2. Pledge of Allegiance: The Pledge of Allegiance was recited.

3. Public Comments:

   Amanda Ault-Henning, an Oak Lawn resident, spoke in regards to the development of the Dunkin Donuts at 95th street and 50th court. The block of residents is very pleased to have the business in that location, but there is concern in regards to an agreement between the residents and prior administration (2018) about a wall being built at the end of the street, which has not happened. There are four reasons that the residents would like this agreement to be honored: noise and light reduction, litter reduction, safety and overall esthetics. Light and noise will be reduced for the residents if a wall were built. The wall will reduce trash from inconsiderate consumers. Even with the petitioner providing ample wastebaskets, trash is bound to end up in the streets and the wall will help keep that contained to the Dunkin’ property and not that of the residents. Safety is a concern with the cul-de-sac, as trucks and cars tend to drive straight through and jump the curb onto Museum drive. Having the wall would prevent that from happening, and would keep the block safe to the many children and pets in the area. She also feels it is in the best interest of the Village esthetically to have a wall there as well, especially with Museum Drive being the main entryway into Patriots Station and the development. Having the wall is not something that would need to be constantly maintained, like shrubbery, and she hopes that the Village will honor the agreement with the Village of Oak Lawn.

   Rhonda Farrell, Oak Lawn resident, is a direct neighbor who will be affected by the Dunkin’ Donuts development. She also stated how they are overall happy with the development going in itself, but stated how they have been active at all of the meetings regarding this, and can show documentation regarding this agreement for a wall to be put in, that would read “Welcome to Patriots Station”. She has already encountered a lot of trash just from the vacant lot on 95th street, believes there are legitimate safety concerns for the residents, and insists the Village hold up to the agreement of the wall being built. The agreements made with the residents should be fulfilled.

4. Conflict of Interest Disclosure: No Conflicts.

5. Approval of Meeting Minutes #2021-09 dated 5/11/2021
   Trustee Stalker moved to approve, followed by Trustee Phelan.

	Trustee Olejniczak- yes	Trustee Pembroke- yes

Motion passes unanimously.

6. Blue Ribbon Walk Saturday, June 5th 2021

Mike Cerf, Blue Ribbon Walk organizer, explained how the walk began seven years ago. Police have had a lot of negativity over the last several years, so he wanted to do something to show support. There are people who support First Responders, and Mike invites them to come out and show their support. They will meet for the walk at 11 am at Lake Shore Park, followed by a lunch provided by the Oak Lawn Raiders. The walk has plenty of sponsors involved, and there will be plenty of food! There will be some "Back the Blue" hats available. Mike states he just wants the officers to know that there are people who support you during this tough time. The walk will take off at noon, the Color Guard will be there to start things off. Hopefully there will be nice weather!

Mayor Vorderer thanked Mike for all that he does in support of the Police and that he looks forward to attending.

7. New Business by Village Trustees:

Trustee Mallo, District 3, reminded residents that the Fourth Of July Parade would take place on Saturday, July 3rd at 4pm. Residents are welcomed to start lining the streets at 3pm. It will be extended and start at 95th and Lacrosse at the Fifth Third campus.

Mayor Vorderer thanked him for the reminder and his hard work, and hopes that the changes in date and time will entice more people to come out for the parade.

8. Villages Managers Report- no new business.

Approval of Consent Agenda Items A, B, G and H.

Trustee Mallo- yes	Trustee Desmond- yes
Trustee Stalker- yes	Trustee Phelan- yes
Trustee Olejniczak- yes	Trustee Pembroke- yes

Motion passes unanimously.

C Request to approve a variation to for a parking variation, landscaping, and setback variations at 9500 S. 50th Ct., Amin Panjwani is the petitioner.

D Ordinance #21-10-46: An ordinance granting a setback, landscaping, and parking variation to allow for a new one (1) story commercial building at 9500 S. 50th Court (Amin Panjwani, petitioner) vote of 4-0 to approve

Trustee Mallo has concerns regarding the Dunkin' Donuts layout, with the main being the vacant space not being filled, as well as the stacking of traffic onto 95th street. He appreciates that the petitioner listened to voiced concerns regarding parking, and made the size of the building footprint smaller to accommodate more parking.

Petitioner Amin Panjwani said they have been looking into this extensively and it will be a similar store to the one located at 96th and Pulaski, which is also theirs.

Trustee Mallo stated how that store is a problem to both our village and Evergreen Park in regards to traffic build up on Pulaski.
Trustee Desmond agreed that the traffic is horrible in that area, and mentioned how the 95th street location stands to have a lot more traffic than the Pulaski location, which could cause many problems on 95th.
Trustee Mallo explains that the main issue is not so much the 95th street traffic buildup, but that getting in and out of Patriot Station could be a big issue. The street was put in for entry into the station, and would hate for it to be blocked by drive-thru traffic. Trustee Mallo also mentions how the 108th and Cicero location utilizes the parking lot for most of the drive-thru traffic and would hope a similar solution could be found.
Amin Panjwani reiterated that there is no way to make the building footprint smaller, and even that would not resolve the drive-thru car stacking or parking at this point.
Trustee Phelan said it would be helpful on the renderings to have more than one car displayed. He compared the 103rd and Cicero Starbucks and how the traffic issue there is not just about being an inconvenience but rather a safety issue, so he asked Panjwani how many cars would be accommodated in the actual lane itself.
Panjwani responded that nine cars would fit between the drive-thru windows to the menu board, so to the street itself, it would be about 10. He confirmed that of those cars, none would be blocking any other streets/entrances. They evaluate this number starting at the pickup window and not the menu board. The argument from Trustee Mallo being that it is from the ordering menu to the street that is the issue. Panjwani continues on to say that the site plan is always reviewed by the brand itself, and they extend or shorten it however they feel will best suit the customers and they are very confident that this is the best set up possible. There is no way at this point to change anything in hopes of a better solution.
Trustee Phelan explains the unique situation of this location is that it is right next to the train station and that creates different problems that might not be the case at other locations. He asks if there are similar locations that would compare to this and while the petitioner explains Minooka has a similar location, it is agreed that the population difference is not a good comparison.
Trustee Mallo suggested putting the pick-up lane on the other side of the building, facing 95th, and Petitioner Panjwani explained the reason it is not was due to guidelines laid out by the village initially, due to esthetics. He explained it is difficult to comply when the guidelines keep changing.
Trustee Stalker pointed out that there is still a lot of confusion as to how this will work. He thinks it is important to have the petitioner come in to meet with Trustee Mallo and the Mayor as soon as possible to come up with a plan, and come back to present it to the board so we can get this project moving forward. He states that the petitioner seems to have many good solutions, and that they are just unclear to the board, so to please come back and elaborate

further as to the plan. The board would like a drawing and a definite amount of cars that can be held in the lane.
Trustee Vorderer commends Petitioner Panjwani on all of the hard work he has put in to meet the demands of the Village, but points out what a high profile location this is. That is why there are such traffic concerns.
Trustee Phelan explains that obviously Covid changed everything in regards to businesses, but that the demand for this business has not. He mentions again the Starbucks location on 103rd and Cicero being one of the major concerns of his district outside of flooding and that he does not want to see the same situation happen with this Dunkin' location.

NOTICE OF INTENT TO RETIRE

Today's Date: 5/22/21

Name: RUBEN FLORES

Title: PATROLMAN

Department: POLICE

It is my intent to retire from the Village of Oak Lawn POLICE Department on or about 11 SEP 21. Should I find it necessary to change this intended date of retirement, I will notify my department as well as Human Resources and Payroll. This intent is made as a good faith gesture to help project the needs of the department in the future. It will also allow Human Resources and Payroll to prepare for my retirement processing such as benefits, final paycheck, etc. Giving advance notice of my retirement also ensures my pension provider is aware of my intended retirement date and have proper notice to calculate my pension.

I understand that it is my sole responsibility to contact the Benefits office to obtain important information as it relates to my retirement benefits.

I also understand that any and all Village property in my possession, such as phone, laptop, keys, etc. will need to be turned in prior to my last working day. If these items are not turned in before my official separation, I will be charged the full price of each item and it will be deducted from my final paycheck.

ORDINANCE NO. ____

AN ORDINANCE GRANTING AN IMPERVIOUS SURFACE VARIATION AT 4059 WEST 106TH PLACE (PAUL MOLINSKI, PETITIONER)

WHEREAS, Section 6(a) of Article VII of the 1970 Constitution of the State of Illinois provides that any municipality which has a population of more than 25,000 is a home rule unit, and the Village of Oak Lawn, Cook County, Illinois, with a population in excess of 25,000 is, therefore, a home rule unit and, pursuant to the provisions of said Section 6(a) of Article VII, may exercise any power and perform any function pertaining to its government and affairs, including, but not limited to, the power to tax and to incur debt; and

WHEREAS, on June 7, 2021, the Zoning and Planning Commission conducted a public meeting on Petition #2021-11, relative to a request submitted by Paul Molinski ("Petitioner"), requesting a 4% impervious surface variation in a R-1 Single-Family zoning district to allow for the installation of a roof over an existing deck at 4059 W. 106th Pl., Oak Lawn, Illinois ("Subject Property"); and

WHEREAS, pursuant to Section 4-5A-7 of the Oak Lawn Village Code, the total area occupied by any building including all impervious surfaces shall not exceed fifty percent (50%) of the total square footage; and

WHEREAS, said Subject Property has an impervious surface coverage of 50% of the Subject Property; and

WHEREAS, with the construction of the addition, the impervious surface coverage will increase 54% of the Subject Property; and

WHEREAS, after hearing testimony on the petition, the Zoning and Planning Commission found that the petition met the requisite standards enumerated in the Village Code for granting a variation and adopted the written factual justifications submitted by the Petitioner; and

WHEREAS, the Zoning and Planning Commission voted unanimously in favor of recommending to the Village President and Board of Trustees to grant the Variation from the requirements of Section 4-5A-7 of the Village Code; and

WHEREAS, the President and Board of Trustees of the Village of Oak Lawn believe and hereby declare that it is in the best interest of the Village and its residents to adopt the findings and recommendations of the Zoning and Planning Commission and to approve said Variation; and

NOW, THEREFORE, BE IT ORDAINED BY THE VILLAGE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF OAK LAWN, COOK COUNTY, ILLINOIS, IN THE EXERCISE OF ITS HOME RULE POWERS, AS FOLLOWS:

SECTION 1: The foregoing recitals shall be and are hereby incorporated as findings of fact as if said recitals were fully set forth herein.

SECTION 2: The Variation set forth herein below shall be applicable to the following described property:

(See Legal Description attached hereto as Exhibit 1)

(Commonly known as 4059 W. 106th Pl., Oak Lawn, Illinois)

(Hereinafter referred to as the "Subject Property")

SECTION 3: A 4% Variation from the lot coverage requirements of Section 4-5A-7 of the Oak Lawn Village Code to allow the installation of gutter drains to divert water at the Subject Property which will increase the impervious surface coverage of the Subject Property, is hereby granted.

SECTION 4: Any policy, resolution or ordinance of the Village that conflicts with the provisions of this Ordinance shall be and is hereby repealed to the extent of such conflict.

SECTION 5: This Ordinance shall be in full force and effect from and after its passage and approval in the manner provided by law.

SUMMARY

10016 S. Komensky Ave., William Fairman. Petitioner is seeking approval for an impervious surface variation. Impervious surface variation petitions are presented to the Zoning and Planning Commission.

BACKGROUND

The petitioner is looking for the approval of the impervious surface variation in order to construct a garage on the property. There is currently no garage. The proposed garage would increase the impervious surfaces on the property from 47% to 59% or 9% over the permitted 50%.

RECOMMENDATION:

The Zoning and Planning Commission met on June 7, 2021. Staff recommends approval of this item with the condition that some stormwater mitigation is installed on the property such as a rain garden, additional native plantings, underdrains, and/or permeable pavement. This will help offset the impervious surface of the new garage.

ORDINANCE NO. ____

AN ORDINANCE GRANTING AN IMPERVIOUS SURFACE VARIATION AT 10016 SOUTH KOMENSKY AVENUE (WILLIAM FAIRMAN, PETITIONER)

WHEREAS, Section 6(a) of Article VII of the 1970 Constitution of the State of Illinois provides that any municipality which has a population of more than 25,000 is a home rule unit, and the Village of Oak Lawn, Cook County, Illinois, with a population in excess of 25,000 is, therefore, a home rule unit and, pursuant to the provisions of said Section 6(a) of Article VII, may exercise any power and perform any function pertaining to its government and affairs, including, but not limited to, the power to tax and to incur debt; and

WHEREAS, on June 7, 2021, the Zoning and Planning Commission conducted a public meeting on Petition #2021-13, relative to a request submitted by William Fairman ("Petitioner"), requesting a 9% impervious surface variation in a R-1 Single-Family zoning district to allow for the construction of a garage and driveway extension at 10016 S. Komensky Ave., Oak Lawn, Illinois ("Subject Property"); and

WHEREAS, pursuant to Section 4-5A-7 of the Oak Lawn Village Code, the total area occupied by any building including all impervious surfaces shall not exceed fifty percent (50%) of the total square footage; and

WHEREAS, said Subject Property has an impervious surface coverage of 47% of the Subject Property; and

WHEREAS, with the construction of the garage and driveway extension, the impervious surface coverage will increase to 59% of the Subject Property; and

WHEREAS, after hearing testimony on the petition, the Zoning and Planning Commission found that the petition met the requisite standards enumerated in the Village Code for granting a variation and adopted the written factual justifications submitted by the Petitioner; and

WHEREAS, the Zoning and Planning Commission voted unanimously in favor of recommending to the Village President and Board of Trustees to grant the Variation from the requirements of Section 4-5A-7 of the Village Code; and

WHEREAS, the President and Board of Trustees of the Village of Oak Lawn believe and hereby declare that it is in the best interest of the Village and its residents to adopt the findings and recommendations of the Zoning and Planning Commission and to approve said Variation; and

NOW, THEREFORE, BE IT ORDAINED BY THE VILLAGE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF OAK LAWN, COOK COUNTY, ILLINOIS, IN THE EXERCISE OF ITS HOME RULE POWERS, AS FOLLOWS:

SECTION 1: The foregoing recitals shall be and are hereby incorporated as findings of fact as if said recitals were fully set forth herein.

SECTION 2: The Variation set forth herein below shall be applicable to the following described property:

(See Legal Description attached hereto as Exhibit 1)

(Commonly known as 10016 S. Komensky Ave., Oak Lawn, Illinois)

(Hereinafter referred to as the "Subject Property")

SECTION 3: A 9% Variation from the lot coverage requirements of Section 4-5A-7 of the Oak Lawn Village Code to allow the construction of a garage and driveway extension at the Subject Property which will increase the impervious surface coverage of the Subject Property, is hereby granted.

SECTION 4: Any policy, resolution or ordinance of the Village that conflicts with the provisions of this Ordinance shall be and is hereby repealed to the extent of such conflict.

SECTION 5: This Ordinance shall be in full force and effect from and after its passage and approval in the manner provided by law.

SUMMARY

9325 S. Sayre Ave., Graciela Canas. Petitioner is seeking approval for impervious surface and second driveway variations. Impervious surface variation and second driveway variation petitions are presented to the Zoning and Planning Commission.

BACKGROUND

The petitioner is looking for the approval of the impervious surface variation in order to replace their concrete driveway, patio, and sidewalk. An existing second driveway will be replaced with permeable pavers. The existing impervious surfaces of the property is 62%. The permeable pavers will reduce the impervious surfaces to 58%, which is still 8% over the permitted 50%.

RECOMMENDATION:

The Zoning and Planning Commission met on June 7, 2021. Staff recommends approval of this item with the condition that additional stormwater mitigation is installed on the property such as a rain garden, additional native plantings, underdrains, and/or permeable pavement. This will help offset the impervious surfaces.

SUMMARY

This Ordinance Approves and Adopts the First Amendment to the Patriot Station TIF Redevelopment Project Plan and Project Area "(The First Amendment").

BACKGROUND

Over four years ago, the Village began a process of overviewing the entire downtown TIF structure in order to assess its ability to attract and maintain sales tax producing businesses in the downtown. Key to that assessment is the life, area, and success of several TIF's. The Village first sought to extend the life of the Triangle TIF however, an agreement could not be reached with Districts 227 and 123, which was at the time a prerequisite for such an extension. The Village then began to view options such as the creation of a new TIF and/or the expansion of existing ones and finally settling on the expansion of the Patriot Station TIF. The Covid 19 Pandemic has only served to underscore the Village's need to have tools available to them to attract and retain retail businesses. Negotiations between the Districts and the Village followed culminating with a series of JRB meetings held in February and March. The JRB ultimately approved a negative recommendation as to the adoption of the First Amendment. After the recommendation, the Village and Districts continued to review the First Amendment and to negotiate over the issues it presented. Finally, after 4 years of considering this action the Village and the Districts were able to reach an agreement that each believes is in the best interests of the constituents they serve.

RECOMMENDATION:

It is recommended that the Board of Trustees vote to approve this Resolution and authorize the execution of the IGA so that the Village is able to amend the Patriot Station TIF Redevelopment Plan and Project Area to best serve the residents of Oak Lawn.

INTRODUCTION

Originally established in the late 1990s, the Village created three separate and adjacent TIF districts (The Triangle Redevelopment Plan, Train Station Redevelopment Plan, and Commuter Parking Lot/Station Redevelopment Plan) to facilitate the development of Oak Lawn's downtown and Metra Station area. Together these TIF Districts have been instrumental in facilitating the revitalization of the area around the Metra commuter rail station and associated station improvements, including new multi-story housing, commercial and a public parking structure adjacent to the station.

