1. PURPOSE

- 1.1 The National Transportation Act has made available certain Federal funding for use by local public agencies. The Federal Highway Administration (hereinafter referred to as FHWA) designated ODOT as the agency in Ohio to administer FHWA's Federal funding programs.
- 1.2 Section 5501.03 (D) of the **Ohio Revised Code** (hereinafter referred to as ORC) provides that ODOT may coordinate its activities and enter into contracts with other appropriate public authorities to administer the design, qualification of bidders, competitive bid letting, construction, inspection, and acceptance of any projects administered by ODOT, provided the administration of such projects is performed in accordance with all applicable Federal and State laws and regulations with oversight by ODOT.
- 1.3 The **resurfacing of Chardon Road (US-6) from approximately Bishop Road (SR-84) to S.O.M. Center Road (SR-91) in the City of Willoughby Hills; PID 112659 LAK US 006 00.44** (hereinafter referred to as the PROJECT) is a transportation activity eligible to receive Federal funding, and which is further defined in the PROJECT scope.
- 1.4 The purpose of this Agreement is to set forth requirements associated with the Federal funds available for the PROJECT and to establish the responsibilities of ODOT and the LPA for administration of the PROJECT.

3. FUNDING AND PAYMENT

3.1 The total cost for the PROJECT is estimated to be \$ 1,386,160.56 as set forth in Attachment 1.

ODOT shall provide to the LPA 80 percent of the eligible costs, up to a maximum of \$ 1,026,785.60 in Federal (4TA7) STBG funds. This maximum amount reflects the funding limit for the PROJECT set by the applicable Program Manager. Unless otherwise provided, funds through ODOT shall be applied only to the eligible costs associated with the actual construction of the transportation project improvements and construction engineering/inspection activities.

3.2 The LPA shall provide all other financial resources necessary to fully complete the PROJECT, including all 100 percent Locally-funded work, and all cost overruns and contractor claims in excess of the maximum(s) indicated in 3.1 above.

3.3 All funding from ODOT under this Agreement operates on a reimbursement basis. The LPA shall review and/or approve all contractor invoices for materials, equipment and labor prior to payment and prior to requesting reimbursement from ODOT for work performed on the PROJECT.

3.4 The LPA shall ensure the accuracy of any invoice in both amount and in relation to the progress made on the PROJECT. The **LPA** must submit to ODOT a written request for reimbursement of the state share of the expenses involved, attaching copies of all source documentation associated with pending invoices or paid costs. To assure prompt payment, the measurement of quantities and the recording for payment should be performed on a daily basis as the items of work are completed and accepted.

3.5 ODOT shall pay, or reimburse, the LPA or, at the request of the LPA and with concurrence of ODOT, pay directly to the LPA's construction contractor ("Contractor"), the eligible items of expense in accordance with the cost-sharing provisions of this Agreement. If the LPA requests to have the Contractor paid directly, Attachment 2 to this Agreement shall be completed and submitted with the project bid tabulations, and the Contractor shall be required to establish Electronic Funds Transfer with the State of Ohio. ODOT shall pay the Contractor or reimburse the LPA within thirty (30) days of receipt of the approved Contractor's invoice from the LPA.

The LPA shall then provide the final report to the ODOT District within 6 months of the physical completion date of the PROJECT so that the report may be audited and approved for payment. If the deadline cannot be met, a written explanation must be provided to the District prior to the end of the 6 months documenting the reason and the new anticipated date of completion. If the extended deadline is not met, then this process must be repeated until the PROJECT is completed. Failure to follow this process may result in the immediate close-out of the PROJECT and loss of further funding.

3.7 Payment or reimbursement to the LPA shall be submitted to:

City of Willoughby Hills
35405 Chardon Road
Willoughby Hills, Ohio 44094

The LPA shall provide a letter indicating the proposed Best Management Practices (BMPs) to be utilized for post construction storm water management in accordance with the Ohio EPA National Pollutant Discharge Elimination System (NPDES) Construction General Permit. If no BMPs are proposed, a letter stating concurrence is required from the Ohio EPA.

