and/or a Township medical

physician at the Township's cost. This applies to all sick leave described in this section. The Township has the discretion to perform wellness checks, during employees working hours. Employee must be in residence, convalescing or out of the residence for medical reasons during their regular work hours.

Modified Duty. The Township reserves the right, in the Township's discretion, to fill modified duty positions with temporarily injured or ill employees until they are reasonable able to transition to their previous position or transfer to a permanent position with the Township that does not exceed their capabilities. Light or modified duty assignments shall not extend more than one (1) year following the date of injury or until such time as the employee has reached their maximum medical improvement (MMI). Employees who have reached MMI as determined by their workers' compensation physician, and have not demonstrated adequate capability to perform the essential functions of the job held prior to the injury or illness, with or without reasonable accommodation, will be terminated unless there are vacant permanent positions the employee is qualified for outside of light or modified duty that do not exceed their physical capabilities.

Modified duty must be requested from the Department Head and Human Resources Manager, and be approved in writing by the Business Administrator or his/her designee.

Using Sick Time. All employees are responsible for notifying their Directors if they will be absent due to illness. If an employee is unable to reach his/her Directors, the Human Resources Manager should be contacted.

Failure to follow the procedure for notification of absence due to illness could result in denial of sick leave for that absence and/or other disciplinary action.

The Township reserves the right, in the Township's discretion, to require official proof of illness or inability to work in written form from a physician when:

1. There is a reasonable belief that an employee is abusing sick leave, including, but not limited to, a pattern of absences that precede or follow regularly scheduled days off or holidays; or
2. An employee has been absent on sick leave for three (3) or more consecutive days.

The Director will report the use of all sick leave on the weekly or bi-weekly time sheets. For long-term illnesses, the Directors will advise the Human Resources Manager and the Business Administrator of the same.

If an illness is long-term or of a recurring nature, employees are required to submit proof of illness on a monthly basis to the Director and Human Resources. Such proof must specify the nature of the illness and that it is likely to cause periodic absences.

An employee who exhausts all of his/her sick leave in any one year shall not be credited with additional paid sick leave until the beginning of the next calendar year.

Sick leave must be taken in either half or full day increments.

Abuse of Sick Time. Habitual absenteeism or tardiness may be cause for discipline, up to and including termination. Any employee who is found to be deceiving an illness shall be disciplined accordingly, with a penalty up to and including termination.

Sick leave shall not be allowed when the employee under medical care fails to carry out the orders of the attending physician.

Any employee who calls in sick for the purpose of engaging in outside employment or who engages in outside employment while on sick leave without the permission of the

Director shall be subject to immediate disciplinary action, up to and including termination.

Notice. When an employee anticipates an absence from work for reasons of illness stated above, the employee must notify his/her Director of the impending absence within a reasonable time prior to the absence and of the reason for the absence. This procedure is required to assist the employee's department in planning for coverage during the employee's leave of absence. Failure to so notify the Director will not be tolerated and may result in disciplinary action. When an employee is in an unpaid status for 15 working days of a month, he or she will not be eligible to earn benefit time such as sick days and vacation days for that month.

Medical Certification. Any employee who is absent on sick leave for three (3) or more consecutive working days is required to produce a physician's certificate of illness as evidence substantiating the illness. A Director may also require proof of illness of an employee on sick leave whenever such a requirement appears reasonable or warranted. This certificate will also indicate that upon the employee's return to work he or she is able to resume regularly assigned work duties.

Sick leave will extend from the date at which the employee's physician certifies that the employee is unable to work due to the disabling effects of the injury or illness until that date which the employee's physician certifies that the employee is able to resume work. Requests for sick leave must contain both anticipated commencement and return to work dates. These dates may be adjusted or extended upon application from the employee combined with medical certification of necessity.

The Township reserves all rights to challenge any application for sick leave and to require an employee to be examined by a Township-designated physician prior to the

granting of sick leave or prior to permitting the employee to return to work.

Any employee who accrues fifteen (15) or more absences in any one (1) calendar year consisting of periods of less than five (5) day absences in any one block of time may be required to submit acceptable medical certifications of illness for any additional request for sick leave in that calendar year. If the cause for the absences is an illness of a chronic or recurring nature requiring an employee's absence from duty of one (1) day or less on repeated occasions, then only one medical certification will be required for every six (6) month period. This medical certification must specify that the chronic or recurring nature of the illness is likely to cause recurring and subsequent absences from employment.

Temporary Reassignment. The Township may, as a reasonable accommodation, grant an employee's request for temporary reassignment to another position within the employee's department. This provision applies only to an employee who provides medical certification that temporary reassignment is necessary due to medical reasons (including pregnancy) and only if such reassignment does not present an undue burden on the employee's department. In general, however, the Township has the discretion to

preclude an employee from working if the employee cannot perform the essential functions of his or her job.

Sick Leave Payback. If an employee leaves the Township's employment for any reason before the end of the calendar year, he or she will be required to pay back any sick leave that was taken but not yet earned.

Unpaid Sick Leave. An employee may request an unpaid leave of absence due to disabling injury or illness. To the extent possible, an employee requesting disability leave must apply to his or her Department Head in writing prior to commencing such leave. An employee requesting an unpaid leave of absence should consult the Township's Family and Medical Leave Act Policy.