The Patriot Station TIF was originally established in 2016 to provide adequate funding support for additional planned improvements in the area, redevelopment of underutilized and vacant buildings and properties, and to provide for needed public roadway and traffic improvements. In 2019, the Village determined that additional parcels located along Cicero Avenue would also benefit from inclusion within the existing Patriot Station TIF and initiated an amendment to the original Patriot Station TIF Redevelopment Plan.

The purpose of the Patriot Station TIF project is to establish a long-term revitalization plan that will be guided by the Tax Increment Redevelopment Plan and Program (the "Redevelopment Plan"). The Village of Oak Lawn will use tax increment financing (TIF) as a tool to facilitate development within the Project Area. The Village developed this Redevelopment Plan to guide public and private improvement and investment decisions and expenditures. The Redevelopment Plan recognizes the importance of conserving both land and building taxable value, as well as protecting the existing character and stability of Oak Lawn.

The Redevelopment Plan is an important step for the Village to improve the Patriot Station area to strengthen economic development and job growth. This Redevelopment Plan will provide a framework for future years' redevelopment of the Project Area regarding improvements and reinvestment over the next 23 years. The goals of the Redevelopment Plan include: creating a funding mechanism to provide the necessary public infrastructure and financial incentives required to encourage the improvement and redevelopment of existing businesses, remove blighting conditions, and promote development of vacant land and underutilized buildings for uses that will contribute to the economic strength and vitality of Oak Lawn.

Village officials have determined that, without direct municipal involvement and financial assistance, the Village's goals and objectives for this area—particularly the economic development goals for the Patriot Station area identified in the Oak Lawn Comprehensive Plan and 95th Street Corridor Plan cannot be met. To encourage new investment in the Project Area, the Village of Oak Lawn has created the following Redevelopment Plan and Program to identify an effective approach to facilitate such development.

REDEVELOPMENT PROJECT AREA DESCRIPTION

The original Project Area included parcels around Patriot Station, along 95th Street and the Metra rail line. The parcels are in two clusters, connected by the rail line. The first is north and south of 95th Street near 51st Avenue, encompassing parts of the Metra parking lot, the Tank Memorial Site, and the David's Bridal site. South of 95th Street it encompasses the commercial property and parking lot between 51st Avenue and 50th Court, as well as the two small lots behind it. The second cluster is south of 95th Street. It includes most of the parking lot between Cook Avenue, Yourell Drive, and 52nd Avenue, and the area between the rail line, 96th Street, and Tulley Avenue. The original Project Area includes mostly commercial and industrial uses. Covering approximately 17 acres, the original Project Area includes 7 structures on 26 parcels.

The amended Project Area includes additional parcels located along Cicero Avenue north of the railroad tracks, and along 95th Street south of the railroad tracks and west of Cicero Avenue. The amended parcels are primarily commercial/retail in nature, including a total of 15 structures on 43 parcels.

Figure 1 below illustrates the boundaries of the original Patriot Station Project Area and other nearby TIF districts. Figure 2 on the following page specifically highlights the new parcels to be included in the amended Patriot Station TIF district.

Summary of the Eligibility of the Proposed Project Area TIF District

The eligibility of the original Patriot Station TIF was determined in September of 2016. The original Redevelopment Area qualified for designation under the following eligibility criteria:

1. Age of Structures;
2. Deterioration;
3. Structures below minimum code standards;
4. Lack of community planning;
5. Deleterious Land Use or Layout;
6. Inadequate utilities;
7. Decline in equalized assessed value (EAV);
8. Excessive vacancies; and
9. Excessive land coverage.

In December of 2019, a study was undertaken, consistent with the Act and related procedural guidelines, to determine the eligibility of the Patriot Station Project Area Amendment. These "Eligibility Findings" indicate that the proposed Project Area meets the statutory requirements of a "conservation area" (50% of the buildings within the Project Area at least 35 years or more in age and a combination of at least three blighting factors), and is therefore eligible for designation as a "Tax Increment Finance Redevelopment Project Area."

As detailed in Appendix A – Tax Increment Financing Amendment Eligibility Report, the amended Project Area is eligible for designation as a "conservation area" due to the predominance and extent of the following characteristics:

1. Age of structures;
2. Obsolescence;
3. Deterioration;
4. Inadequate utilities; and
5. Deleterious land use or layout.

Each of these factors contributes significantly to the eligibility of the Project Area as a 'conservation area.' All of these characteristics point towards the need for designation of the Project Area as a "conservation area" to be followed by public intervention in order that redevelopment might occur.

REDEVELOPMENT GOALS AND OBJECTIVES

The Redevelopment Plan aims to use the current conditions within the Project Area that have caused the area's inability to achieve the Village's goals established in the Comprehensive Plan and the 95th Street Corridor Plan. The Village has had a clear and strong desire for the Project Area to contribute economically to the overall Village from new opportunities such as new development, redevelopment, and improvements throughout the Project Area.

The goals listed below for this Redevelopment Plan are based on those found in the Village's Comprehensive Plan and the 95th Street Corridor Plan.

1. Promote the Patriot Station TIF Project Area as a unique and viable site for catalyst developments including medical and office uses, as well as other commercial and residential uses that can further attraction of investment and mixed-uses.
2. Encourage development and land uses that reflect the Patriot Station TIF's transit-oriented location near the Metra station to incorporate higher-density buildings and compact design.
3. Create a sustainable mixed-use district that both serves current resident and business needs as well as acts as a regional destination in order to increase property and sales tax revenues and to spur additional growth and redevelopment.
4. Promote the 95th Street Corridor as a main commercial activity area by incorporating a mix of retail, service, institutional, and transportation uses.
5. Emphasize the "Heart of Oak Lawn" ideal by creating a strong and unique sense of place through physical features, including new development, redevelopment, and improvements to appearances along major corridors.
6. Enhance the appearance of the Project Area in alignment with the Comprehensive Plan and 95th Street Corridor Study including streetscape, landscape, and gateway improvements.
7. Provide new and improve existing pedestrian and bike infrastructure to allow better coordination with auto-oriented spaces within the Project Area.
    a. Use these improvements to create pedestrian-oriented connections and areas throughout the Project Area as discussed in the 95th Street Corridor Plan.
8. Incorporate landscaping and screening where buffering is needed to mitigate issues related to commercial lots and parking neighboring residential properties.
9. Focus economic development on retaining and improving existing businesses as well as attracting new business to improve the tax base and create more employment and shopping opportunities for the community.
10. Maintain and incorporate new, strong public/private partnerships when possible to better coordinate financial resources in carrying out goals and objectives set out by the Comprehensive Plan, 95th Street Corridor Plan, and this Redevelopment Plan.
    a. Encourage development of vacant properties and redevelopment or improvements of deteriorated properties by private investment using financial incentives.
11. Ensure municipal utilities are providing the necessary infrastructure that will make new, private development and redevelopment easier through upgrades and expansion.
12. Provide enough parking to support existing and new development, as well as commuter parking for Metra by expanding and/or consolidating existing public parking.
    a. When possible, limit parking to align with transit-oriented development ideals for the Patriot Station TIF Project Area's location near the Metra station.
13. Encourage private purchase of Project Area properties for redevelopment and, if needed, pursue public acquisition.

REDEVELOPMENT PLAN & PROGRAM

Undertaking the development and improvement of the Patriot Station TIF Project Area is a large task for the Village that will present both challenges and opportunities. An implementation strategy needs to be put in place to ease the process and assist in the revitalization of properties within the Project Area, as well as stimulate private development throughout the Village. Business attraction and expansion will be key parts of the strategy. The Village will make significant public investments in the area supported by anticipated new revenues generated through property tax increment. These Village investments have resulted in attracting private development efforts that will stimulate the comprehensive revitalization of the entire Project Area. The adoption of this Redevelopment Plan and Program will aid in the implementation of the goals and objectives of the Village, and will assist in stimulating additional development and rehabilitation, which otherwise could not reasonably be anticipated to occur without the adoption of this Redevelopment Plan.

The Act describes a Redevelopment Plan as:

"…the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions, the existence of which qualified the redevelopment project area as a blighted area or conservation area ..., and thereby serves to enhance the tax bases of the taxing districts which extend into the redevelopment project area."

Successfully implementing the Redevelopment Plan will require the Village to take advantage of the real estate tax increment attributed to the Project Area as provided for by the Act. The Project Area would not reasonably be developed and improved as planned by the Village without the use of such incremental revenues.

Ultimately, the implementation of the Redevelopment Plan and Project will benefit the Village and all the taxing districts in the form of a significantly expanded tax base. The designation of the area as a Redevelopment Project Area will allow the Village to address deficiencies including (but not limited to):

- Establishing a pattern of land-use activities that will increase efficiency and residential uses and economic relationships, especially as such uses complement adjacent retail and residential uses;
- Entering into redevelopment agreements in order to include the redevelopment of properly and/or to induce new development to locate within the Project Area;
- Coordinating and providing adequate parking for all redevelopments;
- Coordinating redevelopment uses located within floodplain areas;
- Improving area appearance through landscape, streetscape and signage programs;
- Coordinating land assembly in order to provide sites for more modern redevelopment plans; and
- Providing infrastructure that is adequate in relation to redevelopment plans.

Purpose of the Redevelopment Plan

Pursuant to the Act, the purpose of a Redevelopment Plan for the Project Area is to promote the health, safety, morals, and welfare of the general public by:

1. Eradicating blighting conditions and instituting conservation measures;
2. Removing and alleviating adverse conditions by encouraging private investment of underutilized and vacant properties which will strengthen the economy, tax base, business environment, and living environment;
3. Improving existing public utilities and expanding roads within the area; and
4. Enhancing the overall quality of the Project Area and adjacent neighborhoods.

Redevelopment Land Use Plan

The aim of the Redevelopment Plan is the revitalization of the Project Area as a commercial, residential and business center providing a mix of uses that offer a variety services, residential options, employment opportunities, and improvements to the health, safety, property values, and quality-of-life of the Village of Oak Lawn.

Future Land Use Plan

The Future Land Use Plan in Figure 5 (Original) and Figure 6 (Amendment) indicates a configuration of land uses that are anticipated to create the optimal scenario for long-term growth and redevelopment of the Project Area. Below is a summary description of each land use type:

Mixed-Use
Mixed-uses are the most predominant recommended use for the original Project Area. This land use classification includes commercial, office, and multi-family residential. Typically, commercial uses such as retail or restaurants will locate on the first floor with either office or multi-family residential above. This use will incorporate the 95th Street Corridor Plan's Town Center land use which involves strengthening connectivity between Metra and PACE, supporting transit-oriented land uses, enhanced pedestrian and bike accommodations, and emphasis on the area being the Village's cultural destination with placemaking techniques.

Commercial
Commercial land uses for the future of the Project Area will include retail and service use along 95th Street and Cicero Avenue that will enhance the corridor. This land use classification includes individual businesses on smaller lots with lower densities. According to the 95th Street Corridor Plan, uses along the commercial corridor will include bus, pedestrian, and bike access where possible and have best practices regarding design guidelines.

Multi-family Residential
This land use classification includes multi-family buildings. This land use aims to see townhomes built across the street from the new, existing multi-family building. This use will also incorporate the 95th Street Corridor Plan's Town Center land use like the mixed-use classification above.

Open/Cultural Space
This land use classification preserves two small existing parcels in the original redevelopment boundary. The first is the triangular-shaped parcel where the Tank Memorial sits. The other triangular-shaped parcel is a maintained green space.

Parking
Parking will be provided in either surface lots or parking structures. These will facilitate new development in the area. This use will also incorporate the 95th Street Corridor Plan's Town Center land use like the mixed-use and multi-family residential categories.

Redevelopment Plan Activities

The purpose of the Redevelopment Plan for the Project Area is to identify the necessary infrastructure, and the financial and regulatory incentives that are needed to support development, and the retention, expansion, and improvement of existing businesses. The objective of these investments is to encourage private investment in the Project Area in order to redevelop underutilized and vacant buildings and parcels. Overall, the following redevelopment activities will contribute to the long-term economic health and vitality of the Project Area and Village of Oak Lawn.

The Village of Oak Lawn will entertain other development proposals for blocks or parcels if the proposed uses are consistent with the overall intent of the Village Comprehensive Plan, the 95th Street Corridor Plan, and the original/amended Patriot Station Redevelopment Plan.

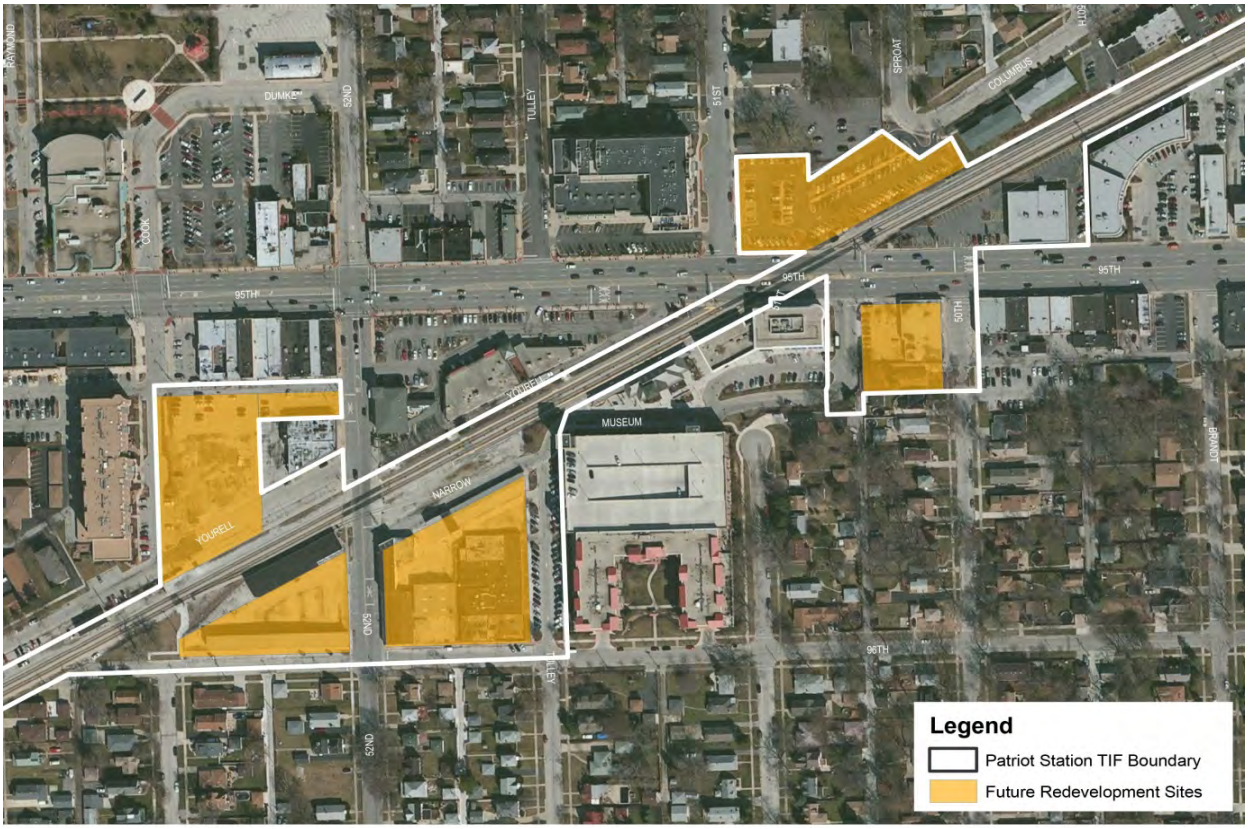

Figure 7 - Future Redevelopment Sites
Original Patriot Station Redevelopment Plan (2016)

Figure 7 displays the five key redevelopment opportunity sites within the Project Area. There are no additional key redevelopment opportunity sites located within the amended Project Area boundary.

The key redevelopment opportunity sites are those parcels or clusters of parcels that offer a likelihood of being developed over the 23-year life of the TIF District, primarily due to factors such as the presence of vacant or underutilized parcels, and parcels that contain obsolete uses. Additional development activity may also occur on other parcels not specifically highlighted on Figure 7 over the life of the TIF and would also be eligible for potential TIF funding assistance.

The Future Land Use Plan and Future Redevelopment Sites maps identified in this document shall not each serve as a guide for development within the Project Area. They are not meant to establish specific requirements and should not be rigidly interpreted. Adjustments may be made in response to market conditions and other key factors as long as they remain consistent with the Village's overall goals and objectives. Designation of a property as a development opportunity site merely suggests future potential that may be realized through site improvements to better accommodate existing uses or through more significant redevelopment efforts.

The redevelopment opportunity sites identified on Figure 7 include projects that may require assembly of properties, the demolition of existing structures, rehabilitation of existing structures, and/or the construction of new structures.

Undertaking redevelopment activities outlined above will generate increased tax revenues, expand the availability of parking, high quality retail, residential, and office space in Oak Lawn, and stimulate additional development in surrounding areas.

Property Improvements

In addition to redevelopment activities identified above, the Redevelopment Plan recommends improvements and expansion to existing properties and buildings, including building maintenance and repair, parking lot repair and reconstruction, and façade enhancements that will occur within the Project Area throughout the 23 year life of the TIF District. However, it is difficult to accurately predict on a parcel-by-parcel basis which of these properties will be improved.