4.7 Use of ODOT Consultant Agreements

- A. ODOT may provide services through ODOT held consultant agreements at its discretion subject to funding participation by the LPA. Agreements that may be available for use include the following:
 1. If the LPA chooses to utilize the CEAO task order contract for environmental services, the parties agree that the total cost shall be shared based on the following percentages: 80 percent federal/state funds and 20 percent local funds. The LPA agrees to pay its share of the estimated cost upon receipt of an invoice from ODOT prior to the issuance of any acquisition authorization. Once the Project is completed and the final costs determined, the LPA shall be refunded any excess amount paid if the total cost is below the estimated cost, or it shall be invoiced for its share of any increased cost above the estimated cost. The LPA agrees that it shall participate at the same funding percentage if the final costs exceed the estimated cost.
 2. If the LPA chooses to utilize the CEAO task order contract for right-of-way acquisition services, the parties agree that the total cost shall be shared based on the following percentages: 80 percent federal/state funds and 20 percent local funds. The LPA agrees to pay its share of the estimated cost upon receipt of an invoice from ODOT prior to the issuance of any acquisition authorization. Once the Project is completed and the final costs determined, the LPA shall be refunded any excess amount paid if the total cost is below the estimated cost, or it shall be invoiced for its share of any increased cost above the estimated cost. The LPA agrees that it shall participate at the same funding percentage if the final costs exceed the estimated cost.
 3. Value Engineering. If Value Engineering is required, the Department may elect to use an ODOT held agreement to assist in administering the Value Engineering process. If Value Engineering is required, the LPA shall require its consultants to participate as needed.

5. CONSULTANT SELECTION AND ADMINISTRATION

5.1 General Requirements

- A. The LPA must select a consultant/ consultant team that is prequalified by ODOT for all services to be performed by the consultant and subconsultants.
- B. The LPA must incorporate ODOT's "Specifications for Consulting Services – 2016 Edition" as a contract document in all of its consultant contracts.
- C. The LPA must require, as a scope of services clause, that project development follow ODOT's Project Development Process, and that all documents and plans prepared by the consultant must conform to ODOT's current standards, including the electronic deliverable

requirements of ODOT's CADD Engineering Standards Manual, and Location and Design Manual Volume 3, Section 1500.

- D. The LPA consultant agreement must provide for ongoing consultant involvement during the construction phase of the Project.
- E. The LPA consultant agreement must include a completion schedule acceptable to ODOT.
- F. The LPA must assist ODOT in rating the consultant's performance through ODOT's Consultant Evaluation System.
- G. The LPA must cooperate with ODOT in directing additional or corrective work, and to recover damages due to errors or omissions.
- H. If Federal Funds are used to pay the cost of any contract for professional services, the LPA must comply with 23 CFR 172, Sections 153.65 through 153.71 of the Ohio Revised Code and Section 5.2 below in the selection of consultants, and administer consultant agreements in accordance with ODOT's Manual for Administration of Contracts for Professional Services. Professional services, as defined in Sections 5526.01 and 153.65(C) of the Ohio Revised Code, include the practice of engineering (including inspection of construction), the practice of surveying, the practice of architecture including landscape architecture, evaluation of environmental impacts, right-of-way acquisition services and administration of construction contract claims.

5.2 Procedures for LPA Selection of Consultants for Agreements that Include Federal Funds in Preliminary Engineering

A. Policies in Selection of Consultants

1. Restrictions Concerning LPA Preferences

The LPA **shall not** offer direction to consultants concerning preferences (or informal sanctions) for certain subconsultants or team arrangements. These arrangements are business decisions that must be made by consultants without direction from the LPA. The LPA must make selection decisions on the basis of proposed teams without advance "steering" of teams.

2. Communications Restrictions

Please note the following policy concerning communication between Consultants and the LPA during the announcement and selection process:

During the time period between advertisement and the announcement of final consultant selections for the Programmatic Selection Process, communication with consultants (or their agents) shall be limited as follows:

a. Communications which are strictly prohibited:

- (1) Communication with the LPA: Any marketing or similar discussions of the specific project if the consultant has submitted or plans to submit a letter of interest, or is included as a subconsultant on a submittal by another firm.

b. Allowable communications include:

- (1) Project administration activities for authorized agreements, scope and negotiation activities for projects selected but not under contract.
- (2) Technical or scope of services questions specific to projects posted with a programmatic group.

c. When completed selections must be publicly announced.

3. Advertisement

For selection procedures that require public notification, Requests for Letters of Interest “RFLol” must be advertised on the Consultant Services page of ODOT’s website.

4. Disclosure of Selection Information

All selection information including consultant letters of interest shall be available for public disclosure upon completion of the selection.