Nonaccrual During Leave or Suspension. Paid sick days will not accrue during a leave of absence without pay or during a suspension.

Abuse of Sick Leave. Abuse of sick leave, in the form of excessive or chronic use of sick leave or the use of sick leave to extend weekends or holidays, will be cause for disciplinary action.

E. PERSONAL LEAVE

All permanent full-time employees shall be granted four (4) personal days at the beginning of each calendar year. Personal days shall not be cumulative. Any employee who exhausts all personal leave in any one year shall not be credited with additional leave until the beginning of the next calendar year.

Except for emergencies, all requests for use of personal time must be requested in advance and approved by the Director. In case of emergency, an employee shall notify his/her Director one (1) hour prior to the beginning of a shift if he/she must use personal leave.

An employee may take personal leave for personal, business, or religious reasons.

Part-time employees receive pro-rated personal leave benefits. Temporary and seasonal employees are not eligible for personal leave benefits.

Personal leave must be taken in full or half day increments.

Any leave of absence for such duty in excess of thirty (30) work days will be with differential pay and without loss of time for the duration of the mandatory activation.

A full-time temporary officer or employee who has served under such temporary appointment for less than one year will receive military leave without pay but without loss of time.

New Jersey Organized Militia. Any permanent or full-time officer or employee who is a member of the New Jersey organized militia shall be entitled, in addition to pay received, if any, as a member of the organized militia, to a leave of absence without loss of pay or time on all days during which he or she shall be engaged in State or Federal active duty, up to ninety (90) work days in any calendar year. The Department Head will forward the request and supporting documentation, if any, to the Human Resources Manager by the end of the

next working day. The Human Resources Manager will respond to the request in writing to the employee and the Department Head.

Health Insurance and Pension Benefits – Mandatory Activation. Health benefits for the employee and eligible dependents, if applicable, continue as if the employee were actively on the job for the duration of the mandatory activation.

Upon return from leave from active duty only, the employee's Department Head may allow payment of vacation. The maximum allowable payment is one year's accrual for the affected employee based upon the employee's actual rate at the time of return.

Reinstatement. To be reinstated by the Township without loss of privileges or seniority, the employee must report for duty with the Township within the time required by law following release from active duty under honorable circumstances. Pursuant to USERRA, any employee released from active duty under honorable circumstances shall return to work without loss of privileges or seniority within the following time limits:

To be eligible for Family Leave under the NJFLA, an employee must have been employed by the Township at least twelve (12) months and have worked at least 1,000 base hours (excluding overtime) in the preceding twelve (12) month period.

2. Serious Health Condition – an illness, injury or physical or mental impairment requiring either inpatient care or continuing medical treatment or continuing supervision by a health care provider.

An eligible employee is entitled to NJFLA Leave of up to 12 weeks in any 24-month period, unless denied. Leave cannot be taken under the NJFLA for an employee's own serious health condition. Should fewer than 12 weeks of leave be taken for any single circumstance, employees may use the remaining weeks for other allowable NJFLA Leave reasons within the 24-month leave period. In cases of the birth or adoption of a child, the employee may commence the leave at any time within one (1) year of the date of the birth or adoption.

Federal Family & Medical Leave Act

Employees on leave pursuant to the FMLA are responsible for submitting any employee contribution required relative to health insurance.

An eligible employee may receive an unpaid leave of absence under the FMLA for the purpose of providing care made necessary because of the birth of a child of the employee, the placement of a child with the employee in connection with the adoption of the child, the serious health condition of an eligible family member or the employee's own serious health condition.

3. Serious Health Condition – an illness, injury or physical or mental condition that leaves the individual unable to perform the essential

functions of his/her job and involves one of the following: one or more nights of inpatient care; a period of incapacity of more than 3 consecutive

An eligible employee is entitled to FMLA Leave of up to 12 weeks in any 12-month period, unless denied. In cases of the birth or adoption of a child, the employee's leave must begin and end within one (1) year of the date of the birth or adoption.

Rules Applicable to both FMLA and NJFLA leaves

In certain situations, employees may have requests for leave modified, postponed or denied as provided in the FMLA or NJFLA. Family Leave may be denied to an employee whose salary puts the employee among the top five (5) percent of the workforce and if the leave will result in substantial and/or grievous economic injury to the Township's operations.

Any employee who is granted a FMLA or NJFLA Leave shall, upon the expiration of the leave, be entitled to be returned to his/her position or to an equivalent position. If an employee's job has been changed or eliminated while on a FMLA or NJFLA Leave, upon return the employee shall retain those rights he/she would have had if no leave had been taken.

Requesting Family Leave. An eligible employee may take FMLA and/or NJFLA Leave provided the request is made to the Department Head and Human Resources Manager in advance and in writing. In the case of a birth or adoption, an employee must provide notice at least 30 days prior to the commencement of the leave, unless emergent circumstances warrant shorter notice. In the case of a serious health condition, an employee must provide notice at least 15 days prior to the commencement of the leave unless emergent circumstances warrant shorter notice. The period of the leave request must be as definite as possible under the circumstances.

The employee must make a reasonable effort to schedule an intermittent or reduced leave so as not to unduly disrupt the Township's operations.

The employee must submit a request for FMLA or NJFLA leave in writing, along with the appropriate physician's certification.

