**VISITORS/GUEST LIMITED ACCESS**

**Be advised that the Housing Authority has received numerous complaints of disturbance of peace during the late evening or early morning hours. These complaints have identified loud music playing, furniture being moved, or boisterous people, coming and going from units. We thought it would be best at this time to clarify the visitor/guest limited access to the Sandman Towers building.**

**The outer doors to Sandman Towers should automatically lock around 9PM every evening thereby limiting access to the building to residents only. As this is a hi-rise building, local fire safety laws require that the Housing Authority maintain an accurate record at all times of the number of occupants in the building. Accordingly, all residents are required to report to the office in advance and get approval if they will be having overnight guests (14 days per calendar year for overnight visitors, not per person based on WHA Policy. All guests/visitors should clearly & legibly complete the visitors' sign-in log, providing their name, address, unit they are visiting, and the time they are entering & departing the building.**

**As this is a senior/disabled community, every effort has been taken to provide our senior/disabled resident population a peaceful, safe living environment; and to also be considerate in allowing time for guest/visitors between the hours of 7AM to 9PM.**