Housing Displacement Certification

As described in both the summary of existing land uses and the Redevelopment Plan and Program section of this document, the Project Area (including the amended Project Area) does not include residential units, and the implementation of the Redevelopment Plan will not result in displacement of residents from 10 or more inhabited residential units. Therefore, the Village certifies that such displacement will not result from the plan, and a housing impact study need not be performed.

Eligible Project Costs

Redevelopment project costs mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to the Redevelopment Plan and Program. As provided by the Act, such costs may include, without limitation, the following:

1. Costs of studies, surveys, development of plans, and specifications, implementation and administration of the Redevelopment Plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services.
2. The cost of marketing sites within the Project Area to prospective businesses, developers, and investors.
3. Property assembly costs including, but not limited to, acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation and site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land.
4. Costs of rehabilitation, reconstruction, repair, or remodeling of existing private or public buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment.
5. Costs of the construction of public works or improvements.
6. Costs of jobs training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the Project Area, and costs of advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, as provided in the Act.
7. Financing costs, including but not limited to, all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued under the Act accruing during the estimated period of construction of any redevelopment project for which such obligations are issued, and not exceeding 36 months thereafter and including reasonable reserves related thereto.
8. To the extent the Village by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the Redevelopment Project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the Redevelopment Plan.
9. An elementary, secondary, or unit school district's increased costs attributable to assisted housing units as provided in the Act.
10. Relocation costs to the extent that the Village determines that relocation costs shall be paid or is required to make payment of relocation costs by Federal or State law.
11. Payment in lieu of taxes.
12. Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project, as provided by the Act.

13. Up to 50% of the cost of construction, renovation, and/or rehabilitation of all low- and very low-income housing units as defined in Section 3 of the Illinois Affordable Housing Act, as provided by the Act.

Without limiting the forgoing, the Village may incur redevelopment project costs for:

Acquisition and Clearance

To meet development objectives of this Redevelopment Plan the Village may elect to acquire properties through a direct market transaction. However, under exceptional circumstances, the Village Board may choose to exercise its power of eminent domain, including appropriate compensation for property acquisition. It is not the intent of the Village to acquire through eminent domain, or to acquire specific properties at this time. However, a determination by the Village to acquire properties may be made without further amendment to this Plan.

Land Disposition

Property, which may be acquired by the Village, may be assembled into appropriate development or rehabilitation sites. These properties may be sold or leased by the Village to other public bodies or to private developers, in whole or in part. Terms of conveyance may be incorporated into appropriate disposition documents or agreements and may include more specific restrictions than contained in this Redevelopment Plan or in other municipal codes and ordinances governing the use of the land. The Village reserves the right to sell or lease any property acquired within the Project Area during the 23-year duration of the TIF District. Any future modifications to the stated disposition actions of this Plan will be in accordance with the objectives of this Redevelopment Plan and Program and will not require any amendment to the Plan.

No conveyance, lease, mortgage, disposition of land or other property, or agreement relating to the development of property will be made except upon the adoption of an ordinance by the Village. Furthermore, no conveyance, lease, mortgage, or other disposition of land or agreement relating to the development of property shall be made without providing reasonable opportunity for the submission of alternative proposals or bids.

TIF Assisted Public and Private Improvements

The Village of Oak Lawn will provide public improvements and provide financial assistance for eligible private improvement costs in the Project Area to facilitate development in support the Redevelopment Plan, and to serve the needs of Oak Lawn residents, property and business owners. Improvements may include, but are not limited to, the following:

1. Vacation, removal, resurfacing, widening, reconstruction, signalization, and other improvements to rights-of-way, streets, sidewalks, pedestrian ways, and pathways;
2. Flood control and stormwater management projects;
3. Construction of off-street parking facilities and structures;
4. Improvement or expansion of public utilities such as sewer and water lines, curbs and gutters, and stormwater detention facilities;
5. Demolition and rehabilitation of obsolete structures;

6. Beautification improvements, including streetscape, lighting, signage, and landscaping;
7. Grants or loans to private property owners for eligible property improvements, including building rehabilitation, façade restoration or enhancements;
8. Relocation expenses;
9. Public utility improvements (including, but not limited to electric and gas services and mains; and
10. Signalization, traffic control and lighting.

The Village of Oak Lawn and individual developers, pursuant to an agreement between the parties, may share the costs associated with these improvements. The Village may determine at a later date that certain listed improvements are no longer needed or are appropriate and may remove them from the list or may add new improvements to the list that are consistent with the objectives of this Redevelopment Plan.

Phasing of Projects

The redevelopment projects within this Redevelopment Plan will take varying periods of time. Some will be short-term projects while others will be long term. It is anticipated that all redevelopment projects will occur within five years, with public improvements to be occur during the term of the TIF District as funds become available. All projects are estimated to be completed within the 23-year life of the TIF District. Façade improvements, building rehabilitations, and other activities on individual properties may also occur throughout the life of the TIF District.

Estimated Project Costs

Estimated redevelopment project area costs for public improvement projects listed above are provided in Table 1 below:

Table 1: Estimated Redevelopment Project Costs

Category	Cost (Original Plan)	Cost (Amended Plan)
Property assembly, acquisition of land, demolition of buildings, site preparation and site improvements	$1,500,000	$500,000
Environmental, market and planning studies, surveys, development of engineering and architectural plans, specifications, implementation and administration fees	$470,000	$100,000
Rehabilitation, reconstruction, repair, or remodeling of existing public or private buildings and fixtures	$470,000	$250,000
Street construction, repair, or reconstruction; streetscape improvements, including but not limited to: sidewalks, landscaping, signs, street furniture, trash receptacles, bike racks	$5,900,000	$1,500,000

Development finance costs	$2,800,000	$100,000
Environmental remediation	$575,000	$250,000
Infrastructure and utility improvements, including but not limited to: water, sanitary sewer and storm sewer, and stormwater management	$1,300,000	$1,800,000
Public parking	$8,100,000	$500,000
Total Estimated Project Costs	$21,115,000	$5,000,000
Grand Total (Original plus Amended)	$26,115,000	

(1) Over the lifetime of the TIF, development project costs may fluctuate and necessitate a change to the individual line items; however, such changes will not result in an increase of the total estimated project costs. Such modifications may be made without further amendment to this Plan so long as there is not an overall increase in the total estimated project costs, except as permitted under the Act.

(2) Total development project costs exclude any additional financing costs, including any interest expenses, capitalized interest, and costs associated with optional redemptions. These costs are subject to prevailing market conditions and are in addition to the total project costs.

(3) Total project costs are inclusive of development project costs in contiguous Project Areas or those separated by only a public right-of-way that are permitted under the Act to be paid from incremental property taxes generated in the Project Area, but do not include development project costs incurred in the Project Area which are paid from incremental property taxes generated in contiguous Project Areas or those separated only by a public right-of-way. The amount of revenue from the Project Area made available to support such contiguous Project Areas, or those separated only by a public right-of-way, when added to all amounts used to pay eligible development project costs within the Project Area, shall not at any time exceed the total development project costs described in the Redevelopment Plan.

(4) Public improvements may also include capital costs of taxing districts and other costs allowable under the Act. Specifically, public improvements as identified in the Redevelopment Plan and as allowable under the Act may be made to property and facilities owned or operated by the Village or other public entities. As provided in the Act, development Project Costs may include, to the extent the Village by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the development project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the Redevelopment Plan.

Sources of Funds

The Act provides a method for municipalities to finance public development costs with incremental real estate tax revenues. Incremental tax revenue is derived from the increase in the current equalized assessed valuation (EAV) of real property within the Project Area over and above the certified initial EAV of the real property. Any increase in EAV is then multiplied by the current tax rate, resulting in the tax increment revenue. Funds necessary to pay redevelopment project costs may be derived from a number of authorized sources. These may include, but are not limited to, the following:

1. Real property tax increment revenues from the Project Area;
2. Tax revenues resulting from the establishment of any Special Service Area districts within the Project Area;
3. Interest earned on temporary investments;
4. Gifts, grants, and contributions;
5. Bond proceeds;

6. Sale or lease of land proceeds;
7. User fees;
8. Municipal sales taxes; utility and motor fuel taxes,
9. Funds from contiguous TIF project areas, and
10. The Village's general revenue fund.

The principal source of funds will be the incremental increase in real property taxes attributable to the increase in the equalized assessed value of each taxable lot, block, tract or parcel of real property in the Project Area over the initial equalized assessed value of each such lot, block, tract or parcel. It is estimated that the incremental increase in property taxes over the term of the TIF District in 2016 dollars will be **$27,516,907.** The additional estimated incremental increase in property taxes resulting from the amended Project Area boundary over the remaining term if the TIF District in 2019 dollars will be **$5,150,475**. There may be other eligible local sources of revenue that the Village determines are appropriate to allocate to the payment of redevelopment project costs.

The Project Area may, in the future, be contiguous to, or separated only by a public right-of-way from, other Redevelopment Project Areas created under the Act. The Village may utilize net incremental property taxes received from the Project Area to pay eligible redevelopment project costs, or obligations issued to pay such costs, in other contiguous Redevelopment Project Areas or other Project Areas separated only by a public right-of-way, and vice versa. The amount of revenue from the Project Area, made available to support such contiguous Redevelopment Project Areas, or those separated only by a public right-of-way, when added to all amounts used to pay eligible redevelopment project costs within the Project Area, shall not at any time exceed the total redevelopment project costs described in this Redevelopment Plan.

In the event that adequate funds are not available as anticipated from aforementioned sources, the Village may utilize its taxing power to sustain the redevelopment projects or repay obligations issued in connection therewith, to be reimbursed over time, if possible, from tax increment revenues.

Nature and Term of Obligations to be Issued

The financial plan of this Redevelopment Plan is intended to establish a conservative public expenditure approach. Revenues will be accumulated in the special tax allocation fund to pay for public purpose expenditures identified in this Redevelopment Plan, and whenever practical, expenditures will be made on a cash basis. This method of financing shall not preclude the Village from undertaking initiatives designed to stimulate appropriate private investment in the Project Area.

Certain redevelopment projects may be of such a scale or on such a time-table as to preclude financing on a cash basis. These projects may be funded by the use of tax increment revenue obligations issued pursuant to the Act for a term not to exceed 20 years. Consistent with the conservative nature of the financial plan for this Redevelopment Program, the highest priority for the issuance of tax increment revenue obligations shall occur when the commitment is in place for private sector investment necessary to fund the amortization of such obligations.

All obligations are to be covered after issuance by projected and actual tax increment revenues and by such debt service reserved and sinking funds as may be provided by ordinance. Revenues not required for the retirement of obligations providing for reserves, sinking funds, and anticipated redevelopment project costs may be declared surplus and become available for distribution annually to the taxing districts in the Project Area.

One or more issues of obligations may be sold at one or more times in order to implement this plan, as now or hereafter amended, in accordance with law.

The Village may, by ordinance, in addition to obligations secured by the special tax allocation fund provided by law, pledge for a period not greater than the term of the obligations any part or any combination of the following:

1. Net revenues of all or part of a Redevelopment Project,
2. Taxes levied and collected on any or all property in the municipality.
3. The full faith and credit of the municipality.
4. A mortgage on part or all of a Redevelopment Project.
5. Any other taxes or anticipated receipts that the municipality may lawfully pledge.

Equalized Assessed Valuation

The total 2015 equalized assessed valuation of the original Project Area was **$1,216,504**. Upon the completion of the development projects it was estimated that the equalized assessed valuation of real property within the Project Area would be approximately **$13,174,812**.

The total 2019 equalized assessed valuation of the Project Area amendment is **$15,664,258**. Upon the completion of the development projects it is estimated that the equalized assessed valuation of real property within the Project Area amendment will be approximately **$19,694,567**.

These figures are based upon estimates of value of new development projects that are anticipated.

Payment in Lieu of Taxes

No payments in lieu of taxes are anticipated as part of the Redevelopment Plan and Program.

Provision for Amending the Redevelopment Plan and Program

The Redevelopment Plan and Program may be amended pursuant to provisions of the Act.

Fair Employment/Affirmative Action

The Village of Oak Lawn will require each private developer entering into an agreement with the Village, in connection with development in the Project Area, to utilize fair employment practices, including an affirmative action program.

FINDINGS OF NEED FOR TAX INCREMENT FINANCING

Lack of Project Area Growth

The original Project Area (as well as the amended Project Area) has not been subject to growth and development by private investment. This is the consequence of the current physical conditions, the little or no growth in property values, and lack of significant development as described below.

- The Village of Oak Lawn established multiple TIF districts (Triangle Redevelopment, Train Station/Commuter Parking Lot, and Triangle Expanded Redevelopment) in the 1990s near and within the Patriot Station TIF Project Area. Those districts were put in place to encourage redevelopment in those areas and has resulted in several new commercial and residential projects, commuter train station and public parking structure. However, many sites that are now part of the Patriot TIF District are still undeveloped and have had declining property values due to the recession. While some key developments have occurred within those TIF areas, the Patriot Station TIF District includes many of the sites that still have not been developed. Those sites currently have lower EAVs than the base EAV level when the TIF districts were created. The decline in EAV will not create the revenue needed to provide incentives for private investment or to complete public improvements.

- As described in the TIF Eligibility Findings Report(s), the conditions of the Project Area (as well as the amended Project Area) display a lack of maintenance and improvements. The original report identified the prevalence of deterioration, old structures and ones below minimum code standards, lack of community planning, deleterious use or layout, inadequate utilities, decline in EAV, vacancies, and excessive land coverage, all of which result from the lack of investment in the Project Area. The amended Project Area exhibits deterioration, obsolescence, inadequate utilities, and deleterious land use or layout. While not every property displays each of these conditions, the Project Area as a whole is characterized by a reasonable extent and meaningful distribution of these factors which has resulted in the lack of investment as envisioned by the Village.

- The equalized assessed value (EAV) of the (original) Project Area has decreased every year since 2011.

Year	EAV	% Change
2011	$1,578,473	
2012	$1,468,187	-7.0%
2013	$1,393,093	-5.1%
2014	$1,241,491	-10.9%
2015	$1,216,504	-2.0%

- The amended Project Area includes deteriorating, vacant and underutilized properties, including the Fifth Third Bank property among others. The amended Project Area is also proliferated with retail commercial uses transitioning into medical office uses which do not generate sales tax revenues for the Village of Oak Lawn. Redevelopment of these sites is dependent on incentives from the Village to overcome excessive costs of building demolition and site preparation in order to make the area suitable for new development, and the lack of availability of such incentives has discouraged potential redevelopment opportunities in the amended Project Area. The Village is in active negotiations with a major retail developer for the Fifth Third site and the developer has unequivocally requested TIF assistance in order to proceed. Redevelopment of these sites will not occur without inclusion of the amended area into the Patriot Station TIF and will allow the Village to compete with neighboring communities for future retail developments.

As a result of these factors and conditions, the Project Area is not subject to appropriate growth and development as current conditions hinder the continued development of the area. Therefore, the Project Area is not reasonably anticipated to be developed without adoption of this Redevelopment Plan.

Conformance with Comprehensive Plan

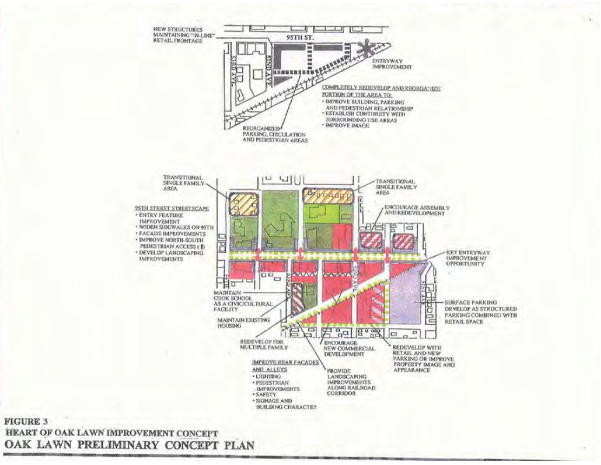

FIGURE 3
HEART OF OAK LAWN IMPROVEMENT CONCEPT
OAK LAWN PRELIMINARY CONCEPT PLAN

The 1997 Comprehensive Plan describes parts of the Project Area often as the "Heart of Oak Lawn" which spans from 51st Avenue to 54th Avenue and Oak Street to 96th Street, with 95th Street running east-west through the center. Many of the original Project Area parcels as well as the amended Project Area parcels fall within this boundary. The plan emphasizes that the area should stay a mixed-use area and be clearly distinguished from the rest of the Village by its land uses and design. It aims for the Heart of Oak Lawn to be "the Village's civic and business focal point." The plan recommended a variety of improvements for the area. Some of these are shown in the image above. Others involve encouraging a mix of land uses and having a cohesive physical image, which would include sidewalk, façade, and rear area improvements, well-integrated Metra commuter facilities, enhanced pedestrian infrastructure, additional parking, and Cook School remaining a civic and cultural focus. The plan notes that the large triangular parking lot parcel between Cook Avenue, 95th Street, and the railroad could be developed as the area's "landmark" feature.

The Comprehensive Plan also has general goals and objectives for the Village, some of which give note to the Project Area and/or commercial areas like 95th Street. The main goal that can be applied to the Project Area is to "emphasize the Village's arterial street corridors as the primary commercial activity areas." Objectives related to this goal are listed below:

- "Objective 1: Promote a healthy and mutually reinforcing mix of commercial, retail, institutional, municipal and transportation related uses along 95th Street."