The employee must obtain written approval for the FMLA or NJFLA leave from the Business Administrator or his/her designee. The Township reserves the right to obtain a second opinion at its own expense regarding the severity of the condition. Any questions concerning the validity of a medical certification are to be referred to the Human Resources Manager.

Failure to follow the prescribed procedures may result in a postponement, modification

or denial of the leave,

Types of Family Leave. Leave may be taken in the following manner, provided the employee has met the necessary requirements:

1. Continuous Leave – an eligible employee may take a continuous leave of up to 12 weeks.
2. Intermittent Leave – a non-consecutive leave comprised of intervals, each of which is at least 1 but less than 12 work weeks within a consecutive 12-month or 24-month period.
3. Reduced Leave – an eligible employee may take a reduced scheduled leave, for the equivalent of 12 work weeks in connection with a serious health condition of a family member. Only one (1) reduced leave may be taken during any consecutive 24-month period. A reduced schedule leave is a non-consecutive leave of up to the equivalent of 12 work weeks, taken in increments of not less than one (1) work day, but not more than one (1) work week at a time. Leave taken on a reduced leave schedule does not result in a reduction of the total amount of leave entitlement. Any remaining entitlement may be taken on a consecutive or intermittent basis.

An intermittent or reduced leave for the birth or adoption of a child may be granted in the sole discretion of the Township. All requests for an intermittent or reduced leave for the birth or adoption of a child shall be reviewed with the Business Administrator before being granted or denied.

If the job of an employee on FMLA or NJFLA leave is to be changed or eliminated, or if an employee is to be offered a position other than the position he/she had prior to the leave, the matter must be first discussed with the Business Administrator.

While on FMLA or NJFLA an employee shall be entitled to continue to receive all health benefits under the same terms and conditions as if he/she continued to work. This includes the payment by the employee of all contributions to the cost of health care premiums required by law.

Leaves under the FMLA and/or NJFLA are unpaid pursuant to both laws. However, if an employee wishes to utilize accrued time, s/he may do so in the following order: sick time, personal time and vacation time. Employees shall only receive those paid holidays which occur during a FMLA or NJFLA leave for which the employee is utilizing accumulated time and receiving salary.

Falsification of the reasons given for requiring FMLA or NJFLA shall subject the employee to immediate dismissal.

An employee on FMLA or NJFLA may not work for another employer during any period of the leave, unless he/she performed those services prior to beginning the leave.

This policy shall be the exclusive policy governing all FMLA and NJFLA leaves and any policies providing different terms are hereby superseded. The Human Resources Manager should be contacted with any questions regarding this policy.

The Township provides family and medical leaves in accordance with applicable law, including the Federal Family and Medical Leave Act of 1993; the New Jersey Family Leave Act and New Jersey Family Leave Insurance. Please consult the Township's Family and Medical Leave Act Policy or contact the Human Resources Manager for more information.

Non-Accrual of Time During Leave. Employees do not earn/accrue additional sick leave, personal time and vacation time during a FMLA or NJFLA leave.

J. JURY SERVICE

A permanent full-time employee who is required to be present for jury service in any court of New Jersey, any court in another state, the United States District Court of New Jersey, or any other Federal District Court during his/her scheduled working hours or during his/her scheduled work shift will be excused from work and shall be granted paid leave at the full base rate of pay, up to a maximum of eight (8) hours per day for that period of time which he/she is officially involved with the court in such capacity.

Any payment made to the employee other than for expense reimbursement shall be turned over to the Township Finance Officer.

An employee who is required to serve as a juror must notify his/her Director immediately and provide the Township with an appropriate certification or order from the assignment judge, clerk of the court or such other officer as appropriate setting forth the period of jury duty service and indicate the day or dates of such commitment.

K. ABSENCE WITHOUT PERMISSION

Any employee who is absent from duty for five (5) or more consecutive business days without the approval of his/her Director will be considered to have abandoned his/her position and will be recorded as having resigned not in good standing. Similarly, an employee who has not returned to duty for five (5) or more consecutive business days following the expiration of an approved leave of absence will be considered to have abandoned his or her position and will be recorded as having resigned not in good standing.

L. NON-WORK RELATED DISABILITY

Purpose. The Township extends a Non-Work Related Disability benefit to all full-time employees to assist in offsetting the financial loss associated with a non-work related major illness or disability (formerly known as “major illness leave”). This policy provides both management and the employee direction in determining qualification requirements for this benefit. It is understood that any future claims will be determined in accordance with this policy. Any sections of this policy that conflict with any union contract, that part of the contract will prevail; however, prior practices will not be considered.

Benefit Use. Full-time employees, after two (2) years of service, shall, in the case of major surgery or non-work disability which requires lengthy absenteeism, receive full compensation, not to exceed one (1) year for each occurrence. Employees may use non-work related disability leave for a total not to exceed 520 days during said employee’s career with the Township. This benefit will become effective after an absence of twenty (20) days during the first two uses of this benefit and then a graduated increase of an additional ten (10) working days for each additional use thereafter. Any employee who has less than the required accrued time shall be without pay during the waiting period. The benefit will become effective after review and approval by the Township or its designee. The Township reserves the right to confirm the employee’s illness through examination by the Township physician. If there is a difference of professional opinion between the Township physician and the employee’s physician, the employee will submit to examination by a third doctor to be paid by the Township and selected from a list provided to the employee by the Township. Said doctor’s opinion will be controlling.

