Applicant,

The Mayor and Village Board determine the number of liquor licenses to be issued within each class. At the current time, all authorized licenses have been issued. Anyone interested in opening a new liquor establishment must appear before the Liquor Advisory Board and the Village Board of Trustees to request an increase in the number of licenses in the desired class.

The first step is to choose a location for the proposed new business. When doing so, it is advised that the applicant consult with the Community Development Department to determine whether the chosen site is suitable for the new business. An existing building may need considerable work to bring it up to code in order for a certificate of occupancy to be issued.

After the location is chosen, the full application, along with a \$250 non-refundable fee, shall be submitted to the Licensing Division in order to be placed on the Liquor Advisory Board Agenda. It is highly recommended that the applicant attend the Liquor Advisory Board meeting to answer any questions that the Board may have.

After the Liquor Advisory provides their recommendation of approval, the application will be forward to the Legislative Office to be placed on a Village Board agenda. If the Village Board approves the request, the available license will not be issued until all licensing requirements have been fulfilled, all inspections have been passed, and a certificate of occupancy has been issued. In addition to the Liquor License, all businesses must file an application for a Business License. In the case of restaurants, grocery stores, or other food dealers, a Cook County Health inspection report will also be required prior to any licenses being issued.

Once all the liquor license requirements have been fulfilled and the Village liquor license has been issued, the business owner must obtain a State liquor license through the Illinois Liquor Control Commission. Information on obtaining a State liquor license can be found online at <https://www2.illinois.gov/ilcc/Pages/Applications.aspx> or by calling (312) 814-2206. A copy of the State license must be provided to the Business License office within 3 business days.

Please note that if the decision is made to purchase an existing business that has a current liquor license, the liquor license and any other licenses held by the existing businesses are not transferable.

Feel free to call me at (708) 499-7837 with any questions regarding business and/or liquor licensing.

For questions or information related to obtaining a liquor license, contact Deanne Adasiak at (708) 499-7837.