- "Objective 2: Expand the range of commercial activities along 95th Street and Cicero Avenue."
- "Objective 4. Set physical development and improvement boundaries for the Heart of Oak Lawn and further define the physical and economic relationship between the Heart of Oak Lawn and other commercial areas."
- "Objective 5: Develop and improve the Heart of Oak Lawn as a key design and activity area of 95th Street, and the community as a whole."

Overall, the plan focuses on preserving and improving its commercial corridors, including 95th Street, through design, uses, parking availability, streetscape, etc. in order to make a strong Heart of Oak Lawn that is unique from other areas within the Village. The plan also noted the desire for an additional study specifically for the Heart of Oak Lawn as it could have better understanding and specific recommendations for that area.

95th Street Corridor Plan

The 95th Street Corridor Plan was adopted by the Village Board on March 11, 2014. The purpose of the plan was to "balance the regional demands of an automobile-oriented corridor with community vision for a livable street." The plan addresses transportation, streetscape, site development concepts, design guidelines, zoning, land use, and market development goals for the corridor. While the plan spans the entire corridor, the plan does specifically focus on the section of 95th Street that contains the Project Area. This section spans from Central Avenue to Cicero Avenue. This area includes the Project Area parcels. It is important to note the recommendations both inside and just outside of the Project Area as outside improvements could also contribute to the future of the TIF Project Area. Some improvements include streetscape, land use, and zoning recommendations, pedestrian and bike accommodations, and parking.

The Plan breaks down the site development concepts into redevelopment sites and enhancement opportunity sites. Some of these fall within the TIF Project Area. The Project Area's enhancement opportunity site improves the vacant areas behind commercial buildings with façade, site, and landscape enhancements. Redevelopment opportunity sites include the three large triangular areas along the railroad tracks near the southwest of the Project Area, as well as the Karas building on 95th Street. The Plan envisions these sites as multi-family residential, mixed-use, and downtown infill retail. Further details about each site can be found in the 95th Street Corridor Plan.

The Comprehensive Plan and 95th Street Corridor Plan displays the community's investment and desires for the Project Area to become a key, vibrant part of Oak Lawn. By contributing to the economic base of the Village and becoming a center for commercial and other compatible uses, the Project Area can become the improved "Heart of Oak Lawn." The Patriot Station TIF District would enhance the Project Area's development potential by creating conditions that will attract business to the area. The redeveloped Project Area would continue to encourage people to visit Oak Lawn which will improve the economic base and reduce tax burden for residents of the Village.

Date of Completion

The estimated year of completion of the redevelopment projects and retirement of obligations issued to finance redevelopment project costs is December 31, 2041 (The year after the 23rd year from the date of adoption of the ordinance approving the (original) Project Area).

FINANCIAL IMPACT OF REDEVELOPMENT

Without the adoption of the Redevelopment Plan and Program the Project Area is not reasonably expected to be redeveloped by private enterprise. In the absence of financial assistance and public improvements provided by the Village there is a prospect that blighting factors will continue and spread to the adjacent business areas, and the area as a whole will become less attractive for new development and investments in existing buildings and sites, which may lead to higher vacancies. The continued erosion of the assessed valuation of property in and outside of the Project Area will lead to a reduction of real estate tax revenue to all taxing districts.

Implementation of the Redevelopment Plan is expected to have short-term and long-term positive financial impacts on all the taxing districts affected by this Redevelopment Plan. In the short term, the Village's effective use of tax increment financing can be expected to stabilize existing assessed values in the Project Area, thereby stabilizing the existing tax base for local taxing agencies. In the long-term, after the completion of all redevelopment improvements and activities, the completion of redevelopment projects and the payment of all redevelopment project costs and municipal obligations, the taxing districts will benefit from any enhanced tax base which results from the increase in equalized assessed valuation generated as a result of financial incentives proposed in this Redevelopment Plan.

It is anticipated that the implementation of this Redevelopment Plan and Project will have a minimal financial impact on most of the affected taxing districts. In fact, the action taken by the Village to stabilize and encourage growth of its tax base through the implementation of this Redevelopment Plan and Project will have a positive impact on the affected taxing districts by addressing Project Area vacancies and the lag in growth (as compared to the remainder of the Village). The Redevelopment Plan's future residential land uses may affect the elementary and high school taxing districts as school age children could result from the new dwelling units. The Village will follow the guidelines provided by the Act to compensate the districts at levels dictated by the precise increase in net new students pursuant to the Act.

Additionally, should the Village achieve success in attracting private investment which does result in the demonstrated need for increased services from any other taxing district, the Village would consider declaring sufficient TIF related surpluses, which funds are neither expended or obligated for redevelopment activities, as provided by the Act, to assist such taxing districts in paying the costs for any increased services. Any surplus Special Tax Allocation Funds, to the extent any surplus exists, will be proportionately shared, based on the appropriate tax rates for a given year, with the various taxing districts, including the Village. This will occur only after all TIF eligible costs to satisfy any financial obligations that have incurred or expended by the Village have been duly accounted for through administration of the Special Tax Allocation Funds to be established by the Village as provided by the Act. The exception to this provision will be to the extent that the Village utilizes TIF funding to assist in the redevelopment of residential units. In such cases the Village will provide for the cost incurred by eligible school districts in the manner prescribed by 65 ILCS Section 5/11-74.4.3(q)(7.5) of the Act.

SUMMARY

This Resolution Approves an IGA between the Village Dist. 227, and Dist. 223 in regards to the First Amendment to the Patriot Station TIF Redevelopment Plan and Project Area. The IGA evidences the support of the Districts for the First Amendment effectively nullifying the negative recommendation. The IGA sets forth the duties and obligations of each party going forward in relation of the TIF and authorizes the repayment of TIF eligible expenses incurred by the Village and the Districts going back more than four years negotiating and vetting this amendment in some form or another. o

BACKGROUND

The IGA evidences the support of the Districts for the First Amendment effectively nullifying the negative recommendation. The IGA sets forth the duties and obligations of each party going forward in relation of the TIF and authorizes the repayment of TIF eligible expenses incurred by the Village and the Districts going back more than four years negotiating and vetting this amendment in some form or another. The Superintendents and legal counsel for each district have reviewed and provided feedback on the IGA and have relayed the full support of each respective Board.

RECOMMENDATION:

It is recommended that the Board of Trustees vote to approve this Resolution and authorize the execution of the IGA so that the Village is able to amend the Patriot Station TIF Redevelopment Plan and Project Area to best serve the residents of Oak Lawn.

INTERGOVERNMENTAL COOPERATION AGREEMENT BY AND BETWEEN THE VILLAGE OF OAK LAWN, OAK LAWN HIGH SCHOOL DISTRICT 229 AND OAK LAWN-HOMETOWN SCHOOL DISTRICT 123

This Intergovernmental Cooperation Agreement is made and entered into this ____ day of June, 2021 by and between the Village of Oak Lawn ("Village"), the Board of Education of Oak Lawn High School District 229 ("D229"), and the Board of Education of Oak Lawn-Hometown School District 123 ("D123"), collectively referred to as the Parties ("the Parties"). Each of the Parties are jurisdictional taxing bodies for the Patriot Station Tax Increment Financing ("TIF") Redevelopment Project Area and the proposed First Amended Patriot Station TIF Redevelopment Project. The Parties other than the Village are referred to collectively as the "Districts".

WHEREAS, the Districts are duly organized and validly existing school districts in the State of Illinois; and

WHEREAS, the Districts have the authority to enter into this Agreement pursuant to the provisions of Section 10 of Article VII of the Illinois Constitution of 1970 and the provisions of the Intergovernmental Cooperation Act, 5 ILCS 220/1 *et seq*.; and

WHEREAS, pursuant to the provision of the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/1174.4-1 et seq. ("the Act"), the Village is empowered to take certain actions pertaining to redevelopment project areas and to adopt redevelopment plans and projects and establish redevelopment project areas and amendments thereto, and to finance the plans and project areas through the use of tax increment financing; and

WHEREAS, pursuant to the Act the Village has initiated the statutory process to adopt the First Amendment to the Patriot Station Tax Increment Financing Project and Plan attached hereto as Exhibit A ("the First Amendment") and implement tax increment financing throughout the area depicted in the First Amendment; and

WHEREAS, the Parties constituted part of, and participated in, the Joint Review Board ("JRB") process prior to the creation of both the original Redevelopment Project Areas and Plan and more recently the First Amendment; and

WHEREAS, subsequent to the recommendation of the JRB for the First Amendment the Parties continued to meet and confer in a cooperative manner to resolve all differences of opinion and outstanding issues; and

WHEREAS, in the spirit of cooperation and in the best interests of the health, safety, and welfare of the citizens the Districts, subject to the conditions set forth herein, wish to express their support of the First Amendment to the Patriot Station TIF District; and

WHEREAS, the execution and delivery of this Agreement have in all respects been authorized, and all things necessary to make this a valid and binding agreement of the Districts.

NOW THEREFORE, in consideration of the premises and the mutual covenants hereinafter set forth, the Parties hereto agree as follows:

Section 1. Incorporation. The representations and recitations hereinabove set forth in the preambles are hereby incorporated into this Agreement as if fully restated herein.

Section 2. Agreements, Waivers, and Duties of the Parties.

i. The Districts will not oppose an action by the Village to make the proposed First Amendment to the Patriot Station TIF District upon the Village's adoption of the requisite ordinance(s) and the filing of same with the Cook County Treasurer' Office.
ii. The Parties agree that the Cicero Avenue TIF shall remain open no longer than its statutorily determined termination date and that the Village shall take all necessary actions to accomplish a timely termination.
iii. The Parties acknowledge that this Agreement is the result of more than four years of discussion, negotiation, and analysis among the Parties regarding the First Amendment and other related TIF issues. In recognition of the administrative burden and fees that have been absorbed by the general funds and ultimately the taxpayers of the Village, D229, and D123 throughout this process, each such Party shall be entitled to be reimbursed for any reasonable fees and costs actually incurred in the process via available funds on hand in the Cicero Avenue TIF District or Patriot Station TIF District. The total amount of the reimbursement shall not exceed $175,000 apportioned as follows: $110,000 for the Districts, to be divided as they mutually agree between themselves; $55,000 for the Village; $5,000 to the Oak Lawn Park District, and $5,000 to Worth Township.
iv. Beginning with the next installment of incremental taxes to the Cicero Avenue TIF, the Village shall declare at least 50% of it as surplus and return to the County for distribution to all taxing districts with taxing authority in accordance with each such taxing districts' relative tax rates and as set forth in the Act. The remaining portion of incremental taxes not declared as surplus shall be available to the Village to use for any appropriate TIF expenses in the Cicero Avenue TIF, Patriot Station TIF, or any other TIF that district that may lawfully receive said funds.
v. The Districts agree to forever waive the right to bring any action whether in law or equity to challenge the designation of the project area, the redevelopment plan and project, the area's eligibility, the expenditure of Incremental Revenues or any other matter with regard to the Patriot Station TIF, the First Amendment, and/or the Cicero Avenue TIF except for actions and omissions occurring after the approval of this Agreement.
vi. In the event all obligations and expenses as set forth in the Redevelopment Plan are extinguished prior to the statutorily determined termination date of the Patriot Station TIF, the Village agrees to terminate the TIF at such time. The determination of whether the obligations and expenses to be extinguished shall be made solely by the Village, after consultation with the School Districts.
vii. The Parties will seek to use any surplus funds received from either the Cicero Avenue TIF or Patriot Station TIF in a manner that most benefits the residents of

the Districts. The Parties may continue to discuss and explore how to most benefit the Districts' residents before, during, and after the drafting and execution of this Agreement, but the use to which each District puts the surplus incremental tax revenues distributed to that District shall be determined by the Board of Education of that District.

viii. The Parties each acknowledge that all of Oak Lawn and its residents benefit when the Parties cooperate as evidenced. In furtherance of the cooperative effort that led to this Agreement, the Village agrees that it shall meet and confer with D229 and D123 prior to engaging a TIF consultant to create a new TIF district or expand the boundaries of a current TIF District in which either D229 or D123 have taxing authority.

Section 3. Execution by Counterpart. This agreement may be executed in multiple counterparts which shall each have the effect of an original document.

IN WITNESS WHEREOF, this Agreement is entered into by and between the Parties hereto as of the date and year first above written.

VILLAGE OF OAK LAWN
Cook County, Illinois

ORDINANCE NO. _____

AN ORDINANCE AMENDING TITLE 3 CHAPTER 29 ENTITLED "VIDEO GAMING"

WHEREAS, Section 6(a) of Article VII of the 1970 Constitution of the State of Illinois provides that any municipality which has a population of more than 25,000 is a home rule unit, and the Village of Oak Lawn, Cook County, Illinois, with a population in excess of 25,000 is, therefore, a home rule unit and, pursuant to the provisions of said Section 6(a) of Article VII, may exercise any power and perform any function pertaining to its government and affairs, including, but not limited to, the power to tax and to incur debt; and

WHEREAS, the Illinois Video Gaming Act ("VGA"), 230 ILCS 40/1 et seq., regulates the operation, licensing, and administration of video gambling; and

WHEREAS, the Village of Oak Lawn ("Village") in accordance with the VGA regulates video gaming activity within the Village; and

WHEREAS, the Village" may exercise any power and perform any function pertaining to its government and affairs including, but not limited to, the power to regulate for the protection of the public health, safety, morals and welfare; to license; to tax; and to incur debt" pursuant to the Article VIl, Section 6 of the Ill. Const. of 1970; and

WHEREAS, the Village section 8–11–6a of the Illinois Municipal Code (65 ILCS 5/8–11–6a

WHEREAS, the Village now desires to impose a tax upon the privilege of operating a video gaming terminal within the Village ("Terminal Operators' Tax"); and

WHEREAS, said Terminal Operators' Tax will be imposed at a rate of $0.01 per play; and

WHEREAS, the Village's Terminal Operators' Tax will provide much needed revenue to promote the general health, safety, and welfare of the Village and its residents, and provide adequate funds to offset the adverse effects of gambling within the Village; and

WHEREAS, the President and Board of Trustees of the Village of Oak Lawn, hereby believe that it is in the best interest of the Village and its residents to impose said Terminal Operators' Tax; and

NOW, THEREFORE, BE IT ORDAINED BY THE VILLAGE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF OAK LAWN, COOK COUNTY, ILLINOIS, IN THE EXERCISE OF ITS HOME RULE POWERS, AS FOLLOWS:

SECTION 1: The foregoing recitals shall be and are hereby incorporated as findings of fact as if said recitals were fully set forth herein.

SECTION 2: That Title 3 Chapter 29 entitled "Video Gaming" of the Village Code of Oak Lawn be and is hereby by amended by deleting the following strikethrough language and adding the following underlined language as follows:

3-29-1: DEFINITION:
All words and phrases used in this section and not otherwise defined herein, which are defined in the Video Gaming Act, 230 Illinois Compiled Statutes 40/1 et seq., shall have the meaning accorded to such words and phrases in said Act. Unless the context otherwise requires, the following terms used in this section shall be construed according to the following definitions:
LICENSED ESTABLISHMENT: Any licensed retail establishment where alcoholic liquor is drawn, poured, mixed, or otherwise served for consumption on the premises, whether the establishment operates on a nonprofit or for-profit basis.
TERMINAL OPERATOR: An individual, partnership, corporation, or limited liability company that is licensed under this Act and that owns, services, and maintains video gaming terminals for placement in licensed establishments, licensed truck stop establishments, licensed fraternal establishments, or licensed veterans establishments.
VIDEO GAMING TERMINAL: Any electronic video game machine that, upon insertion of cash, electronic cards or vouchers, or any combination thereof, is available to play or simulate the play of a video game, including but not limited to video poker, line up, and blackjack, as authorized by the Board as utilizing a video display and microprocessors in which the player may receive free games or credits that can be redeemed for cash. The term does not include a machine that directly dispenses coins, cash, or tokens or is for amusement purposes only. (Ord. 17-09-19)

3-29-2: LICENSE REQUIRED:
No person shall display, operate or otherwise permit the use of any video gaming terminal without first obtaining a license from the Village upon payment of a license fee. (Ord. 17-09-19)

3-29-3: APPLICATION:
Applications for a video gaming license shall be made to the Business Licensing Administrator upon a form to be supplied by the Village and shall contain the following information:

A. Name and address of the applicant, age, date and place of birth;
B. Prior convictions, if any, of applicant;
C. Place where the video gaming terminal is to be displayed or operated, and the business conducted at that place;
D. Number of video gaming terminals to be displayed or operated;
E. Description of video gaming terminal to be covered by the license, mechanical features and serial number;
F. Copy of a valid Illinois Gaming Board license;
G. Copy of a valid Illinois liquor license;
H. Copy of a valid Village of Oak Lawn liquor license; and

I. Such other information as the Village may determine as necessary as set forth in the application form. (Ord. 17-09-19)

3-29-4: RESTRICTIONS ON LICENSES:
All such video gaming terminals shall at all times be kept, placed, operated and monitored in accordance with State laws, applicable regulations and applicable provisions of this Code including, but not limited to:

A. All applicants for video gaming license shall be ineligible for such license for those reasons set forth in section 3-3-5 of this title;

B. A valid Village video gaming license must be clearly displayed at the licensed establishment at all times;

C. No more than ~~five~~ six (~~5~~6) video gaming terminals may be located or placed on a licensed establishment;

D. Video gaming terminals shall be placed in an area restricted to persons twenty one (21) years of age or over;

E. Prohibiting persons under the age of twenty one (21) years and persons who are visibly intoxicated from entering or remaining in the gaming area;

F. The video gaming area shall be physically monitored at all times during the legal hours of operation by an employee over twenty one (21) years of age; and

G. The operation of the video gaming terminals shall only be allowed during the legal hours of operation allowed for the consumption of alcoholic beverages at the licensed establishment as consistent with section 3-3-6 of this title pertaining to liquor control. The suspension or revocation of a licensee's liquor license shall result in the automatic suspension or revocation of the licensee's video gaming license without refund of any portion of the license fee and without the requirement of any further action by the Village.