The Township reserves the right to provide disability insurance in lieu of this benefit. Any employee filing false or fraudulent information will be subject to disciplinary action that may result in dismissal. Employees utilizing this benefit, whether paid or unpaid, will not accrue or accumulate additional benefit time off (sick, vacation or personal) during this absence. All time taken under this benefit will run concurrent with FMLA/FLA time off if applicable. The purpose of this policy is not intended to conflict with any State or Federal regulations regarding employee rights. Employees on major illness leave resulting from an on-the-job injury will receive full compensation, for up to one (1) year.

Benefit Requirements.

1. A leave because of serious illness, major surgery, or non-work related disability must be supported by a medical doctor’s written certification, which shall be renewed every 30 days. A doctor’s certification shall include the following:
 - a. The date on which the serious health condition began;
 - b. The probable duration of the condition;
 - c. The appropriate medical facts regarding the condition; and

- d. An explanation as to why employee cannot perform normal work duty assignments because of stated serious illness.
- 2. Acceptable serious health conditions are considered to be those that include any one physical or mental impairment that substantially limits one or more of the major life activities of the individual.  - f. Outpatient drug or alcohol rehabilitation
 - g. Any other illness that does not meet the above categories of acceptable standards or as determined by the Township physician.

M. FURLOUGH (VOLUNTARY LEAVE OF ABSENCE WITHOUT PAY)

The purpose of a voluntary furlough program is to lessen the need for reductions in force by allowing an employee to take unpaid leave with accrual of leave time, anniversary dates, and seniority as if the employee were in pay status. Any employee wishing to take a voluntary leave of absence without pay may take such a leave for up to three consecutive weeks (fifteen working days) with the approval of his/her Director. Any exception to this policy requires the approval of the Business Administrator. These

leaves of absence will include the maintenance of certain benefits not generally available for unpaid leaves:

- 1. All health, dental and prescription insurance coverage;
- 2. Maintenance of all seniority rights;
- 3. Accrual of all sick, vacation and personnel time; and
- 4. Maintenance of all pension benefits through buy-back of time deductions made in the weeks succeeding the leave period.

N. RETURN TO PAY STATUS FROM LEAVE

Upon return from leave without pay, the employee should check with appropriate individuals in order to confirm activation of pay and all other related benefits, which may have been affected by the leave. Failure to do so may result in a delay to full pay status and it may cause unnecessary hardship for the employee.

VIII – COMPENSATION

A. SALARY

Compensation for Bargaining Unit Employees. For most contractual classifications or job titles, a salary range has been established in conjunction with the collective negotiations process. The established range may provide for annual increments until the employee reaches his or her respective maximum salary. No employee will be paid less than the minimum or more than the maximum for his or her classification. A contractual employee should refer to the collective negotiations agreement for more specific information concerning compensation, including holiday pay, shift differential, and longevity.

Compensation for Non-Bargaining Unit Employees. A classification and compensation system has been established for non- bargaining unit employees. The Township reserves the right to adjust the salary grades.

B. CREDIT INFORMATION AND WAGE ASSIGNMENTS

The Township will furnish only information about employees that is of Public Record, such as proof of employment, title and salary to authorized persons. All other information about employees shall be deemed confidential. If employees fall behind on their credit payments, court-ordered garnishment of wages may occur. If this happened, the Township is legally required to deduct a portion of the employee's salary from his/her paycheck and forward it to the creditors.

C. DEDUCTIONS

Payroll deductions include mandatory deductions in addition to electives. Each employee's payroll check stub will indicate the amounts deducted and for what purpose. It is the responsibility of the employee to notify the Department of Finance of any changes that occur in voluntary deductions and in the employee's family situations, which are claimed for income tax purposes, including any change in marital status. A list of each deduction and its respective abbreviation can be obtained from Human Resources.

D. PAY CHECKS AND CHECK CASHING/DEPOSITING

All employees are paid on a weekly or bi-weekly basis. All paychecks will be issued on the day designated by the Township following the close of the pay period. In the case where a holiday may fall on a payday, paychecks will be issued on the last working day prior to that payday. Employees will obtain their paychecks from the person designated in their department to distribute such checks.

Each employee is responsible for cashing or disposing of his/her own paycheck. The Township does not authorize any employee to act as an agent to cash the payroll check of another employee. All employees have the option to participate in the direct deposit of his or her payroll check to a financial institution. The Township reserves the right, with reasonable notice, to mandate all employees receive payroll by direct deposit. For further information, please contact Human Resources.

It will be the responsibility of the Directors to return all unclaimed checks to the Township Payroll Department.

E. RETURN TO PAY STATUS FROM LEAVE

Upon return from leave without pay, an employee should notify Human Resources in order to reactivate pay and other benefits which may have been affected by the leave. Failure to do so may result in a delay to full pay status and may cause unnecessary hardship for the employee.

