

Oak Lawn Regional Water System

Watermain Installation Along Southwest Highway at Cicero Avenue,
Central Avenue, and 95th Street

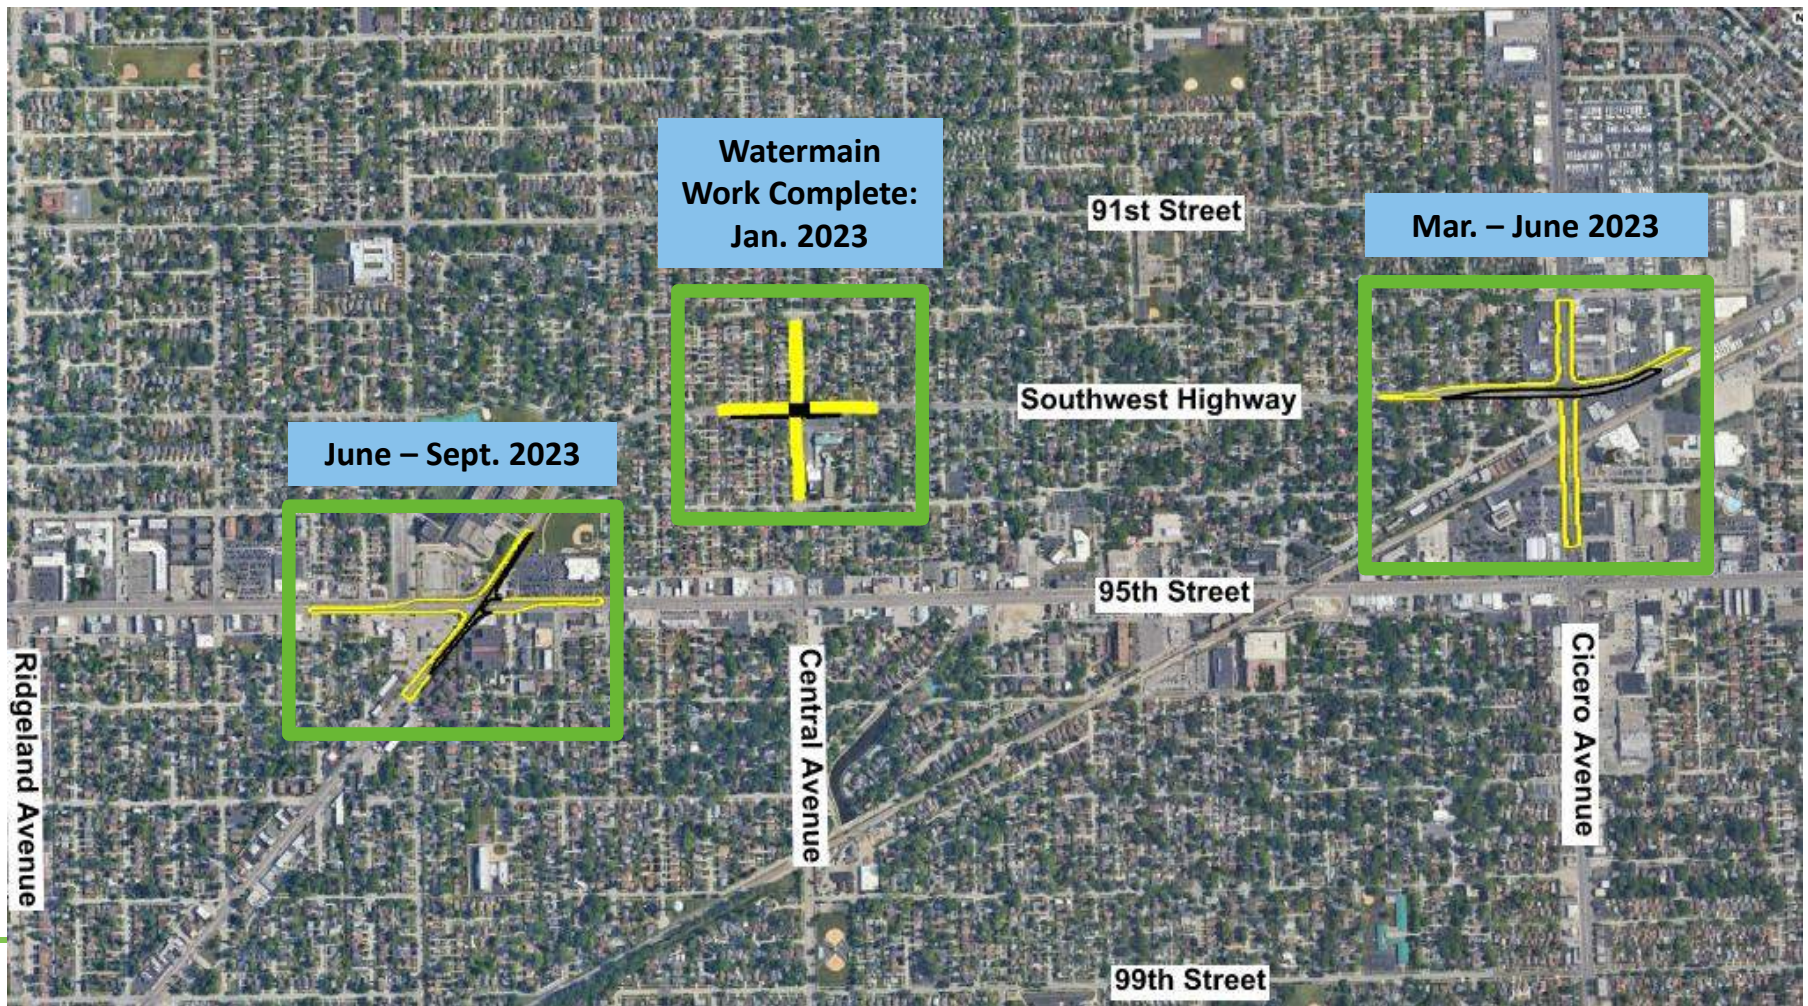

March 9, 2023

**CDM
Smith**

Watermain Construction: Sept. 2022 – Nov. 2023

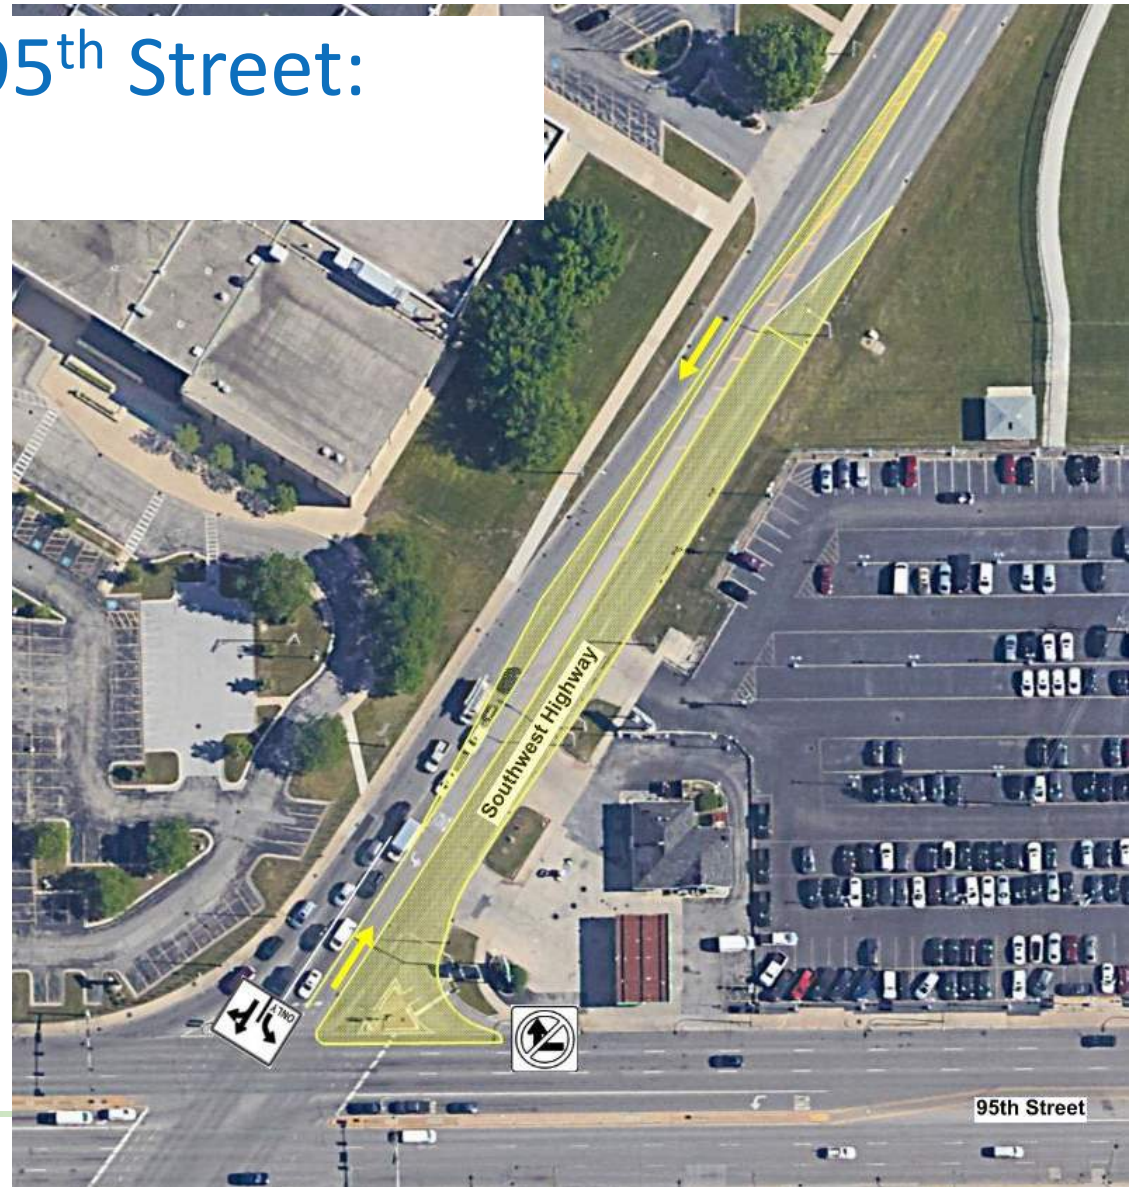

Southwest Highway at 95th Street: June – Sept. 2023

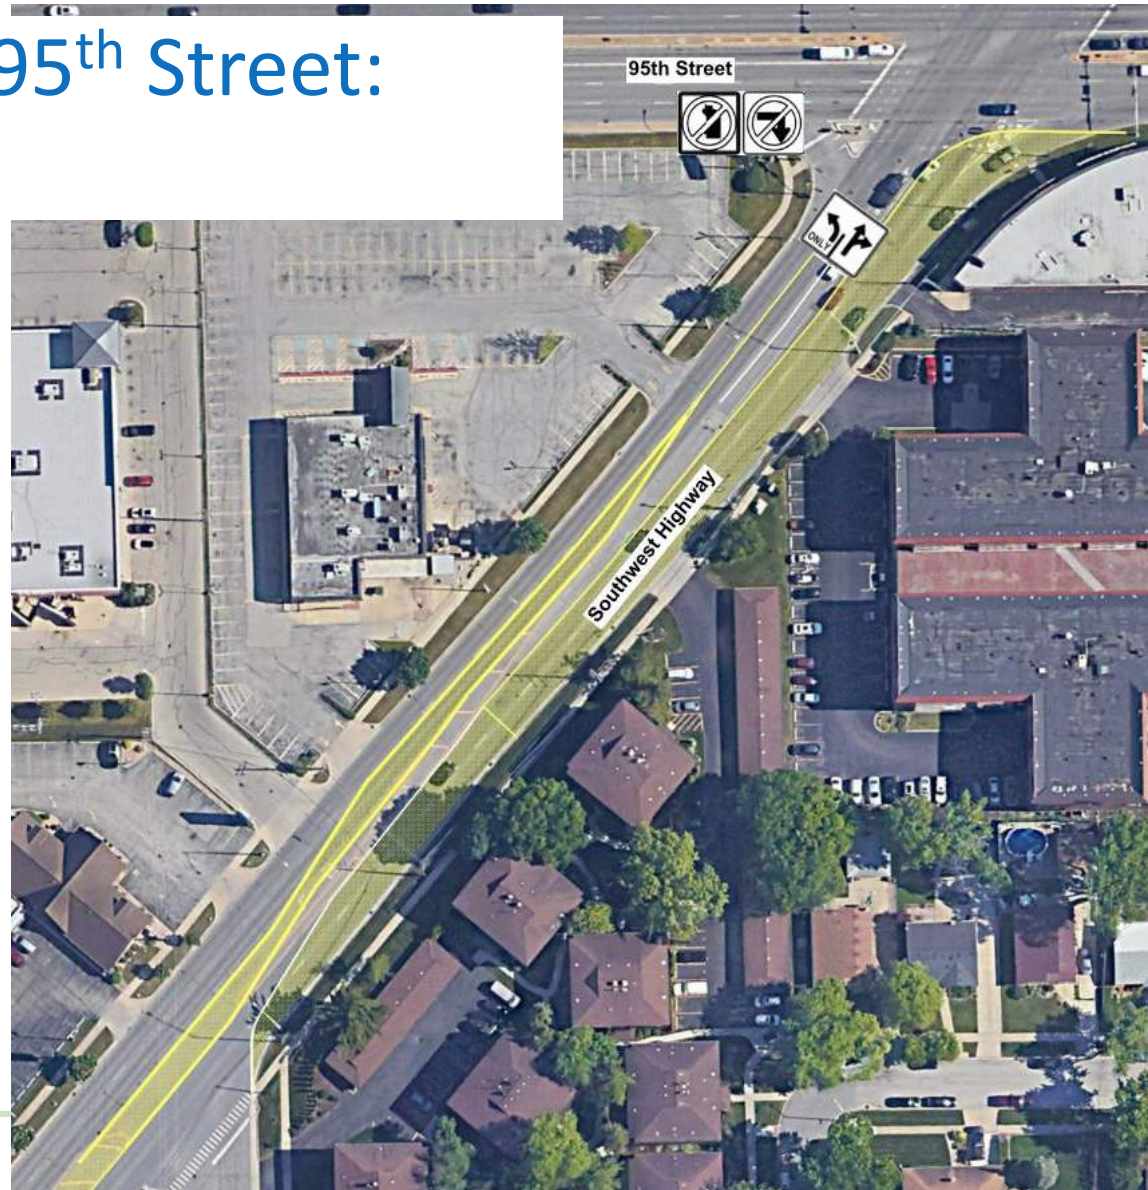

Southwest Highway at 95th Street: June – Sept. 2023