H. The cancellation, suspension, or revocation of a licensee's Illinois Gaming Board license shall result in the automatic cancellation, suspension, or revocation of the licensee's video gaming license without refund of any portion of the license fee and without the requirement of any further action by the Village. (Ord. 17-09-19)

3-29-5: LICENSE FEES:
Every applicant, before being granted a video gaming license, shall pay to the Village the following annual license fee for each fiscal year (May 1 through April 30), which fee shall not be prorated.

Video gaming terminal, per machine
$ 500.00
Video gaming terminal, operator's business (limit of 6 terminals per establishment)
1,000.00

No license for an individual video gaming terminal (per machine license) shall be issued at the yearly rate of fees except for the full regulatory year; provided, however, that where such license issued on or after November 1, the regulatory fee shall be one-half (1/2) of the yearly fee for the unexpired term of the regulatory year. (Ords. 17-09-19, 19-28-94)

3-29-6: NUMBER OF LICENSES:

The number of video gaming licenses authorized to be issued to licensed establishments shall be amended from time to time by the Village President and Board of Trustees and on record of the Village Clerk. Any video gaming license that lapses or is revoked for any reason shall automatically reduce the number of authorized video gaming licenses. (Ord. 17-09-19)

3-29-7: PENALTIES:

A. Suspension Or Revocation Of License: The Village President/Local Liquor Commissioner or his or her designee shall have the power to suspend for not more than thirty (30) days or revoke any video gaming license issued under the provisions of this chapter for cause, or if he/she determines that the licensee shall have violated any of the provisions of this Code, any of the statutes of the State or any other valid ordinance or resolution enacted by the President and Board of Trustees of the Village. However, no such license shall be revoked or suspended except after the holding of a public hearing by the Village President/Local Liquor Commissioner or his or her designee. Ten (10) days' notice of the hearing shall be given to the licensee. Alternatively, licensees shall have the opportunity to engage in a prehearing conference and agree to negotiated penalties rather than proceed to a hearing.

B. Fine Imposed: In addition, any licensee violating the provisions of this chapter shall be fined not less than one thousand dollars ($1,000.00) for each violation. Each day a violation continues shall constitute a separate violation. (Ords. 17-09-19, 19-16-63) PASSED THIS 8th day of June, 2021.

3-29-8: TERMINAL OPERATORS' TAX

A tax is imposed for the privilege of operating a video gaming terminal within the Village upon the terminal operator of a video gaming terminal at a rate of one cent ($0.01) per play on a video gaming terminal.

3-29-8.1: TAX ADDITIONAL

The tax imposed in this Section is in addition to all other taxes imposed by the State of Illinois or any municipal corporation or political subdivision thereof.

3-29-8.2: RULES

The Village is authorized to adopt, promulgate, and enforce any additional rules and regulations pertaining to the interpretation, collection, administration, and enforcement of this Section.

3-29-8.3: PAYMENT AND ACCOUNTING

By the 20th day of each month payment of the tax for the preceding month shall be remitted to the Village along with a completed tax return form as prescribed by the Village. It shall be deemed a violation of this Chapter for any person to knowingly furnish false or inaccurate information to the Village.

A terminal operator of any video gaming terminal(s) shall be subject to audit, inspection, and record keeping provisions of this Code. It shall be unlawful for any terminal operator and/or

person to prevent, hinder, or interfere with the Village's officials, employees, and/or agents designated to discharge their respective duties in the performance and enforcement of the provisions of this Chapter. It is the duty of every terminal operator of a video gaming terminal(s) to keep accurate and complete books and records to which the Village's officials, employees, and/or agents will at all times have full access.

3-29-8.3: FAILURE TO PAY TAX

A. In the event of failure by a terminal operator to pay to the village the tax imposed by this chapter by the date the same shall be due, interest shall accumulate at a rate as imposed by chapter 18, "Local Government Taxpayers' Bill Of Rights Act", of this title. In addition, a penalty shall be assessed and collected against such distributor, retail fuel dealer, purchaser or user as imposed by chapter 18, "Local Government Taxpayers' Bill Of Rights Act", of this title.

B. Whenever any terminal operator shall fail to pay any tax as herein provided, the village attorney shall, upon the request of the village president and board of trustees, bring or cause to be brought an action to enforce the payment of said tax on behalf of the village in any court of competent jurisdiction.

C. If the village president or his/her designee, after hearing held, shall find that such terminal operator has failed to make payment of the tax imposed by this chapter, the village president may suspend or revoke all village licenses held by such tax evader. Such terminal operator may have an opportunity to be heard at such hearing to be held not less than ten (10) days after notice of the time and place of the hearing, said notice, addressed to him at his last known place of business. Pending notice, hearing and finding, any license which terminal operator may possess may be temporarily suspended by the village president. Any suspension or revocation of any license shall not release or discharge such terminal from his civil liability for the payment of the tax nor from prosecution for such offense.

D. A terminal operator user shall be entitled to all rights under this chapter as provided in chapter 18, "Local Government Taxpayers' Bill Of Rights Act", of this title.

3-29-8.4: PENALTIES

Any terminal operator violating the provisions of this chapter shall be fined not less than one hundred dollars ($100.00) nor more than seven hundred fifty dollars ($750.00), for each offense. Each day a violation continues shall constitute a separate violation.

3-29-8.5: SEVERABILITY:

If any provision of this section or the application of any provision thereof, is held unconstitutional or otherwise invalid, such occurrence shall not affect other provisions of this section or their application, that can be given effect without the unconstitutional or invalid provision or its application. Each unconstitutional or invalid provision, or application of such provision, is severable, unless otherwise provided.

Federal Cares Act
Community Development Block Grant
COVID-19 Small Business Loan Program (CV3)

The Village of Oak Lawn has created a Small Business Loan Program utilizing federal Community Development Block Grant (CV3) funding. Each business that applies for the program can apply for up to $10,000 each ($5,000 per eligible employee). The loan program will provide assistance to small businesses that have been negatively affected by the COVID-19 pandemic.

The following criteria will determine the eligibility of the business loan.

1.) 30 or fewer employees.
2.) Average annual gross business receipt of less than $2,000,000.
3.) 30% or greater loss in revenue in 2020 compared to 2019.
4.) The hire or retention of a low to moderate income, full-time employee. A new hire must be on payroll for at least 3 months. An employee retained between March 2020 and June 2021 must have been on payroll at least 3 months and currently on payroll.
5.) A current business license with the Village of Oak Lawn.
6.) Not a corporately-owned national chain or franchise with 5 or more locations.
7.) Ineligible businesses include non for profits, home-based, banks, payday lenders, title lenders, tobacco retail stores, gaming cafes.
8.) No open liens or violations with the Village of Oak Lawn.
9.) Loans must be used for the hiring or retention of full-time employees or business operating costs including: rent, mortgage, utility payments. Funds may not be utilized for construction, expansion costs, or equipment purchases.

The Village of Oak Lawn Small Business Loan Program will have a three year, interest free term. If a business can prove the hire or retention of a low to moderate income, full-time employee for 3 months by proof of certified payroll then the loan will not need to be repaid. Businesses that cannot prove the hire or retention of a low to moderate income, full-time employee within 12 months of receipt of the loan then the loan will need to be repaid starting on the 13 month. The business will then have 2 years to repay the loan.

Applications for the Small Business Loan Program can be found on the Village of Oak Lawn website at oaklawn-il.gov/COVID19SmallBusinessLoanProgram. Documents including proof of the above criteria must be included with the application.

Completed applications will be considered on a first come first serve basis. The Small Business Loan Program will run until the funding for said program is depleted. Completed applications must be submitted electronically at oaklawn-il.gov/COVID19SmallBusinessLoanProgram.

If there are any questions regarding the application or application process then please contact Kevin McGuinness at 708-499-7711 or kmcguinness@oaklawn-il.gov.

VILLAGE OF OAK LAWN

CUSTODIAL SERVICES – REQUEST FOR PROPOSAL

EXHIBIT A

I. Project Overview

The Village of Oak Lawn (Village), is seeking a company to provide Custodial Services for the Municipal Center (includes Police Department and 911 Center), Family Services 5210 Building, Patriot Station and Parking Tower. The term of the awarded contract is for two (2) years and can be extended one (1) additional year by mutual agreement.

The Municipal Center, Police Department, and 911 Center are located at 9446 Raymond Avenue, Oak Lawn, Illinois. The approximate square footage of the areas within the Municipal Center to receive service is 56,500 square feet. Village residents and others who have business to conduct with the Village frequent this building. The Village Board meetings and numerous commission meetings are held every month. On average there are five evening meetings within the Municipal Center Village Auditorium per month.

The Family Services 5210 Building is located at 5210 West 95th Street. The approximate square footage of the areas with the Family Services building is 1,900 square feet. The Family Services Building is open 5 days a week Monday through Friday. The building is best serviced between 11:00 a.m. and Noon.

The Patriot Station and Parking Tower is located at 5120 West Museum Drive which is approximately 3 blocks from the Municipal Center. The approximate square footage of the areas to be services at the Patriot Station and Parking Tower is 7,334 square feet. The Village of Oak Lawn is responsible for maintaining the inside lobby and restrooms of the station and the public areas (stairwells) of the Parking Tower. An average of 1,400 Metra riders utilize the station daily

Additional Services include Custodial services the first weekend after Labor Day for the Village's annual Fall on the Green festival. Since the Municipal Center is open during this event, the building's Lobby and restrooms are available for use. See Exhibit A on Additional Services.

The general areas to be serviced in the Municipal Center include the Police Department (including Lock-Up) and our 911 Center include the following:

Lobbies & Entrances	Restrooms	Village Hall Auditorium
General Offices	Conference Rooms	Police Dept. Records
Private Offices	Training Rooms	Police Dept. Lockup
Hallways	Locker & Exercise Rooms	Stairwells
Kitchen / Break Rooms	Booking Rooms	Outside Areas

The Municipal Center will receive service five (5) days per week (Monday, Tuesday, Wednesday, Thursday, and Friday). Our 911 Center and Police Department areas will receive services 7 days a week. Our 911 Center and Police Lock Up must be between the hours of 8:30 a.m. and 10:00 a.m.

The general areas to be serviced at the Family Services 5210 building include the following:

General Offices	Restrooms	Elevator
Private Offices	Outside Area	
Hallways	Stairwells	

The Family Services building will receive service five (5) days per week (Monday, Tuesday, Wednesday, Thursday, and Friday).

The general areas to be serviced at the Patriot Station and Parking Tower include the following:

Lobby & Entrances	Stairwells
Restrooms	Hallways
Outside Area	

The Patriot Station and Parking Tower will receive service five (5) days per week (Monday, Tuesday, Wednesday, Thursday, and Friday). **The interior of the Patriot Station shall be cleaned during closed hours.** The Metra Oak Lawn Patriot Station hours are:

ALL doors open at 5:00 a.m. Monday – Friday. **Main Lobby** closes at 3:00 p.m. Monday - Thursday and at 12:30 p.m. on Friday. On Saturday doors open at 6:15 a.m. and closes at Noon. **East Warming Area** closes at 10:30 p.m.; Saturday doors open at 6:15 a.m. and closed at 11:30 p.m. East Warming Area is closed on Sunday.

Hours are subject to change per Metra. During non-Peak times (see train schedule), any touch-ups or additional work i.e., glass, dusting, and clean up outside around the station may be done.

II. Scope of Service

1. Please clean as required an area that requires attention. A minimum of two cleaners may need to be onsite during each scheduled cleaning at each facility.

2. Custodial Services at the Police Department shall be performed between regular working hours. Custodial staff should make a reasonable effort not to disturb employees during working hours. Please note: Police Department Lock up and 911 Center are in operation 24/7, 365 days.

3. With the exception of the following holidays, work should be performed five (5) days per week, Monday through Friday in the Municipal Center and other locations. The following holidays are excluded: New Year's Eve, New Year's Day, Martin Luther King Day, President's Day, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, the day after Thanksgiving, Christmas Eve and Christmas Day. In the event that the Village offices will be closed on days preceding the above holidays, the contractor will be notified.

4. The contractor shall provide a working supervisor capable of fluently speaking, reading, and writing English to be available for calls or emails while cleaning services are in progress. The janitorial staff must be professionally supervised at all times.

5. For security purposes, the contractor shall be required to submit a list including the names and addresses of the personnel who will be regularly assigned to the

   Village's properties. All custodial staff assigned to the Village of Oak Lawn's premises must be bonded and insured. All custodial staff shall wear an identification card that clearly displays both the company and worker's name.

6. The contractor warrants, covenants and otherwise agrees that the personnel it sends to the Village shall be responsible individuals free of criminal convictions. In this regard, the contractor agrees to obtain waivers from its employees to perform a background check for criminal history with the State of Illinois. This background check may include fingerprints in addition to all other relevant information (i.e., date of birth, address, social security number, etc.). The result of these background checks shall be sent to the Village Administrator prior to any personnel being assigned to the Village. The contractor shall obtain waivers or consent forms from its employees and shall otherwise comply with all federal, state and local laws with regards to the background checks.

7. The contractor may not substitute any employee on Village property without prior notification to the Village. In the event that a substitute employee is to be utilized, they must first report to the Police Department.

8. The contractor's personnel shall not disturb papers on desks, or open drawers, cabinets, files, or bookcases. The Village's telephones shall not be used by the contractor's personnel for personal use. Under no circumstances shall the contractor's personnel be allowed to bring visitors, children or other relatives into the Village's buildings.

9. The contractor shall assume full responsibility for the actions of its employees or agents.

10. To provide for open communications and quality assurance, the contractor's representative shall perform monthly site visits with a Village representative during regular business hours to ensure satisfaction and compliance with the specifications.

11. The contractor shall provide a working supervisor and other personnel satisfactory to the Village to perform the work as specified and replace within twenty-four (24) hours any such employees as the Village may reasonably determine to be unsatisfactory.

12. The Village reserves the right to discount the monthly invoice for work not performed or performed in an unsatisfactory manner. The discount is not to be considered a penalty but rather a compensation adjustment in direct proportion to the time and materials necessary for the Village staff to perform those services as described in the contract at a satisfactory level. A discount will be demanded after written notice is given to the Contractor first class regular mail outlining a specific -complaint(s) and/or how the terms of the contract are not being fulfilled. On the first occurrence of a specific service complaint or default, the Contractor will have five working days to evaluate the performance or source of the complaint and implement corrective measures and cure the default. If, after the five-day period, an improvement to the service or default is not evident by the Village, then the discount will be levied to the monthly invoice. On the second occurrence of the same or similar incident or complaint, only three days will be given to implement corrective measures and cure the default before the discount is applied. The third and subsequent occurrence of the same or similar incident or default will result in an automatic discount to the monthly invoice and will be considered a breach of contract.

13. The work schedule and/or specifications are subject to change by mutual written agreement between the Village of Oak Lawn and the contractor.

SUPPLIES

The custodial service shall provide all cleaning equipment and cleaning supplies including all disinfectants, floor cleaning products, paper towels, toilet tissue, liquid hand soap, urinal cakes, can liners, polishes, etc. All supplies provided by the custodial service shall be of a quality acceptable to the Village. Cleaning carts should have soft casters/wheels in order to reduce noise on quarry tile floors.

CUSTODIAL SERVICES – REQUEST FOR PROPOSAL

EXHIBIT D

This Custodial Services Agreement (the "Agreement") is entered this 1st day of June, 2021, between the Village of Oak Lawn, a Illinois home rule municipality (the "Village") and BRAVO SERVICES, INC (the "Contractor") (collectively, the "Parties").

IN CONSIDERATION of the covenants and conditions herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by the Parties, the Parties hereby agree as follows:

1. Cleaning Services. Contractor shall perform Custodial Services and provide all cleaning supplies, equipment and materials required therefore (collectively, "Cleaning Supplies") at the Municipal Center located at 9446 Raymond Avenue, Oak Lawn, Illinois, 60453, Municipal Center (includes Police Department and 911 Center), Family Services 5210 Building, Patriot Station and Parking Tower (collectively, the "Property Sites"), in strict compliance with the Village of Oak Lawn-Custodial Services Request for Proposal dated April 7, 2021 including Proposal Exhibits A, B, C, and D attached thereto (the "RFP"), and are attached hereto together with the Contractor's Proposal, each of which are expressly incorporated herein (the "Contract Documents"), which the Contractor shall perform in strict compliance with the terms and conditions herein (the "Cleaning Services"). Cleaning Services shall be performed on the days and at the times specified in the RFP in strict compliance with the Schedule of Cleaning set forth in the RFP.

2. Terms. The Term of this Agreement shall commence on June 1, 2021 and expire on June 30, 2023, unless sooner terminated as provided herein. Upon mutual agreement between the Village and the Contractor, the term of this agreement can be extended one (1) additional year.

3. Contract Sum. The Contract Sum for the Cleaning Services is $3,780 monthly and includes all costs of Contractor performing the Cleaning Services in strict compliance with the terms and conditions herein, including but not limited to providing all Cleaning Supplies.