IX – HEALTH BENEFITS

A. HEALTH BENEFIT PLANS

Permanent full-time employees shall be entitled to the following medical coverage benefits, as offered by the Township, as a condition of their employment:

1. Hospitalization and Major Medical benefit coverage
2. Prescription benefit plan
3. Vision Care benefit plan
4. Dental Care benefit plan

Any employee receiving health benefits from the Township through their spouse shall not be eligible for health benefits or a municipal contribution.

The above enumerated coverage benefits shall be provided on a paid basis subject to requirements imposed on other employees of the administrative departments of the Township. Such requirements may include, but are not limited to, minimum working hours for eligibility, enrollment period, deductibles, co-pay or cost sharing through payroll deductions.

Notwithstanding the above provisions, the Township may, upon 90 days' notice, amend the coverage to be provided and may also alter the terms for eligibility, enrollment period, deductibles, co-pay or cost sharing through payroll deductions.

Employees may only change medical coverage during the open enrollment period that is held during the month of October and/or November. The benefit change becomes

effective January 1. Outside of the open enrollment period, any employee adding a spouse or newborn to their benefits must do so within 30 days of the event.

Employees who go on an unpaid leave status, with the exception of FLMA or NJFLA, shall be required to pay the costs of the health benefits received by the employee in advance. Additionally, employees may be eligible to maintain all health benefits plans at the premium rate paid by the employer for a period of up to nine months.

When employees return to full employment, health insurance benefits are reinstated the first month following the return to work.

In accordance with Public Law 99-272, Title X (COBRA) employees and their dependents may be eligible for a temporary extension of health benefits coverage in certain instances where coverage would otherwise end. Employees electing to continue coverage will be responsible for paying the entire premium. Payments should be made payable to "Township of Edison" and deposited with the Human Resources Manager by the 10th day of the month for which the premium is being paid. If the deadline of the 10th is not met, coverage will be terminated immediately. Employees will not receive a bill and will not be contacted.

At the time of hire, enrollment applications will be filled out by the employee in Human Resources Office. The employee's coverage is effective in the first day of the first month following 60 days of employment.

Claim forms for health benefits can be obtained in the Human Resources Office.

Detailed information regarding medical benefits will be given to each employee by the Human Resources Office at the time of enrollment.

Additionally, each employee should carefully review plan literature and payroll deduction schedule for specific information about each plan.

Eligibility. An employee becomes eligible to participate in the Township's Health Benefits Program on the first day of the first month following the completion of 60 days of employment. A plan enrollment form and a payroll deduction sheet must be completed by each employee at the time of hire.

An employee should exercise careful consideration as to his/her family's specific medical needs and thoroughly review plan literature prior to the election of a health benefits plan. Please contact the Human Resources Office for details.

Once a health benefits plan is selected, the employee must remain in that plan until the next scheduled open enrollment. Open enrollments are scheduled yearly for each program offered. Information as to the exact dates of open enrollments can be obtained from the Human Resources Department. When an employee has a change in his or her family status due to marriage, death, divorce, birth/adoption of a child, a child obtaining

the age of 26 years, or any other change in family status that could impact employee and dependent insurance coverage or COBRA benefits, it is necessary to report the event within 30 days of the occurrence on the correct enrollment/change form to the Human Resources Department. Please also refer to plan literature regarding specific reporting requirements. Failure to do so could result in a loss of coverage until the next scheduled open enrollment period. Identification cards and plan information will be forwarded to an employee at the time of eligibility.

Voluntary Health Benefit Buyout. Employees with medical coverage from another source may wish to opt-out of the Township's health insurance plan. Employees who opt-out of the health insurance coverage will be compensated in the amount of \$2,400.00 per year for each full year they opt-out of the Township's health insurance plan, or \$200 per month in the case of periods of time that are less than a full year. Employees who opt-out of the Township's health insurance plan retain the right to re-enter the Township's Health Benefit Program on a monthly basis should they lose coverage from another source.

Health Insurance Contributions. On June 28, 2011 the State of New Jersey passed Pension and Health Benefit Reform (Chapter 78, P.L. 2011). The law significantly changes how public employees contribute towards their health insurance.

The State-Mandated changes will be phased in over four steps. Employees will pay the greater of either their current health care contribution of 1.5% of salary, or the calculation based on the new law. Under the new calculation employees pay a percentage of their health care premiums, which now include health insurance, prescription, base dental and base vision.

The law took effect on July 1, 2011. However, it permitted local governments additional time to develop systems to administer these changes. Hence, "Year 1" began on

January 1, 2012. Regardless of when the County begins collecting "Year 1" contributions, the law requires "Year 2" contributions to begin on the anniversary date of the law, July 1, 2012.

B. MEDICARE

The Tax Equity and Fiscal Responsibility Act of 1982 (TEFRA) requires that an active employee, age 65 and over be given the opportunity to select either the employer's group health coverage or the Medicare program as the primary coverage. The Deficit Reduction Act of 1984 (DEFRA), effective January 1, 1985, modifies TEFRA by expanding the scope of the working aged provision. Under DEFRA, the spouse of an employee, age 65 and over, also has a choice between the group's regular health coverage or the Medicare program as the primary coverage. Unless otherwise specified by the employee, it is the Township's customary practice to designate the employee/spouse as TEFRA/DEFRA eligible, thereby maintaining the Township's group

plans as the primary health benefits provider.

If an employee or eligible dependent elects Medicare as primary before retirement, the Township plan will terminate.