Information that is not subject to public disclosure at any time includes financial statements and other confidential financial information submitted by a consultant.

5. Supporting Documentation

Documentation supporting the solicitation, proposal, evaluation, and selection of the consultant shall be retained.

6. Prohibited Selection Factors

- a. Price shall not be used as a factor in the evaluation, ranking, and selection phase. All price or cost related items which include, but are not limited to, cost proposals, direct salaries/wage rates, indirect cost rates, and other direct costs are prohibited from being used as evaluation criteria.
- b. In-State or local **preference** shall not be used as a factor in the evaluation, ranking, and selection phase. State licensing laws are not preempted by this provision and professional licensure within a jurisdiction may be established as a requirement for the minimum qualifications and competence of a consultant to perform the solicited services.

Refer to Section 5.2.C.1.n. below for additional guidance concerning the use of local **presence** as a nominal evaluation factor where appropriate.

B. Consultant Selection Processes

The LPA may use any one of five consultant selection processes permitted by 23 CFR 172 and ORC 153.65 – 153.71, the use of which depends on the complexity of the project, estimated total fee, the number of available qualified consultants and whether an emergency exists. The Programmatic and Technical Proposal selection processes are competitive qualifications based selection processes governed by 23 CFR 172.7(a)(1) and ORC 153.65 – 153.71. These selection processes require solicitation, evaluation, ranking, selection, and negotiation in accordance with the qualifications-based selection procurement procedures for architectural and engineering services codified under 40 U.S.C. 1101-1104, commonly referred to as the Brooks Act or Selection of Architects and Engineers.

The Small Purchase selection process is a non-competitive selection process governed by 23 CFR 172.7(a)(2) and ORC 153.71(A). Agreements with total fees less than \$50,000 are eligible for this selection process.

The Emergency and Special Expertise selection processes are non-competitive selection processes governed by 23 CFR 172.7(a)(3) and ORC 153.71.

1. Programmatic Selection Process

The Programmatic Selection Process is a one-step selection process intended to shorten the selection/authorization process for non-complex projects while reducing paperwork and administrative costs for both consultants and the State. In this process consultants are selected based on standard letter of interest content, and a standard Selection Rating Form. The “Programmatic” selection process should be used for most projects that do not meet the criteria for the more elaborate Technical Proposal Selection Process.

2. Technical Proposal Selection Process

The technical proposal selection process is a two-step process intended for use on larger, more complex projects for which a more informed selection decision can be made based on additional information received through the submittal of a (more elaborate) Technical Proposal, and/or presentations/interviews. The Technical Proposal Selection Process is appropriate to use under the following circumstances:

- a. Complex projects involving multiple PDP steps and multiple disciplines including planning, environmental and design services.
- b. Projects that include complex project management challenges in which the role of the consultant project manager will be crucial to project success, and may require extensive public involvement activities.
- c. Specialized services for which the LPA has limited experience and performance records for past projects.
- d. Generally any project for which a single submittal does not provide sufficient information to make a well informed selection decision.

The technical proposal selection process includes the initial submittal of a letter of interest similar to the Programmatic Selection Process, and then “shortlisting” to at least three of the most highly qualified firms. The standard letter of interest content may be revised to include increased page limits and project specific content. The shortlisted firms are then required to submit additional written information (technical proposal) and/or participate in additional discussions or presentation/interview. The content of the technical proposal and the format of interviews can be tailored to fit the requirements of specific projects.

Discussions, if required by the RFLol, may be written, by telephone, video conference, or by oral presentation/interview and shall be with at least three of the most highly qualified consultants to clarify the technical approach, qualifications, and capabilities provided in response to the RFLol.

The process for shortlisting at least three consultants is identical to that of the Programmatic Selection Process. The final selection of a single consultant also follows the same process but considers the written technical proposal and/or presentation/interview along with the initial letter of interest.

3. Emergency Selection Process

The LPA may directly select a consultant for a project determined by the Director of Transportation to be an emergency which will not permit the time necessary to conduct a competitive selection process. Contract costs shall be negotiated in accordance with Chapter 3, Section 3.9 of ODOT's Consultant Contract Administration.

4. Small Purchase Selection Process

The LPA may directly select consultants without solicitation for projects with an estimated total fee of less than \$50,000. The scope of work, project phases, and contract requirements shall not be broken down into smaller components merely to permit the use of fee exempt procedures. The following requirements apply:

- a. The qualifications of a minimum of three consultants must be reviewed prior to selection. The consultants considered for selection and the reasons for selecting the most qualified consultant shall be documented.