4. Payment Procedures. The Village's shall pay Contractor the monthly Contract Sum following the Village's determination that all Cleaning Services have been performed in strict compliance with the requirements herein; The Village reserves the right to discount the monthly invoice for work not performed or performed in an unsatisfactory manner. The discount is not to be considered a penalty but rather will be in direct proportion of the time and materials necessary for the Village staff to perform those services as described in the contract at a satisfactory level. A discount will be demanded after written notice is given to the Contractor first class regular mail

Outlining a specific complaint(s) and/or how the terms of the contract are not being fulfilled. On the first occurrence of a specific complaint or default, the Contractor will have five (5) working days to evaluate the performance or source of the complaint and implement corrective measures and cure the default. If, after the five-day period, an improvement to the service or contract default is not evident by the Village, then the discount will be levied to the monthly invoice. On the second occurrence of the same or similar incident, complaint or default, only three (3) days will be given to the Contractor to implement corrective measures and to cure the default before the discount is applied. The third and subsequent occurrence of the same incident or breach will result in an automatic discount to the monthly invoice and will be considered a breach of contract. The Village may also deduct from any payment required hereunder, the cost of any Repair Work not completed in a timely manner by Contractor, in accordance with paragraph 14 herein. In the event Cleaning Services are performed for a portion of a month, the Cleaning Services Fees shall be prorated based on the number of days said Cleaning Services were performed and based on the itemized billing schedule set forth on Exhibit B, subject to any deductions set forth in this paragraph 4.

5. Non-Discrimination.

A. Contractor shall not discriminate against any worker, employee or applicant for employment because of religion, race, sex, color, national origin, marital status, ancestry, age, physical or mental disability unrelated to ability, or an unfavorable discharge from the military service, nor otherwise commit an unfair employment practice. Contractor further agrees that this article will be incorporated by the Contractor in all contracts entered into with suppliers of materials or services, and all labor organizations and/or subcontractors furnishing skilled, unskilled and/or craft skilled labor and/or who may otherwise perform any such labor or services in connection with this Contract.

B. The Contractor shall comply with all applicable federal, state and local sexual harassment laws.

6. Compliance with Law. All goods, equipment, and all labor furnished by Contractor and subcontractors of every tier shall comply with all applicable Federal. State and local laws relative thereto including, but not limited to, all safety related regulations as required by the Federal Occupational Safety and Health Act (OSHA) and all applicable Village Ordinances and Codes. To the fullest extent permitted by law, the Contractor shall indemnify, defend, and hold harmless the Village, its officials, officers, employees, and agents from loss or damage, including, but not limited to, attorney's fees, and other costs of defense by reason of actual or alleged violations of federal, state or local law. This obligation shall survive the expiration and/or termination of this Agreement.

7. Indemnity. To the fullest extent permitted by law, the Contractor shall indemnify, defend and hold harmless the Village, and its officials, officers, employees, and agents, against all injuries, deaths, damage to property, loss, damages, claims,

patent claims, suits, liens, lien rights, liabilities, judgments, costs and expenses, which may in any way arise directly or indirectly from (i) the Cleaning Services and/or any Repair Work provided hereunder; (ii) any acts and/or omissions of or on behalf of the Contractor, its employees, contractors, sub-contractors of any tier, suppliers, and/or agents; and/or (iii) any breach or default under this Agreement by Contractor; except to the extent caused by the negligence of a party indemnified hereunder; in which case Contractor shall at its own expense, appear, defend and pay all charges of attorneys and costs and other expenses arising therefrom or incurred in connection therewith, and if any judgment shall be rendered against the Village in any such action, Contractor agrees that any bond or insurance protection required herein, or otherwise provided by Contractor, shall in no way limit the responsibility to indemnify, keep and save harmless and defend the Village as herein provided. This obligation shall survive the expiration and/or termination of this Agreement.

8. Binding Obligation and Non-Assignability. Contractor shall not assign and/or delegate the whole or any part of this Agreement without the written consent of the Village. All subcontractors shall be approved by the Village. Any such unapproved assignment and/or delegation shall be null and void.

9. Taxes. The Contractor shall be responsible for and pay any and all applicable taxes, including sales and use taxes. The cost of any such taxes is included In the Contract Sum set forth in paragraph 3 above.

10. Investigations by Contractor. Contractor has made such investigations as it deems necessary to perform the Cleaning Services required hereunder, including, but not limited to, Project Sites inspection, and represents and warrants that Contractor can perform the Cleaning Services in strict compliance with the terms and conditions herein. No plea of ignorance of conditions that exist or of conditions or difficulties that may be encountered in the execution of the Cleaning Services under this Agreement as a result of failure to make the necessary investigations will be accepted as an excuse for any failure -or omission on the ·part of Contractor to fulfill in every detail all of the requirements of this Agreement, or will be accepted as a basis for any claims whatsoever, for extra compensation.

11. Repair Work. Contractor shall repair any damage to the Project Site(s) and/or any other Village real and/or personal property attributable to acts and/or omissions of Contractor, its employees, subcontractors of any tier, agents, and/or anyone acting on behalf of any of them, or otherwise attributable to the Cleaning Services, except to the extent such damage is caused by the negligence of the Village or its employees (the "Repair Work"). The Repair Work shall be completed within ten (10) Days of the date of said damage (the "Repair Completion Date"). The Village will hold back funds for the .Repair Work and/or any costs of replacing any damaged property in accordance with Section 4 herein. However, such holdbacks shall not relieve Contractor of its obligation to complete the Repair Work required hereunder; nor shall such holdbacks be considered a limit on Contractor's liability here

12. Assumption of Risk. To the fullest extent permitted by law, Contractor assumes liability for all injury to or death of any person or persons including employees of contractor, any subcontractor of any tier, any supplier and/or any other person, and assumes liability for all damage to property sustained by any person or persons occasioned by or in any way arising out of any work performed pursuant to this Agreement.

13. Incorporation of Documents. The (a) Contractor's Proposal Form, (b) the RFP, and all Exhibits referred to therein and/or herein are hereby expressly incorporated herein and made a part hereof.

14. Insurance Requirements. Please submit a policy Specimen Certificate of Insurance showing current coverage:

Any insurance company providing coverage must hold an A VII rating according to Best's Key Rating Guide. Permitting the contractor, or any subcontractor, to proceed with any work prior to our receipt of the foregoing certificate and endorsement however, shall not be a waiver of the contractor's obligation to provide all of the above insurance.

The participant agrees that if they are the selected contractor, within ten days after the date of notice of the award of the contract and prior to the commencement of any work, you will furnish evidence of Insurance coverage providing for at minimum the coverage and limits described above directly to the Village of Oak Lawn, Steve Barrett, 9446 S. Raymond Ave., Oak Lawn, IL 60453. Failure to provide this evidence in the time frame specified and prior to beginning of work may result in the termination of the Village's relationship with the selected and the bid will be awarded to the next lowest or result in creation of a new bid.

15. Conflicting Terms. In the event of any conflict between the terms and conditions of this Agreement and the terms and conditions of the Proposal, RFP and/or other exhibits hereto, the terms and conditions of this Agreement shall control to the extent of such conflict or inconsistency.

16. Criminal Background Checks. Contractor shall be responsible for causing each employee that will be performing Cleaning Services hereunder to sign an Investigation Authorization and Release form, attached hereto as Exhibit C, and incorporated herein and shall furnish said Authorization and Release forms at least ten (10) days prior to that individual performing any Cleaning Services in or on any of the Project Sites.

17. Termination of Agreement.

A. Notwithstanding any provision herein to the contrary, the Village may terminate this Agreement with or without cause by providing, not less than five (5) days prior written notice of termination to Contractor.

B. The Village may amend the Agreement at any time to remove [and/or add on to] one or more of the Project Sites from the Cleaning Services provided hereunder, by providing not less than 48 hours written notice thereof to Contract, In which case the Contract Sum shall be reduced (or increased) accordingly based on the Cleaning Services Fees allocated for the Project Site or Sites, and shall be pro-rated based on the effective date of said notice.

18. Permits and Licenses. Contractor shall obtain, at its own expense, a Village of Oak Lawn Contractor's License. In addition, Contractor is specifically denied the right of using, in any form or medium, the name of the Village of Oak Lawn for public advertising unless express permission is granted by the Village.

19. Relationship of the Parties. It is understood, acknowledged and agreed by the parties that the relationship of the Contractor to the Village arising out of this Agreement shall be that of an independent contractor. Neither Contractor, nor any employee, subcontractor or agent of Contractor, is an employee or agent of the Village, and therefore is not entitled to any benefits provided to employees of the Village. Contractor has no authority to employ/retain any person as an employee or agent for or on behalf of the Village for any purpose. Neither Contractor nor any person engaging in any work or services related to this Agreement at the request or with the actual or implied consent of the Contractor may represent himself to others as an employee of the Village. Should any person indicate to the Contractor or any employee, subcontractor or agent of Contractor by written or oral communication, course of dealing or otherwise, that such person believes Contractor to be an employee or agent of the Village,

20. No Third Parties and/or Waiver of Statutory Immunities. Notwithstanding any provisions herein to the contrary, this Agreement is entered into solely for the benefit of the contracting parties, and nothing in this Agreement is intended, either expressly or impliedly, to provide any right or benefit of any kind whatsoever to any person and/or Village who is not a part to this Agreement or to acknowledge, establish or impose any legal duty to any third party. Nothing herein shall be construed as an express and/or implied waiver of any common law and/or statutory immunities and/or privileges of the Village, and/or its respective officials, officers, employees, volunteers and/or agents.

RESOLUTION NO. ____

A RESOLUTION AUTHORIZING A PROFESSIONAL SERVICES AGREEMENT WITH C.M. LAVOIE & ASSOCIATES, INC., TO PERFORM CERTAIN ENGINEERING SERVICES PERTAINING TO THE STORMWATER PROJECT

WHEREAS, Section 6(a) of Article VII of the 1970 Constitution of the State of Illinois provides that any municipality which has a population of more than 25,000 is a home rule unit, and the Village of Oak Lawn, Cook County, Illinois, with a population in excess of 25,000 is, therefore, a home rule unit and, pursuant to the provisions of said Section 6(a) of Article VII, may exercise any power and perform any function pertaining to its government and affairs, including, but not limited to, the power to tax and to incur debt; and

WHEREAS, pursuant to 50 ILCS 510/1 of the Illinois Municipal Code, the Village of Oak Lawn ("Village") is authorized to negotiate and enter into contracts for engineering services on the basis of demonstrated competence and qualifications for the type of services required at a fair and reasonable price (50 ILCS 510/1 *et seq*.); and

WHEREAS, the Village of Oak Lawn ("Village") has negotiated and desires to enter into a professional services agreement ("Agreement") with C.M. Lavoie & Associates, ("CML") to perform certain engineering services pertaining to the Stormwater Master Plan and Design-Culvert Relocation and Detention Storage ("Project"), attached hereto as Exhibit 1, in an amount not to exceed $75,000.00; and

WHEREAS, the President and Board of Trustees of the Village of Oak Lawn believe and hereby declare that it is in the best interest of the Village and its residents to enter into said Agreement with CDM Smith; and

NOW, THEREFORE, BE IT RESOLVED BY THE VILLAGE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF OAK LAWN, COOK COUNTY, ILLINOIS, IN THE EXERCISE OF ITS HOME RULE POWERS, AS FOLLOWS:

SECTION 1: The foregoing recitals shall be and are hereby incorporated as findings of fact as if said recitals were fully set forth herein.

RESOLUTION NO. ____

A RESOLUTION APPROVING THE BID OF MESIROW INSURANCE SERVICES, INC., AN ALLIANT-OWNED COMPANY FOR INSURANCE BROKER SERVICES

WHEREAS, Section 6(a) of Article VII of the 1970 Constitution of the State of Illinois provides that any municipality which has a population of more than 25,000 is a home rule unit, and the Village of Oak Lawn, Cook County, Illinois, with a population in excess of 25,000 is, therefore, a home rule unit and, pursuant to the provisions of said Section 6(a) of Article VII, may exercise any power and perform any function pertaining to its government and affairs, including, but not limited to, the power to tax and to incur debt; and

WHEREAS, on May 6, 2021, a total of seven (7) bids were received and publicly opened pursuant to the Insurance Broker Services request for information ("Insurance Broker Services Bid") for the Village of Oak Lawn ("Village"); and

WHEREAS, after reviewing the bids for the required qualifications, the appropriate Village Staff determined that Mesirow Insurance Services, Inc., and Alliant-Owned Company ("Alliant") submitted the lowest responsible amount of $60,000.00 annually for Insurance Broker Services Bid, further described in the attached Exhibit 1; and

WHEREAS, the President and Board of Trustees of the Village of Oak Lawn believe and hereby declare that it is in the best interest of the Village and its residents to award the Insurance Broker Services Bid to Alliant; and

NOW, THEREFORE, BE IT RESOLVED BY THE VILLAGE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF OAK LAWN, COOK COUNTY, ILLINOIS, IN THE EXERCISE OF ITS HOME RULE POWERS, AS FOLLOWS:

SECTION 1: The foregoing recitals shall be and are hereby incorporated as findings of fact as if said recitals were fully set forth herein.

SECTION 2: The President and Board of Trustees of the Village of Oak Lawn hereby approve the Insurance Broker Services Bid, submitted by Alliant, in an amount not to exceed $60,000.00 annually, attached hereto as Exhibit 1, and the Village President and/or Village Manager are hereby authorized to execute an agreement memorializing said bid on behalf of the Village, subject to review and revisions as to form by the Village Attorney.

SECTION 3. Any policy, resolution or ordinance of the Village that conflicts with the provisions of this Resolution shall be and is hereby repealed to the extent of such conflict.

SECTION 4: This Resolution shall be in full force and effect from and after its passage and approval in the manner provided by law.

Daniel Omiecinski, Director of Human Resources
Village of Oak Lawn
9446 Raymond Ave,
Oak Lawn, IL 60453

Dear Mr. Omiecinski:

Thank you for the opportunity to respond to The Village of Oak Lawn (the "Village") Request of Interest for Insurance Broker Services. We appreciate your willingness to evaluate the Alliant team and our support services program as you consider alternatives to your present representation.

Alliant offers high quality products and services delivered by industry-leading, respected professionals committed to integrity, service, performance and long-term client relationships. Our team is confident that we are in the best position to provide The Village its employee benefits brokerage and consulting services.

Using a clearly defined team approach to account management, our employee benefits team will continue to act as an extension of The Village's HR department. The following are some of the many ways we can continue to be of assistance:

- **Identifying coverage that provides acceptable levels of risk and lowest cost:** Our organized, detail-oriented, analytical methods of benefits consulting and contract negotiating, and breadth of knowledge of the benefits marketplace gives us the edge to develop unique employee benefits programs, deploy valuable cost containment methods, and articulate savings strategies for our clients.
- **Helping develop best practices and procedures to achieve your goals:** Quarterly, mid-year planning and pre-renewal strategy meetings set the stage for development and fine-tuning short- and long-term goals. Close collaboration with clients to outline and document goals and activities keeps us and our clients focused on the assigned benefits projects and provides contract performance accountability.
- **Benchmarking your programs:** We access the preeminent resources for benchmarking health plan data and specific client plan experience to analyze information to identify patterns and opportunities for improvement.
- **Compliance education and assistance:** Our in-house legal and compliance experts assist us in educating our clients to maintain their compliance with all laws, especially the
- Affordable Care Act as ongoing regulations are proposed and potentially released. Our legal and compliance experts are also available to meet directly with clients.

Mesirow Insurance Services, Inc., an Alliant-owned company | alliant.com | CA License No. 0803093

Our various communication materials and methods help keep our clients up-to-date on appropriate state, federal and international legislation impacting the benefits industry, as well as emerging benefit trends and product development. For example, we provide clients with our customized Affordable Care Act (ACA) Road to Compliance guide to help keep them up to speed on health care reform.

In addition, by offering complimentary access to the ThinkHR on-demand phone/email support, resource libraries and training services, we are able to provide all of the resources necessary to assist with regulatory compliance.

- **Coronavirus:** What You Need to Know: The coronavirus (COVID-19) has ushered in an unprecedented new reality with a far-reaching impact on families and businesses. Alliant remains steadfastly committed to serving as a pillar of strength and support for the valued clients and communities we serve. Please see the following link **https://www.alliant.com/pages/Coronavirus-What-You-Need-To-Know.aspx** for COVID-19 information and resources.
- **Claim analytics, analyses and reporting:** Our experienced analysts and associates prepare detailed, comprehensive claim reporting packages which indicate claim trends, claim utilization patterns, major cost drivers and overall claim performance loss ratios which complement our carrier partners standardly provided utilization reporting package. The analytic tools and resources we provide for our clients are the foundation to our program strategy development and ongoing proactive management of client programs.
- **Communications:** We maintain multiple options for customized communications websites for our clients which can greatly increase the effectiveness of your employee benefits communications.

  These employer portals, coupled with our Campaign Builder employee communications campaign management system, proprietary mobile app MyBenefits.Life, Brainshark and Video Benefits Guy videos and multiple options for electronic flipbook or print benefits guides provides clear and concise benefits program messaging, reduces confusion and complications, and provides a cohesive and consistent communications platform.
- **Technology:** Within our Client Resource Unit (CRU), the technology support team provides expertise with payroll/HRIS, benefits administration, vendor assessment, selection, and support. Through strategic vendor alliances (ADP, Employee Navigator and other payroll/benefit platforms) and strategic consulting alliances, our in-depth knowledge and access to industrywide knowledge of the employee benefits technology marketplace allows our customers to gain access to an array of benefits technology platforms and solutions at a very competitive cost or no cost.
- **Health and Productivity:** Our on-staff health and productivity specialists can assist with developing, implementing, and/or enhancing a group's wellness strategy and platform.