Medicare and Retirement. When an employee who is age 65 or over retires, or retires under age 65 and becomes Medicare eligible due to age or a disabling condition, the Medicare program becomes the primary coverage. This also applies to dependents of retirees who qualify for Medicare. Three months before retirement, the employee and/or the eligible spouse must go to his or her Social Security Office and sign up for Medicare, Parts A and B. The employee, and not the Township, is solely responsible for the payment of Parts A and B.

Please note that the health plan will process claims for retirees age 65 or over as if Medicare is in place.

C. TEMPORARY DISABILITY PLAN

The Township does not participate in the temporary disability portion of the New Jersey State Unemployment Insurance Program. Contractual employees should refer to their collective negotiation agreements pertaining to temporary disability plan offerings. However, non-contractual (exclusionary) employees may choose to purchase insurance through the Voluntary Based Plan.

Please and call Human Resources for additional information concerning your health insurance while on leave without pay.

X – MANDATORY EMPLOYEE BENEFITS

A. CONSOLIDATED OMNIBUS BUDGET RECONCILIATION ACT (COBRA)

The Township complies with COBRA and all applicable amendments. Covered employees and their dependents who lose insurance coverage for any of the following reasons are eligible to continue their coverage through COBRA: termination, reduction in working hours, divorce or legal separation, death of the employee, eligibility for Medicare or loss of dependent child status under the insurance plan. All administrative rules and processes as well as changes in plan benefits and premiums apply to those on continuation coverage.

In the event of divorce or legal separation, or the loss of dependent child status under the plan, a covered employee or dependent must notify Human Resources within 60 days to maintain the right to continue coverage. At that time, Human Resources will provide enrollment materials to the employee or covered dependent within 14 days of such notification.

The covered employee or dependent has 60 days to elect continuation of coverage from either the date that coverage would ordinarily have ended under the plan by reason of a qualifying event or the date of notification, whichever comes later. Election of continuation of coverage is established by completing and returning enrollment materials to Human Resources.

COBRA premiums will be billed by our COBRA Administrator, and the first premium will be due within 45 days of the date of election. Subsequent premiums must be received within the terms set forth by the provider. Failure to make timely payments will result in termination of coverage without notice.

The American Recovery and Reinvestment Act of 2009 reduces the COBRA premium in some cases. The premium reduction is available to certain individuals who experience a qualifying event that is an involuntary termination of employment during the period beginning with September 1, 2008 and ending with May 31, 2010. In some cases, employees who experienced a reduction in hours before their termination may also be eligible for the subsidy. If an employee qualifies for the premium reduction, the employee pays 35 percent of the COBRA premium otherwise due to the plan. This premium reduction is available for up to fifteen months. If an employee's COBRA continuation coverage lasts for more than fifteen months, the employee will be required to pay the full amount to continue COBRA continuation coverage. See Human Resources for more details, restrictions, and obligations as well as the forms necessary to establish eligibility.

The law requires that an employee be afforded the opportunity to maintain continuation coverage for three (3) years unless the employee lost group health coverage because of a termination of employment or reduction in hours. In that case, the required continuation coverage period is eighteen (18) months, unless the Social Security Administration determines that the employee was disabled at the time of termination or

reduction of hours and the employee informs Human Resources before the end of the eighteen (18) month period, in which case coverage may be extended up to twenty-nine (29) months. If during the eighteen (18) months another event takes place that also entitles the employee to coverage, coverage may be extended. The total amount of continued coverage is limited to thirty-six (36) months.

COBRA continuation coverage will end for any of the following reasons: The Township discontinues its insurance plan, the premium payment is not made in a timely fashion, and the person who elected continuation of coverage becomes covered under another insurance plan or Medicare.

B. HEALTH INSURANCE AND PORTABILITY AND ACCOUNTABILITY ACT OF 1996 (HIPAA)

HIPAA has important consequences for individuals who move from one job to another or who have pre-existing medical conditions. Essentially, HIPAA limits the exclusion period under a new insurance policy for a pre-existing medical condition to 12 months (or 18 months for late enrollment). Additionally, if the individual can demonstrate that he or she had previous insurance coverage (without a break of 63 days or more), the individual can reduce the period of exclusion by the number of months of previous coverage. Proof of prior coverage is through a Certificate of Creditable Coverage, which is provided to an insured when participation in a health benefits plan terminates. HIPAA also prohibits discrimination in enrollment and premiums against employees and their dependents based on health status, and provides for the strict confidentiality of all medical information. For more information, please contact Human Resources.

C. PENSION – PUBLIC EMPLOYEES RETIREMENT SYSTEM (PERS)

Mandated by the State Pension System, it is a condition of employment that the employees join the retirement system if:

1. The employee has permanent or unclassified status, or
2. The employee is on the payroll for one year (12 continuous months) with a temporary or provisional status. A temporary or provisional employee who is receiving a salary for one (1) year must enroll, (including prior time if transferred from another Township Department).

