2015 HOUSING AUTHORITY BUDGET MESSAGE & ANALYSIS

Wildwood Housing Authority

AUTHORITY BUDGET

Fiscal Year From April 1, 2015 to March 31, 2016

Answer all questions below. Attach additional pages and schedules as needed.

1. Complete a brief statement on the 2015 proposed Annual Budget and make comparison to the 2014 adopted budget. Explain any variances over +/-10% for each line item. Explanations of variances should include a description of the reason for the increase/decrease in the budgeted line item, not just an indication of the amount and percent of the change. Attach any supporting documentation that will help to explain the reason for the increase/decrease in the budgeted line item. For example, if the anticipated HUD Operating Subsidy has increased 15%, provide documentation that supports the increased HUD Operating Subsidy to the Housing Authority.

Budgeted revenues are anticipated to be adequate to cover projected expenses for the budget year ended March 31, 2016, resulting in a moderate budget surplus from operations of \$31,622. Anticipated revenues total \$1,498,323; an increase of \$463,293 (4.4%) as compared to the current year. Actual current year revenues are in line with budgeted amounts for all major budget categories. Total appropriations budgeted for the fiscal year ended June 30, 2016 are \$1,466,701; an increase of \$51,268 (3.6%) versus the current year. The most significant swings in operating income budget categories are as follows:

Other Operating Revenues (attributable to antenna revenue and laundry income) increased from \$52,500 in 2014 to \$89,000 in 2015, an increase of \$36,500, or 69.5%. This increase is due primarily to the housing authority's securing an additional tenant to place another antenna on the roof of Sandman Towers. The lease was signed during the fiscal year ended March 31, 2015. Thus, the 2015 budget for other operating revenue is more in line with the current year's actual revenues than the 2015 budget.

Though the variances are less than 10%, the authority's two major categories of revenue (HUD operating subsidies and dwelling rents) increase by \$21,427 and \$10,989, respectively due to normal inflationary increases.

Significant changes in budgeted expenses (variances of +/- 10%) are as follows:

- A. Legal expense increased by 61.9%, from \$42,000 to \$68,000. This increase of \$26,000 is due primarily to the housing authority's engaging a Washington, DC law firm to assist in its application to participate in HUD's Rental Assistance Program (RAD) and to apply for an allocation of low income housing tax credits. The Authority's initial RAD application was approved and management is now in the process of preparing an application to secure low income housing tax credits which it will use in conjunction with the RAD conversion to obtain the funds needed to rehabilitate its Commissioner's Court development.*
- B. Tenant Services salaries, budgeted at \$57,176 in 2014 (Congregate Services Program) are not included in the 2015 proposed budget. This change is due to management's decision to use a subcontractor to manage and operate its Congregate Services Program (CSP) beginning in February of 2015. Thus, no salary expense will be incurred in the operation of this program.*
- C. Tenant Services operating expenses are increased from \$65,000 in 2014 to \$123,125 in 2015, an increase of \$58,125. This increase represents the cost of subcontract services that will be incurred in the operation of the CSP by a third party.*
- D. Maintenance salaries decreased by \$19,721, or 15.9%, as a maintenance employee was terminated in an effort to keep costs in line with attainable revenues.*

- E. *Protective Services salaries increased by \$8,032, or 30.3%, Due to the effectiveness of its lease enforcement program, management has budgeted for increased hours by its part-time lease enforcement officer.*
- F. *Budgeted employee benefit costs decreased by \$22,504 (24.0%). This decrease is directly attributable to the reduction in staff noted in items B and D above.*
- G. *The increase in maintenance expenses from \$149,850 in 2014 to \$174,019 is due to the anticipated costs required to complete several deferred maintenance projects, most notably, the repair of roofs and costs incurred at the time of apartment turnover.*

2. Complete a brief statement on the impact the proposed Annual Budget will have on Anticipated Revenues, especially service charges, and on the general purpose/component unit financial statements. Explain significant increases or decreases, if any. An increase or decrease is considered significant if it is over +/-10% from the current year adopted budget.

The proposed annual budget will have no significant impact on rents or service fees charged. Rental income is set by federal regulations at 30% of adjusted tenant income. As previously discussed, other increased or decreases in budget revenue are primarily a result in changes in HUD's level of subsidy funding. As a result, the proposed budget will not significantly impact the housing authority's financial statements.

3. Describe the state of the local/regional economy and how it may impact the proposed Annual Budget, including the planned Capital Budget/Program.