Mesirow Insurance Services, Inc., an Alliant-owned company | alliant.com | CA License No. 0803093

From planning and developing health fairs to partnering and engaging best-of-breed wellness providers, our wellness team takes ownership of the health and productivity planning and process. Through use of the Shortlister web-based platform that matches a client's demographics, philosophy, and program goals with wellness providers that are best aligned, we can provide solutions which are specifically customized to a client's health and productivity needs.

- **Individual medical consulting and advisement:** We work with clients as well as our clients covered members to analyze their current health coverage, select the right course of action and transition them from group to individual or Medicare coverage. We also update individuals on new healthcare laws and the effects they may have on them and their healthcare coverage.
- **Individual life/key person life, individual disability and executive life and disability consulting and advisement, including deferred compensation program consulting**: We provide expertise in the area of portable, guaranteed issue, individual life & disability plans to supplement existing group insurance coverages. Our professionals design corporate owned life & disability programs for key employees and owners and design corporate or shareholder owned buy-out life & disability for shareholders/partners. We design individual life & disability plans as an executive insurance benefit and/or as a supplemental retirement plan. We can also review inforce supplemental executive benefits, key man life & disability policies, and personal insurance to make sure the most cost-effective and competitive programs are in place.
- **Voluntary worksite consulting and advisement:** We provide guidance and support in designing, implementing and sustaining voluntary worksite programs. We have strong relationships with voluntary worksite carriers and act as the primary liaison between clients and these carriers.
- **Commitment to keeping you up-to-date on the marketplace, market trends, and market innovations:** We provide our clients with current, timely updates, educational briefings, topical newsletters, and periodic education webinars and seminars related to pertinent and emerging employee benefits issues, products and services. These communication materials and methods help keep our clients up-to-date on trends and industry developments.

REQUIRED CONTENT

THE FOLLOWING INFORMATION SHALL BE INCLUDED IN ALL SUBMISSIONS, IN THE SAME ORDER AS LISTED HERE:

1. **The firm name, established date, the address of the principal office of the firm, and the address of the office that would be assigned the Village's account. Include a brief description of the firm's history, growth, philosophy and culture, number of employees, and number of years in business under the same name, and previous company names.**

CORPORATE OFFICE

Alliant Insurance Services, Inc. ("Alliant") was established in 1925 in San Diego, California as the Robert F. Driver Company. Today, it is a privately held corporation headquartered in Newport Beach, California. As a firm, we are the largest specialty broker in the country, with our entire focus on selected industry segments including public entity, education, construction, real estate, healthcare, tribal nations, hospitality, non-profits, and legal professionals. With over 4,300 employees, 130+ offices nationwide, $20 billion in placed premium, and revenues of $2 billion, Business Insurance ranks Alliant as one of the largest privately held brokers in the nation. Before 2001 our company was named "R.F. Driver Company', in 2001 changed to "Driver-Alliant Insurance Services, Inc." and in 2006: our name changed to "Alliant Insurance Services, Inc.". More details can be found at our website: www.alliant.com.

SERVICING OFFICE

In 2016 Mesirow Insurance Services, Inc. announced it would join Alliant Insurance Services. The acquisition allowed our Chicago-based office to gain the support of Alliant's national platform while providing tailored local service. Our partnership with Alliant commenced on August 1, 2016.

Alliant in Chicago is composed of approximately 340 employees. While our main business focus is concentrated in Illinois, we also have clients throughout the country.

Alliant's Chicago office has shown consistent growth over more than 48 years, with $1.75 billion in annual premiums being managed in the Midwest, and a client retention rate of over 95%. We offer customized insurance brokerage and risk management solutions to a diverse range of clients including Fortune 1000 companies, middle-market businesses and affluent individuals throughout the United States.

Alliant (formerly Mesirow Insurance Services) has been one of the largest and most diverse insurance brokerage and consulting operations in the Midwest and now we can claim the same for our national platform– delivering a national platform with local service.

To service the needs of our clients, Alliant utilizes a team approach. Each team is directed by a principal of the firm who has ownership in our organization and has devoted their professional careers to the insurance industry. Each principal has extensive experience in customizing, designing, placing, and servicing complex employee benefits programs and responding to complex employee benefits questions and concerns. The Village will be handled by the Formell team.

We strive to create innovative, proactive insurance strategies and consulting solutions for clients. We accomplish this by demanding the highest level of service and integrity from ourselves and our suppliers. We do this by:

- Representing our clients' interests as if they were our own
- Hands-on account servicing and marketing by firm principals
- Value-added resources dedicated to the pursuit of alternative approaches and solutions
- Leveraging significant long-standing supplier relationships that maximize client results
- Retaining a committed, motivated, and knowledgeable staff

These principles are based on decades of experience, sound business practices, and exacting standards delivered by our talented team of professionals. Since our senior professionals have a personal stake in our business, they are motivated to do even more for our clients, working diligently to earn trust by meeting goals and keeping promises.

We know that business relationships can never be taken for granted, which is why we are always seeking ways to improve, enhance, and fortify them. Our success has largely been due

to the culture we have been able to achieve throughout the organization and our reputation for providing quality service to all clients – large and small.

2. **The names of all professional staff who will be assigned to work on the Village's account team and a brief resume of their background and experience, with emphasis on public sector organizations and unionized workforces. State specifically relevant continuing education, if any, each account team member has completed within the past two years, and licenses and certifications of each person. Indicate the specific office to which account team members will be assigned.**

Your proposed service team is directed by Renee Formell, a senior member of the Employee Benefits team. We propose the following people as key members of The Village's service team.

Our team members work together to service one group of clients. We act as an informal extension to your human resources and financial services teams. Each team is directed by one team leader who is a senior member of management and, in many cases, a principal of the firm. As owners, our team leaders have a personal, vested interest in the success of our practice and our organization. They have the flexibility to balance their team's priorities and ensure that deadlines are met. This "one team, one team leader' model offers our clients a dedicated and stable service team that has history with the account. The advantage is continuity of service that results in satisfied clients, extremely high client retention and extremely high team member retention.

In contrast, many of our competitors assemble service teams by picking from a separately managed pool and randomly assigning staff to a variety of accounts managed by different producers with conflicting needs. As a result, team members may be responsible to multiple managers with competing priorities, leaving staff frustrated and clients with missed deadlines.

Below is a high-level overview of our direct account management team and indirect team (Client Resource Unit-CRU and additional client support) support structure.

Included is the biographical information for each individual, including title, role description/area of expertise, education, and years of experience.

3. **A description of the group medical, dental and life program premium volume handled by the firm.**

Midwest Region: Approximately $850,000,000

4. **A list of the principal insurance markets utilized by your firm in the order of premium volume placed with each market. This listing should be categorized by line of coverage: medical, dental and life.**

Our size enables us to directly represent—and have a great deal of influence with—a wide array of insurance companies. We have strong personal relationships with senior-level executives from the most recognized carriers in the industry. For example, locally we hold the following designations: **Aetna (Elite), BlueCross BlueShield of Illinois (Blue Diamond), Cigna (Platinum), Guardian (Platinum), Humana (Leaders' Club), Lincoln Financial (Gold), MetLife (Platinum), Principal (Platinum), United Health Care (Platinum), and UNUM (Tier-1).**

This list of carriers/providers is only a small sampling of the company we keep.

We currently have carrier/provider relationships with almost 100 entities providing competitive, cost-effective solutions in the Medical (including third party administration), Prescription Drug, Telemedicine, Biometrics, Dental, Vision, Life and Disability, EAP, FMLA, Flexible Spending, Employee Advocacy, Voluntary Worksite, Health and Productivity, Global, Benefits Administration (Enrollment Systems), HRIS, Payroll, Communications, Legal and Compliance, ACA, COBRA and HIPAA arenas.

The carriers assign their most experienced account representation to our firm, and these relationships allow us to build comprehensive, competitively priced employee benefit programs that are not available from other agencies. We negotiate contracts, claims, and service issues with the leverage and intellectual capital to provide our clients with the most favorable outcome available.

COMPLIANCE

Our organization relies on partnerships, strategic relationships and an active, collaborative department mind set to monitor regulatory and legislative developments at both the state and federal level.

Stephanie Farrell is an attorney experienced in consulting with employers on their health and welfare plan compliance since 2014. As a Compliance Consultant for Alliant's Employee Benefits practice, she advises clients on health and welfare compliance related matters as it relates to their benefits plan, industry, and unique circumstances in order to reduce risk and manage overall compliance.

Stephanie monitors for legal and regulatory changes affecting employee benefit plans, and authors white papers, articles, FAQs, and employer consideration pieces. She presents the latest developments in employee benefits regulations, highlighting key action items, to clients and internal staff.

This information is disseminated through a variety of sources including weekly newsletters (Friday Fast Facts), online library, the HR Hotline, seminars/webinars hosted by Alliant and our client portal.

When we see topics that are of interest to our clients, we may send a copy of a particular article directly to a client. We also:

- Regularly issue educational briefs and legislative updates that address state, federal and international legislative compliance issues and updates.
- Host client webinars on relevant topics.
- Provide clients with access to our HR Hotline, online library and employee training modules (ThinkHR).
- Air regular podcasts diving deep into emerging issues in an accessible format ("Compliant with Alliant")

These materials help keep our clients up-to-date on appropriate state, federal and international legislation affecting the benefits industry, as well as emerging benefit trends and product development.

We have long-standing, strategic relationships with the following affiliates and partners who help us keep current with various regulations:

- **ThinkHR:** provides a suite of outsourced HR services and solutions to employers of any size or industry. ThinkHR's on-demand phone/email support puts you in contact with senior level, PHR and SPHR designated professionals to advise you on tough employment

issues. Their in-depth resource library has thousands of forms, documents, white papers, webinars and tools to help employers stay on top of their day-to-day HR responsibilities in such areas as worker leave issues, terminations and hirings and the management of company procedures. ThinkHR's training module offers hundreds of online courses designed to keep employers compliant and empower employees with strategies to grow professionally.

- **NAHU – National Association of Health Underwriters**: National Association of Health Underwriters: The largest Insurance Provider Advocacy/Lobbyist Group (Headquartered in Washington, D.C.). NAHU represents more than 100,000 licensed health insurance agents, brokers, general agents, consultants and benefit professionals through more than 200 chapters across America. NAHU provides advisement addressing the details of the Affordable Care Act (ACA), which has provided us with immediate advisement as to ACA policy, regulations and client impact. Alliant is one of a dozen brokers/consulting groups to be named to NAHU's Principal's Council. This group meets with White House staff, agency personnel and members of congress. These exclusive meetings allow us to communicate directly with government officials who are both developing specific provisions of ACA and writing ACA regulations in a very personal setting. We provide honest assessments of ACA's impact to our customers in an effort to achieve regulation modifications.
- **CIAB – The Council of Insurance Agents and Brokers:** The Council of Insurance Agents & Brokers is the premier association for the top regional, national and international commercial insurance and employee benefits intermediaries worldwide. Council members are market leaders who annually place 85 percent of U.S. commercial property/casualty insurance premiums and administer billions of dollars in employee benefits accounts. With expansive international reach, The Council fosters industry wide relationships around the globe by engaging lawmakers, regulators and stakeholders to promote the interests of its members and the valuable role they play in the mitigation of risk for their clients. Founded in 1913, The Council is based in Washington, D.C.
- **EBIA – Thompson Reuters:** EBIA publications and seminars provide authoritative guidance on employee benefits compliance for employers and advisors. Written and edited by over 30 experienced benefits practitioners, these top-notch compliance resources provide an insider's guide to plan design and administration issues—making complex topics understandable, without sacrificing accuracy or detail, and tackling gray areas not addressed in formal guidance. They include in-depth, practical analysis of the many compliance requirements impacting plan design and administration, as well as supporting source materials and sample documents.
- **SHRM – Society of Human Resource Management:** The world's largest association devoted to human resource management that represents more than 275,000 members in over 160 countries, the Society serves the needs of HR professionals and advances the interests of the HR profession.

COMMUNICATIONS

Our firm employs a full-time marketing specialist – Samantha Skryd. Samantha works very closely with our service teams and account representatives to coordinate various marketing and communication projects for our clients.

Communicating benefit options to employees cannot be handled in the same manner for every client, which is why we have developed a variety of communication strategies for our clients. Electronic or print materials, or a combination of both, can be applied to create the most effective communication program for your organization.

- **Benefits Communication Website (Complimentary):** We can communicate pertinent information to employees by posting notices to the Touchpoints website. While primarily designed to be an employee self-service benefits resource and communications center, it can also function as a compliance tool by providing online access to SPDs and HIPAA Notices.

  Touchpoints is a turnkey solution that provides easy-to-access benefit information to employees and their covered dependents. It enables them to see the real value of the benefits being offered, and to make smarter decisions about how to use these benefits. Integrated electronic and printed communication materials such as monthly and quarterly newsletters and employee enrollment guides are available. With a focus on tailored content, branding, and efficiency, Touchpoints is the way to target communications for your employees and their dependents.

- **Campaign Builder (Complimentary):** A set of turnkey templates that deliver great employee communication campaigns. These communications provide clear and concise messages that make learning about your benefits less confusing and complicated. The cohesive materials also help the employer develop a benefits brand and improve the benefits visibility.

- **MyBenefits.Life (Complimentary):** A mobile application (iOS and Android) and web portal (tablet enabled) that gives employees and their dependents 24/7 access to all their benefits information. Articles, videos and others tools are available to encourage health literacy. Clients are able to brand the app/portal's logo, colors and banner.
  Additional features include:

  - Viewing contact information
  - Access to benefit documents
  - Client specific messaging
  - Custom HR pages (optional)

- **Benefit Guides (Complimentary):** We can design and provide customized benefit guides, which enhance the communication of benefits to your employees. Our clients utilize these guides during open enrollment, new hire orientations and to assist benefit administrators

in explaining benefit options to employees. Benefit guides may be customized for various divisions and classes of employees as necessary.

- **Open Enrollment PowerPoint Presentation (Complimentary):** We can brand and customize our electronic open enrollment PowerPoint presentation for clients. This comprehensive presentation may be delivered in person or via online meetings, and has proven to be efficient and effective.
- **Open Enrollment Newsletter (Complimentary):** We can brand and customize our well-designed and easy-to-read open enrollment newsletter.
- **Enrollment Meetings (Complimentary):** We provide direct client support during open enrollment via our account representatives. They plan, coordinate and conduct employee enrollment meetings, present carrier information to employees, and create specialized enrollment materials designed to ease the open enrollment process. We can provide on-site, web-based or pre-recorded enrollment presentations, or a combination of these options.
- **Personal Best Health Promotion and Wellness Newsletter:** Alliant's Health and Productivity team encourages an environment of healthy lifestyles, healthy choices and enhances on-going employee engagement. To assist clients with establishing a wellness strategy, program goals and education of current wellness trends, we are pleased to bring you our monthly health promotion and wellness newsletter, Personal Best. Our compelling newsletter provides a foundation to any wellness program and features hundreds of relevant topics that you can share with employees. Personal Best empowers and motivates employees with practical and actionable wellness information. With content reviewed by a wellness advisory board, this newsletter offers content that supports national health observances, self-care strategies, fitness tips, benefits of exercise, stress relievers, healthy recipes and tips for maintaining good nutrition habits. Your Personal Best subscription also includes Smart Moves, an interactive online dashboard that offers digital wellness tools designed to help you and your family make healthier lifestyle choices.

Additionally, we have several benefits technology vendors available to help our clients with employee communications/decision support, self-service transactions, data management and reporting. Automating open enrollment and other qualifying enrollment events simplifies the benefits process and prevents employees from making enrollment mistakes. It also frees HR staff from time-consuming administrative activities and provides the data to the insurers, HRIS and payroll systems in a timely, accurate manner.

Robust rules engines ensure that the data captured is consistent with your own eligibility rules. Some of the functions that can be automated include: new hire on boarding, open enrollment, qualifying life event changes, voluntary benefit campaigns and COBRA elections. These services also provide employees with comprehensive, on-demand reporting in a 24/7 hosted environment.

TRAINING

We are an advocate for both the employer and the employee, and we believe that education and communication are key components to a successful benefits program. We have many training tools for helping employees to understand the value of their benefits program, but we also feel it is important to educate and communicate with the benefits staff on relevant benefits related topics.

ThinkHR provides a suite of outsourced HR services and solutions to employers of any size or industry. ThinkHR's on-demand phone/email support, puts you in contact with senior level, PHR and SPHR designated professionals to advise you on tough employment issues. Their in-depth resource library has thousands of forms, documents, white papers, webinars and tools to help employers stay on top of their day-to-day HR responsibilities in such areas as worker leave issues, terminations and hirings and the management of company procedures. 8. Give three examples that demonstrate your firm being proactive in finding opportunities to enhance benefits and services.