The only exceptions to this enrollment policy are:

1. Newly elected officials as of 7/1/07 are ineligible for PERS membership. They must enroll in Defined Contribution Retirement Program (DCRP). Additionally, appointed individuals are to be enrolled in DCRP. To enroll the employee must earn at least \$5,000.
2. Seasonal employees.
3. Provisional or temporary employees covered by Civil Service with less than 12 months of continuous service.
4. Employees who earn less than \$1,500 annually (applies to employees enrolled prior to July 1, 2007 or were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008).
5. Employees who earn less than \$7,700 annually (applies to employees enrolled on or after November 2, 2008 and on or before May 21, 2010). Enrollment in DCRP is mandatory for those earning \$5,000 or more.
6. Employees enrolled after May 21, 2010 work less than the minimum requirement of at least 32 hours per week.
7. A Workforce Investment Act employee.
8. A PFRS eligible employee or an employee in a PBA or FOP bargaining unit.

The enrollment application is filed online by the Township. An employee will receive a Division of Pensions Certification of Payroll Deductions from the Township. The Certification will list both the enrollment date and date that deductions will begin.

Enrollment rules and regulations are described in general terms in this Handbook and may not cover all situations. If you have specific questions please refer to the State of New Jersey Public Employees' Retirement System Plan Handbook, The State of New Jersey Pension's website (www.state.nj.us/treasury/pensions).

If any information described herein conflicts with any official literature from the New Jersey Division of Pensions and Benefits, the State information will control.

D. LIFE INSURANCE – PUBLIC EMPLOYEES RETIREMENT SYSTEM

Permanent full-time employees hired by the Township are enrolled in the Public Employee's Retirement System (PERS) Group Life Insurance Plan. During the first year of the employee's membership in the PERS, he/she is required by statute to participate in the System's Contributory Group Life Insurance Plan. After one (1) year of employment, the employee has an option to either continue or terminate this coverage.

All new employees of the Township will complete the necessary forms at the time of hire.

Life insurance coverage will terminate 31 days after the last day of employment. Members in the PERS Life Insurance Plan, who terminate their employment with the Township, will have 31 days in which to convert this Life Insurance coverage.

Upon enrollment into the Public Employees System ("PERS"), eligible employees are insured for what is called Non-Contributory Group Life Insurance. Non-Contributory Group Life Insurance is free, and valued at 16 times the annual salary of the member in the event of death while actively employed.

In addition to the Non-Contributory insurance, most PERS members are offered Contributory Life Insurance; which is also valued at 16 times the annual salary. It is compulsory to participate in the Contributory portion of the Group Life Insurance plan for a period of one year from date of pension enrollment. After the first 12 months, the employee may discontinue the Contributory Insurance coverage by completing the appropriate form. The benefits of Non-Contributory Life Insurance and Contributory Life Insurance currently offer a combined death benefit of three times a participant's annual salary.

The calculation for this Contributory Insurance deduction is based on a flat rate of .50% (.0050) of salary, paid for by the employee, through bi-weekly payroll deductions.

This rider for life insurance policy is mailed directly to the member by the New Jersey Division of Pensions at approximately the same time pension deductions begin.

If any information described herein conflicts with any official literature from the New Jersey Division of Pensions and Benefits, the State information will control.

E. UNEMPLOYMENT COMPENSATION

Employees of the Township are not covered by the Unemployment Compensation Law of the State of New Jersey. The Township provides unemployment compensation consistent with the requirements of State Law pursuant to a self-insurance fund.

The Township does participate in the paid family leave portion pursuant to the New Jersey Paid Family Leave Insurance, for further information or to apply on line, please refer to the state website at www.nj.gov/labor directly.

B. ON THE JOB INJURIES

Any employee who is injured in the performance of his/her duties shall immediately report the accident to the Directors and/or his/her designee, who shall complete an *“Employer’s First Report of Accidental Injury or Occupational Illness”* form and submit it to the Insurance Commission.

Employees are required to submit to a post-incident or post-accident drug and alcohol test as described in the Township Drug and Alcohol Free Workplace Policy.

Employees are entitled to receive treatment from the authorized Township Worker’s Compensation Unit, or, in the case of an emergency, injured employees requiring immediate medical attention shall be taken to the closest hospital.

Procedure. The employee’s Directors shall complete the *“Employer’s First Report of Accidental Injury or Occupational Illness”* form and submit it to the Insurance

Commission. The employee shall report in person to the authorized Township's Worker's Compensation Unit and advise Worker's Compensation Unit staff that he/she is a Township of Edison employee and has experienced a work-related injury. The employee shall submit to post-incident or post-accident drug and alcohol testing. The employee shall report back to his/her Department Head/Directors in person or via phone.

When an employee suffers an injury or illness arising out of and during the course of his or her employment, the employee is to immediately notify his/her Director that he/she has sustained a workplace injury/illness. The Director should refer the injured employee to one of the Township's approved workers' compensation care providers. An employee who is injured during the course of employment or who suffers an occupationally related disease must receive medical treatment from an approved workers' compensation care provider.

The Director referring the employee should complete a Medical Services Authorization to Treat form and fax it to the medical facility. In addition, the employee should advise the emergency center that he or she is a Township of Edison employee and that the employee is requesting treatment for a work-related injury.

In the event of an emergency or if an approved workers' compensation facility is not conveniently located, and in the best judgment of the Director the employee needs immediate medical care, the employee should be sent to the nearest hospital. Again, the employee should advise the emergency center that he/she is a Township employee and that the employee is requesting treatment for a work-related injury.