The local / regional economy is weak, but stable. The effects of the economy have been considered in projecting tenant income and resulting rental income and housing assistance payments expense in the public housing and housing choice voucher programs. Thus, the state of the local / regional economy does not have a significant impact on the proposed budget.

4. Describe the reasons for utilizing Unrestricted Net Position in the proposed Annual Budget, i.e. rate stabilization, debt service reduction, to balance the budget, etc. If the Authority's budget anticipates a use of Unrestricted Net Position, this question must be answered.

N/A – an increase in unrestricted net position of approximately \$32,000 is budgeted.

5. Is the Authority required to implement project-based budgeting and asset management under HUD rules and regulations? If yes, has the Authority's governing body adopted a project-based budget?

No. The housing authority is not required to implement project-based budgeting and accounting, but the authority has adopted asset management and a project-based budget in order to provide management with information necessary to successfully control the operations of each of its developments.

6. The proposed budget must not reflect an anticipated deficit from 2015 operations. If there exists an accumulated deficit from prior years' budgets (and funding is included in the proposed budget as a result of a prior deficit) explain the funding plan to eliminate said deficit (N.J.S.A. 40A:5A-12). If the Authority has a net deficit reported in its most recent audit, it must provide a deficit reduction plan in response to this question.

N/A – the Authority does not have an accumulated deficit and does not anticipate a deficit in the proposed budget.

7. Attach a schedule of the Authority's existing rate structure (rent, maintenance/utilities, etc.) and a schedule of the proposed rate structure for the upcoming fiscal year. Explain any proposed changes in the rate structure and attach the resolution approving the change in the rate structure, if applicable.

As previously noted rental income is governed by federal regulations and is equal to 30% of adjusted tenant income. Since the local economy is fairly stable, it is not anticipated that tenant incomes and resultant rents will differ significantly from the prior period. Thus, changes in rental rates will have no significant impact on this budget.

8. Attach a copy of the Authority's most recent Annual Operating Data submission to the Municipal Securities Rulemaking Board's Electronic Municipal Marketplace Access (EMMA) under the Authority's Continuing Disclosure Agreements for any debt issuances outstanding. Examples of Annual Operating Data may include rents and collections; number of tenants; number of available housing units; etc. See Local Finance Notice 2014-9 for more information.

N/A – The Authority does not have any debt outstanding.

2015 CAPITAL BUDGET/PROGRAM MESSAGE

Wildwood Housing Authority

Fiscal Year From April 1, 2015 to March 31, 2016

This section is included in the Capital Budget pursuant to N.J.A.C. 5:31-2. It does not in itself confer any authorization to raise or expend funds. Rather, it is a document used as part of the Housing Authority's planning and management system. Specific authorization to spend funds for purposes described in this section must be granted elsewhere, by a separate financing agreement, security agreement, by resolution appropriating funds from the Renewal and Replacement Reserve, or other lawful means.

1. Has the Capital Budget/Program been prepared in consultation with or reviewed by, the local and county planning board(s), governing body(ies), or other affected governmental entity(ies) of the jurisdiction(s) served by the Housing Authority? *Yes – reviewed and approved by municipal government and residents of the developments affected.*
2. Has each capital project/project financing been developed from a specific plan or report and have the full life cycle costs of each been calculated? *Yes. The capital projects have been developed in conjunction with the Authority's Capital Fund Program, a comprehensive program considering the capital needs of all its projects.*
3. Has the Housing Authority prepared a long-term (10-20 years) infrastructure needs assessment? *In accordance with HUD requirements, the Authority has prepared a 5 year capital plan and performed a physical needs assessment.*
4. Are any of the capital projects/project financings being undertaken in a community that has a State Plan designated center? If so, please describe the relationship of same to the center's goals and objectives. *N/A*
5. Describe the impact on the schedule of rents and/or user charges if the proposed capital projects are undertaken. Indicate the impact on current and future year's schedules.
As previously noted, rental income is governed by federal regulations and is equal to 30% of adjusted tenant income. Since the local economy is fairly stable, it is not anticipated that tenant incomes and resultant rents will differ significantly from the prior period. All planned capital projects are funded by HUD's capital fund program and will not be affected by fluctuations in rental income. The proposed capital projects are considered necessary to maintain the dwelling rents at budgeted levels.
6. Have the projects been reviewed and approved by HUD? *Yes, all capital fund budgets have been approved by HUD.*

Add additional sheets if necessary.