- Traffic control in place after school semester (approx. May 31)
- Construction M-F, 7am to 5pm
- 1 lane traffic in each direction
- No right turn from westbound 95th Street to northbound Southwest Highway
- Left turns from Southwest Highway remain open except for 20-day period

Southwest Highway at 95th Street: June – Sept. 2023

- No truck right turns from eastbound 95th Street to southbound SW Hwy (no right turns for cars for 10-day period)
- No right turns from northbound SW Hwy to eastbound 95th Street for 10-day period
- Austin Avenue intersection remains open
- No left turns to/from SW Hwy
- Temp. lane closures may be required with flaggers
- Business open signs posted

Within 95th Street: July – August 2023

- Work in 4 stages across 95th St
- Each stage 10 days in duration
- Construction 24/7
- SW Hwy traffic control remains in place
- Minimum 2 lanes in each direction between Meade and Menard
- Left turns remain open from 95th Street to SW Hwy
- Detours will be posted when turn restrictions in place
- Crosswalk detours

Construction Coordination

- Lane closures to be coordinated with Oak Lawn police and fire departments
- Project coordination to occur with commercial and residential property owners
- Median removal work requested in April/May: temporary lane closures during middle of day
- Planned utility work to be coordinated with Oak Lawn and residents
- Engineers onsite during construction