The injured employee's Director must complete and sign the State of New Jersey Employer's *First Report of Accidental Injury or Occupational Illness* and forward it to the Human Resources Manager.

The names of witnesses should be included with the First Report of Injury form, and a detailed explanation of all factors related to the incident should be attached. The Supervisor/Director must also complete the First Report of Injury form, prior to its submission. The treating physician will complete an Injury Visit Report Form. This form will indicate information regarding medical treatment provided, follow-up care (if necessary) and any limitations on the employee's work ability. The employee will receive the original copy of this form, which must be sent to Human Resources upon his/her return to work. The Human Resources Office should keep a copy of this form for its records.

The care facility may confer directly with an employee's Director on any return to Modified duty activities. In addition, an employee's Director may contact the care facility directly regarding any concerns with an employee's return to work status. Any questions regarding an on-the-job accident and/or medical treatment provided should be referred to Human Resources.

When an employee is scheduled for treatment by the insurance company's authorized physician or medical center during the employee's regular hours of work, the employee's attendance at the doctor's office or medical center will not be charged to the employee's sick leave accumulation, provided that upon completion of the visit, the employee returns to work if there is still time remaining in the regular hours of work.

C. REPORTING ACCIDENTS

Compliance with accident reporting steps is the responsibility of each employee who operates any vehicle or equipment covered by Township insurance or who operates their own vehicle while engaging in Township business. Any accident of major proportion is to be reported to the Business Administrator and Insurance Commission immediately.

Any hazard or condition which might jeopardize the health or safety of the public or employees is to be reported to the Directors immediately and corrective action is to be taken.

Any employee involved in an accident on Township time shall be subject to the terms and conditions of the Township Drug and Alcohol Free Workplace Policy.

It will be the obligation of each Department Head to ensure that each accident is reported, accident forms are properly executed and distributed, and employees comply with the procedures outlined in the Township Drug and Alcohol Free Workplace Policy.

1. Accidents (General): All accidents involving vehicles or equipment covered by Township insurance or privately-owned vehicles used while engaging in Township business are to be reported immediately to the Township Police Department for on-scene investigation (Police Department Accident Report). In

the event police cannot be contacted, in the case of an automobile accident, drivers will exchange the following information:

- a. Name
- b. Address
- c. Driver's License Number
- d. Insurance Company and Policy Number
- e. Vehicle Registration
- f. Location of Accident

- g. Date and Time
- h. Roadway and Weather Conditions

Employees should not give any statement of any kind relating to the accident under any circumstances.

If a Township vehicle is disabled, arrangements are to be made to have the vehicle towed to the Municipal garage.

An employee involved in an accident shall immediately report to the Township's authorized unit for a post-incident or post-accident drug and alcohol test as described in the Township Drug and Alcohol Free Workplace Policy.

Employees involved in a vehicle accident shall notify his/her Department Head/Directors as soon as possible and the employee shall complete the *Employer's First Report of Injury* form with the assistance of his/her Department Head/Directors. The completed form, together with a police report, shall be forwarded as quickly as possible to the Insurance Commission. If estimates for the repair work of the vehicle are required, the Insurance Commission shall make all necessary arrangements.

2. Out-of-Town Accident: Out-of-town accidents should be reported to area Police. The driver, however, should also obtain critical information, including the accident description, names or witnesses and insurance information. The information should be given to the Director as soon as possible. Township vehicles should be returned to the Township garage for inspection if able to be driven safely without further damage to the body or undergear. If a vehicle is disabled, however, contact the Department Head/Directors for further instructions. Under no circumstances should the driver commit to any mechanical repairs without authorization.

D. FOLLOW UP VISITS

After every visit to the doctor or hospital, the employee will receive a medical report. The original copies of all medical reports must be turned in to the employee's Director and promptly forwarded to Human Resources. It is imperative that an employee keep all scheduled appointments. All time lost from work due to occupational injury including consecutive or broken time must be reported to the Director and Human Resources. It is especially important to immediately advise when the status of an injured employee changes (e.g., light duty to full duty). Prompt notification will ensure that workers' compensation payments due the employee will commence without undue delay.

Additionally, when an employee is medically authorized by the treating physician to return to work following occupational injury, his/her Director must notify Human Resources within twenty-four (24) hours of the authorization.

Please note that an employee must have written medical authorization for change in work status and/or return to work. An employee on light duty cannot return to full duty without medical authorization. In addition, an employee cannot be released from treatment and his or her case cannot be "closed" until the employee submits medical discharge papers to his/her Department and Human Resources.

Telephone requests from an employee and/or his/her Director for return to full duty and/or discharge will not be honored by the treating facility. An employee must have written medical authorization for change in work status and/or return to work.

By State statute, an employer is to provide medical treatment to an occupationally injured employee. As such, the employee is treated by the Township's workers' compensation medical providers. This remains unchanged even when treatment has been completed and the employee has returned to work, but subsequently experiences a recurrence of similar injury (weeks or even months later). Further treatment must be requested by contacting Human Resources. Human Resources will make the request of the Township's insurance carrier. The Township will not pay for unauthorized physicians, hospitals, diagnostic centers, physical therapy and similar medical providers and services with the exception of an emergency situation as described in this Policy.

Should any problem arise, or should there be any questions as to procedure, the Director should immediately call Human Resources.
