After login you will have to identify your Fire Department to browse/purchase the products.

Help with Registration - Before you begin:

1. Customer Type: Fire Department?

If your fire department has master key access to your lockbox and building, you will need to make sure that your fire department is part of the **Kidde Rapid Entry system**. You will be able to register and immediately access the store, but before you can purchase a lock box, you must select the correct fire department. Questions? [Contact Customer Support](#)

2. Customer Type: Individual Customer?

If your organization's security personnel manage the master key and lock box access to your building, then we will need to first verify your Kidde Customer Number before your account can be created. If you've ordered with us before and do not remember the number, [Contact Customer Support](#)

3. Tax Exempt Customer?

If your organization is tax exempt, please select that option now during registration, or you may be charged sales tax. Your registration will be put on hold, but a Customer Support representative will contact you shortly to obtain your organization's tax exemption certificate and complete the registration process. Questions? [Contact Customer Support](#)

Rapid Entry Key Lock Boxes

In an emergency, a rapid entry system is critical to the success of first responders. Supra Lock Boxes, by Kidde, eliminate barriers, reduce injuries, and minimize property damage. Trusted for more than 55 years, our emergency key lock boxes protect a wide range of both residential and commercial facilities. In compliance with International Fire Code, these police and fire department lock boxes are mounted securely near building doors, gates, and other entrances. If an alarm sounds, emergency personnel receive immediate access to the facility - with no on-site guard needed. In addition to these rapid entry systems and components, we offer convenient-entry, outdoor key safes for non-emergency situations.