We work to develop customized cost control strategies after conducting an initial investigation of current benefit plans. This involves analyzing the data – evaluating historical and current claims analysis, plan design, utilization and contributions. Once the investigation process is complete, we prepare a specific strategy outlining steps for achieving agreed upon cost control goals. The following are some ideas that can be used:

- **PlanIQ**: Alliant has leveraged the power of the **Johns' Hopkins University's Adjusted Clinical Grouping System (ACG®)** to create our proprietary tool, PlanIQ™. Using a blend of clinical predictive risk methodology and a national reference database, consisting of 4.2 trillion medical and pharmacy records, we can forecast the fair market value of your current and renewal rates to help you interpret and plan ahead for your large claim exposure today and tomorrow.

  The result is an optimized view of a company's risk profile, forecasted large claim exposure and rates adjusted by known and unknown risk factors. Providing transparency and health plan insights makes renewal rates predictable, measurable, and fair.

PlanIQ will validate your existing rates and their accuracy versus actual risk. Alliant's approach addresses the underlying risk prior to sending your information out to market. The goal is to preemptively evaluate population and health plan risks prior to your renewal.

- **Tiered Medical PPO Network Strategy:** Analyze utilization in the smaller BCBS Choice network. Bundling the Choice network with the full Broad PPO network into a tiered strategy optimizes the discounts negotiated by BCBS with providers.

  The tiered strategy will allow The Village to maintain the current benefit levels on the smaller Choice network while introducing some additional cost controls with increased benefit levels on the Broad PPO network. This program provides deeper negotiated plan discounts to The Village which are key for a self-funded medical plan.

- **Pharmacy Program Review:** Trends are showing that pharmacy claims are exceeding inpatient hospital claims for the first time. A full analysis of pharmacy management programs such as step therapy, prior authorization, specialty utilization, and networks will be reviewed. In addition, a disruption analysis on a verity of formulary alternatives will be analyzed for ongoing cost savings and deeper pharmacy rebates.
- **Introduce Member Rewards:** Member rewards is a transparency and engagement tool that BCBS has available for self-funded clients that provides cash rewards to motivate employees to shop for care.
- **Introduce Cost Transparency and Second Opinion Vendors:** Alight (formerly Compass Healthcare Professionals), BCBS Benefit Value Advisor and Health Advocate can help drive/steer plan members to centers of value (e.g. high quality low cost providers).
- **Get serious about chronic disease.** Experts agree that the 80/20 rule applies in healthcare - 80% of costs are incurred by 20% of people, those with chronic conditions. An effective primary care team can provide a medical home where chronic conditions, like diabetes, asthma, hypertension and depression, can be treated in a systematic, proactive manner.
- **Introduce Clinical/Disease Management Programs**: Clinical/Disease management programs such as Livongo for Diabetes and Hypertension can deliver up to a 3:1 ROI.
- **Introduce a Working Spouse Provision:** Institute a spousal carve out, spousal surcharge or requirement for spouses to enroll in their employer's health plan to be eligible to participate in The Village's plan.
- **Perform an Eligibility Audit:** Our clients receive an independent and objective assessment of whether or not dependents covered by health plans are eligible to receive benefits. Some of the key benefits of a dependent eligibility audit include:
  - Decreased overall health care costs.
  - Administrative time and money saved by hiring a professional auditor.

Mesirow Insurance Services, Inc., an Alliant-owned company | alliant.com | CA License No. 0803093

- Immediate measurable results as ineligible dependents are removed from coverage.
- Confirmation of plan participant understanding of eligibility requirements.
- Improved renewal processes through accurate enrollment records, documentation and communications.
- Reduce compliance risk under Sarbanes-Oxley, ERISA and DOL guidelines.

The dependent eligibility audit firms we work with are uniquely qualified and experienced to provide the best audit services for our customers based on independence, expertise, reputation and innovation.

We also take the following measures:

- Analyze funding arrangement.
- Provide a complete employee contribution analysis which includes options and strategies for distributing employees versus employer costs.
- Promote employee health and productivity.

9. Provide a description of any and all unique brokerage or consulting services your firm will offer to the Village.

Analytics	
PlanIQ Alliant has leveraged the power of the Johns' Hopkins University's Adjusted Clinical Grouping System (ACG®) to create our proprietary tool, PlanIQ™. Using a blend of clinical predictive risk methodology and a national reference database, consisting of 4.2 trillion medical and pharmacy records, we can forecast the fair market value of your current and renewal rates to help you interpret and plan ahead for your large claim exposure today and tomorrow. The result is an optimized view of a company's risk profile, forecasted large claim exposure and rates adjusted by known and unknown risk factors. Providing transparency and health plan insights makes renewal rates predictable, measurable, and fair. PlanIQ will validate your existing rates and their accuracy versus actual risk. Alliant's approach addresses the underlying risk prior to sending your information out to market. The goal is to preemptively evaluate population and health plan risks prior to your renewal.	**COMPLIMENTARY** for Alliant Insurance Services clients.
iDAP Our analytics tool for self-funded clients. IDAP™ measures morbidity in large populations that improves accuracy and fairness in evaluating provider performance, identifying patients at high risk, forecasting healthcare utilization, and setting equitable payment rates. This approach allows you to compile multiple years of data from various sources so you can examine cohort information, compare against benchmark utilization of millions of members, and mine data for deeper meaning on why health conditions appear in the populations rather than just what conditions are prevalent.	Pricing is dependent on company size. For specific pricing information, please contact your Alliant Insurance Services representative.
PlanIT On an annual basis, we partner with our healthcare analytics vendor, PlanIT, Inc., to provide an extensive and in-depth review of claims utilization. Using this analytics tool, we are able to identify areas of high usage and cost. In addition to the dashboard, we have the ability to drill down into specifics of the plan utilization. The detail provided empowers clients to make educated plan changes. These plan changes will be modeled to show cost savings and participation impact. If claims experience information is available, we will provide a quarterly report detailing: monthly enrollment; monthly and large claims; medical and dental claims; and cost per employee per	**COMPLIMENTARY** for Alliant Insurance Services clients

month. Monitoring plan costs in relation to budget is paramount in our quarterly review. In addition to PlanIT, we will perform an annual in-depth analysis of utilization and recommend plan design changes.

10. Provide a sample work plan for a client medical insurance renewal and negotiations.

Renewal Process

Our knowledge in brokering risks, combined with our key market relationships, allows us to anticipate how underwriters will perceive an account before we begin negotiations. We strategically select markets to approach on behalf of our clients based on administrative needs, funding needs, cost constraints, plan design requirements, provider network needs and potential wellness integration, and technology needs. We then streamline the marketing/bidding process and engage only those markets that are able to deliver on each of our clients' specific needs.

Our marketing process is well orchestrated; we approach not just the most qualified and most competitive insurance companies, but also the underwriting management within each organization with whom we have a strong relationship.

Approximately six to seven months prior to the policy renewal date the account team will contact you to create a marketing plan and benefit goals. From setting the marketing goals to the actual implementation, Alliant and The Village will be in constant communication.

The entire renewal process will include addressing current carrier issues, negotiations, benefit and financial analysis, benchmarking data, annual projections and implementation assistance.

The assigned account team will conduct a comprehensive market renewal analysis to:

- Analyze claim data provided by the insurance carrier.
- Interpret plan performance data and present it in an understandable format.
- Negotiate with insurance carriers on your behalf.
- Provide projections of upcoming renewal costs based on data provided by insurance carriers.
- Identify costs associated with proposed plan design changes.
- Provide recommendations on curbing rising insurance costs through plan changes and market innovations.
- Act as a technical resource for employee benefit plans.

Upon completion of the market analysis, the account team will meet with you to review the experience reports, marketing results, benefit alternatives and overall plan

Mesirow Insurance Services, Inc., an Alliant-owned company | alliant.com | CA License No. 0803093

recommendations. Feedback from The Village is essential at this point in the process to ensure that our team is addressing your goals and concerns. We will then complete any meeting takeaways and provide responses to The Village as quickly as possible.

Once The Village has made all the final renewal decisions, Alliant's account team will begin the process of notifying the insurance companies on any plan or carrier representation changes.

The number of vendors to be solicited for competitive bids depends on The Village's review of program/benefits and their requirements. We will make recommendations as to the number of markets, as well as the specific markets, once this information is clearly identified.

Pricing/Fee Structure

Include a comprehensive, specific statement indicating the annual cost of your services and any services that would be included or excluded from that cost - including printed materials. Include whether the prices are hourly, flat fee, or percentage rate, capped amount, or other fee structure. The Village will consider fee arrangements that are clear and quantifiable. Any and all commissions and fees must be identified, including from existing programs. Identify any contingent commission, split-commission or joint marketing arrangements with other brokers, agents, firms or associations. All commission and fees of any type received by broker shall be included in overall cost of contract. For comparison purposes, fees should be stated per employee per month (PEPM) and provide an overall estimate. Identify any fees/rates you charge for services including such things as data conversion, technical and professional services, service management, and training, and online services. Include payment options and preferences.

Alliant proposes an annual service fee of $60,000. Alliant agrees to not accept any additional form of compensation on the Village of Oak Lawn insurance policies such as insurance carrier commissions, contingent commissions, overrides or bonuses.

Identify any regulatory or law enforcement agency in the United States, such as the Department of Insurance or State/District Attorney that has contacted your firm in regard to contingent commission payments, or other such payments. Include the name of the agency, date of contact, nature of requested information, results of the contact including corrective actions or financial penalties levied, whether the issues have been resolved, whether contact with other parties is continuing, and any other relevant information.

Alliant has not been contacted by a regulatory or law enforcement agency in the last 10 years. There have been no corrective actions or financial penalties levied.

CampaignBuilder Communications

Alliant EMPLOYEE BENEFITS

What is CampaignBuilder?

CampaignBuilder, Alliant's suite of customizable Open Enrollment communications, is an engaging, thoughtful communications strategy designed to ensure that employees understand the value and most effective use of their benefits. Employers choose from our extensive library of theme photos and templates. Simple language and consistent design reduce employee confusion and create high visibility of benefit materials. Turnkey templates make the materials ready in weeks, not months.

What is included?

CampaignBuilder includes a number of elements that can be used in any combination.

- Open Enrollment email announcements
- Postcard home mailer
- Workplace posters
- Benefits summary booklet
- Open enrollment presentation
- HDHP-HSA educational materials
- Open Enrollment and new hire videos
- Educational videos

How does it work?

Your account team will work with you to plan your campaign. Your brand will be represented with your company logo and two accent colors. You can choose the theme that best fits company culture, or provide your own photos for an even more customized look and feel. We will work with you to refine your benefits messaging, and your entire campaign can be completed within 30 days or less.

Why choose CampaignBuilder?

Recent surveys show that 50% of employees agree that benefits are an important reason they stay with their current employer. Creating benefit materials that get and keep your employees' attention will help employees stay engaged with your benefit programs and your company. Clear and simple messaging will help employees understand how to enroll in and use their plans, reducing the confusion that often accompanies making benefit choices.

MEDICAL

Choosing a Medical Plan

The Company's medical coverage is provided by BlueCross BlueShield of Illinois (BCBSIL).

BCBSIL PPO Preferred Provider Organization (PPO) offers an extensive national network of physicians and hospitals that have agreed to provide services at discounted rates. You may visit any doctor in any practice or specialty without a referral, but you are covered at a higher level if you receive care from a provider in the BCBS network, rather than outside of the network.

BlueEdge HCA BlueEdge HCA is a consumer-directed health plan combining a PPO health plan with a health care account (HCA) funded by ABC Company. This plan covers preventive care and wellness services and offers online decision-making tools to help you make better healthcare choices. Funds in your HCA can pay for covered healthcare expenses and may also be applied toward your deductible. Charges for covered medical services are first paid from this account. Pharmacy benefits, both retail and mail, are fully integrated into this program.

HMO Illinois and BlueAdvantage HMO We offer two HMOs from which to choose. Each requires that you select a medical group and primary care physician (PCP) from the BCBSIL directory. Covered females may select a Woman's Principal Health Care Provider (WPHCP) in addition to her PCP. All care provided or coordinated by your PCP, WPHCP or medical group. The differences between HMO Illinois and BlueAdvantage are in the breadth of the physician networks and the cost of your employee contribution.

Choosing a Dental Plan

Our dental plans are provided by Delta Dental.

Dental PPO The dental PPO works in the same way as the medical PPO in that you will receive the maximum benefits if you receive care from a PPO in-network dentist. While you may still be covered if you choose an out-of-network dentist, those benefits may be reduced.

LIFE AND AD&D

To assist your family financially in the unfortunate event of your loss of life, ABC Company provides you with basic term life insurance, generally in increments equal to your base annual salary, at no cost to you. An additional benefit may be payable for accidental death or non-work-related dismemberment. Should you desire more coverage, voluntary "buy-up" life insurance also is available. Life and AD&D coverage is carried through Sun Life

UNUM

LONG-TERM DISABILITY

If you become disabled due to a non-work-related illness or injury, long-term disability benefits may be payable. For periods of disability lasting longer than 90 days, ABC Company sponsors long-term disability coverage through UNUM. This benefit pays you up to 60% of your monthly earnings, to a maximum of $10,000 per month.

FSA PLANS

ABC Company makes available to you flexible spending accounts for healthcare and dependent care.

Healthcare FSA The healthcare FSA enables you to put aside pre-tax dollars to pay for out-of-pocket expenses you may incur for medical, dental, vision and pharmacy (including over-the-counter and medically-necessary healthcare products) care. For 2008, the maximum contribution you may elect for your healthcare FSA is $4,000. Contributions are made via pre-tax payroll deductions. As expenses are incurred, you may submit receipts for covered services to WageWorks for reimbursement.

Dependent Care FSA The dependent care FSA enables you to put aside pre-tax dollars to pay for child and elder care expenses. For 2008, the maximum contribution you may elect for your dependent care FSA is $5,000. Contributions are made via pre-tax payroll deductions. As expenses are incurred, you may submit receipts for services to WageWorks for reimbursement.

RESOLUTION NO. ____

A RESOLUTION WAIVING THE COMPETITIVE BIDDING REQUIREMENTS AND AWARDING J&J NEWELL CONCRETE CONTRACTORS, INC., A CONTRACT FOR THE 2021 50/50 SIDEWALK PROGRAM

WHEREAS, Section 6(a) of Article VII of the 1970 Constitution of the State of Illinois provides that any municipality which has a population of more than 25,000 is a home rule unit, and the Village of Oak Lawn, Cook County, Illinois, with a population in excess of 25,000 is, therefore, a home rule unit and, pursuant to the provisions of said Section 6(a) of Article VII, may exercise any power and perform any function pertaining to its government and affairs, including, but not limited to, the power to tax and to incur debt; and

WHEREAS, the Village of Oak Lawn desires to waive competitive bidding requirements and award J&J Newell Concrete Contractors, Inc., ("J&J Newell") a contract for the 2021 50/50 Sidewalk Program ("50/50 Sidewalk Program"); and

WHEREAS, said 50/50 Sidewalk Project shall be conducted by J&J Newell for the bid price of $34,350.00; and

WHEREAS, the Village may waive competitive bidding requirements by a two-thirds vote of the Board of Trustees pursuant to 65 ILCS 5/8-9-1 of the Illinois Municipal Code and Title 1 Chapter 11 Section 5 of the Village Code; and

WHEREAS, it has been determined by the President and Board of Trustees of the Village of Oak Lawn that it is in the best interest of the Village and its residents to waive the competitive bidding requirements and contract with J&J Newell to perform said 50/50 Sidewalk Project; and

NOW, THEREFORE, BE IT RESOLVED BY THE VILLAGE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF OAK LAWN, COOK COUNTY, ILLINOIS, IN THE EXERCISE OF ITS HOME RULE POWERS, AS FOLLOWS:

SECTION 1: The foregoing recitals shall be and are hereby incorporated as findings of fact as if said recitals were fully set forth herein.

SECTION 2: The President and Board of Trustees hereby waive the competitive bidding requirements and authorize the Village Manager and/or his designee to execute a contract with J&J Newell in amount not to exceed $34,350.00, memorializing the contract for the 50/50 Sidewalk Project.

SECTION 3. Any policy, resolution or ordinance of the Village that conflicts with the provisions of this Resolution shall be and is hereby repealed to the extent of such conflict.

SECTION 4: This Resolution shall be in full force and effect from and after its passage and approval in the manner provided by law.

Re: **CLASS "N" LIQUOR LICENSE INCREASE – Cardinal Liquor Barn 9630 Southwest Highway, Oak Lawn, IL 60453**

Please put the following under the Village President's Report for Tuesday, June 8, 2021:

Request to increase Class N Liquor Licenses issued to Cardinal Liquor Barn at 9630 Southwest Highway, Oak Lawn, IL.

CLASS N LICENSE; Outdoor Service Areas: Authorizes an establishment, that already holds a liquor license which authorizes the sale of alcoholic liquor for consumption on the licensed premises (hereinafter the "primary liquor license"), to also sell alcoholic liquor for consumption in an outdoor service area which can be accessed from the licensed premises. The hours during which alcoholic liquor may be sold and the conditions applicable to such sales, as applicable to the primary liquor license, shall also be applicable to the service of alcoholic liquor in the outdoor service area under the class N liquor license. A class N liquor license may be authorized subject to the licensee's compliance with such additional terms and conditions as may be necessary to protect the health, safety and welfare of the general public and those residents of the village in the area surrounding the licensed establishment. A temporary class N liquor license may be applied for in relation to a special event of no more than one day. No more than three (3) temporary class N liquor licenses may be issued to the same licensee within any twelve (12) month period. Video gaming as defined under the Illinois video gaming act, 230 Illinois Compiled Statutes 40/1 et seq., shall not be allowed in the outdoor service area of a class N licensed premises.