In instances where two or fewer consultants are considered qualified, the LPA may proceed with evaluation and selection if it is determined that the project requirements did not contain conditions or requirements that arbitrarily limited competition. The reasons for proceeding with the selection shall be documented.

- b. The full amount of any contract modification that would cause the total contract amount to exceed \$50,000 is ineligible for Federal-aid funding. The FHWA may withdraw all Federal-aid from a contract if Federal funds are used in modifying an agreement above the \$50,000 simplified acquisition threshold.
- c. Contract costs shall be negotiated in accordance with Chapter 3, Section 3.9 of ODOT's Consultant Contract Administration.

5. Special Expertise Selection Process

The LPA may directly select consultants for projects for which the service is available only from a single source. Contract costs shall be negotiated in accordance with Chapter 3, Section 3.9 of ODOT's Consultant Contract Administration.

C. Selection Procedures – Programmatic Selection Process

1. Letter of Interest Content

Requests for Letters of Interest (RFLol) shall include the following:

- a. Project name from Ellis (County-Route-Section);

- b. A description of the project including the location.
- c. A description of the selection process to be used, including the number of steps (direct selection based on the information provided, or a two-step process with a short list and technical proposal and/or interviews, etc.), and the selection rating criteria to be used. The standard selection rating form included herein should be used for most projects.
- d. Any restrictions on communicating with government officials during the selection process.
- e. Any restrictions concerning suspended or debarred firms.
- f. Date that the letter of interest is due. The minimum response time shall be two weeks from the initial posting date.
- g. The approximate construction cost if available.
- h. Any special provisions or contract requirements associated with the services.
- i. The following notification:

The [LPA] in accordance with Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that any contract entered into pursuant to this advertisement, all bidders including disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, national origin, sex (including pregnancy, gender identity and sexual orientation), age, disability, low-income status, or limited English proficiency in consideration for an award.
- j. The DBE Goal requirements and related selection procedures.
- k. Major work elements involved.
- l. A detailed scope of services for the agreement.
- m. The ODOT prequalification(s) required to provide the services;
- n. Subfactors - Any important aspects of a project, if any, that will play a large role in the consultant selection process.

In-State or local preference shall not be used as a selection factor or subfactor, however a local presence may be used as a nominal evaluation factor where appropriate. This criteria shall not be based on political or jurisdictional boundaries and may be applied on a project-by-project basis for contracts where a need has been established for a consultant to provide a local presence, a local presence will add value to the quality and efficiency of the project, and application of this criteria leaves an appropriate number of qualified consultants, given the nature and size of

the project. If a consultant from outside of the locality area indicates as part of a proposal that it will satisfy the criteria in some manner, such as establishing a local project office, that commitment shall be considered to have satisfied the local presence criteria.

- o. The contract type and payment method(s) anticipated to contract for the solicited services. Refer to Chapter 4 of ODOT's Consultant Contract Administration for detailed explanations of contract types and payment methods.
- p. Estimated date of authorization.
- q. Time period in which the work must be completed.
- r. Instructions for submitting a letter of interest including content and required format. The information requested should be consistent with the rating criteria.
- s. Required content of the letter of interest (RFLol) including;
 - (1) The firm's general qualifications.
 - (2) Proposed key staff including key subconsultant staff and project approach.
 - (3) A listing of subconsultants including project responsibility.
 - (4) Whether resumes of key staff members must be submitted.
 - (5) Other information needed to make an informed selection decision.

2. Evaluation Process

- a. Initially evaluate all firms for compliance with the following requirements, advise Districts of the firms that must be eliminated from further consideration and the reason for elimination:
 - (1) Compliance with general Lol requirements, current negligence issues, and ongoing performance issues identified through CES, overall low CES rating, insufficient staff, excessive workload, or any other significant issues relative to a firm's performance.
 - (2) Inclusion on the list of firms suspended or debarred by the Federal Government.
 - (3) For projects noted as having DBE Goals, ODOT will determine whether the consultant made a good faith effort to meet the goal in accordance with 49 CFR 26.53 and Appendix A to Part 26. The letter of interest must show that the consultant has made good faith efforts to meet the goal. Good faith efforts may include: (1) Documentation that the consultant has obtained enough DBE or EDGE (Encouraging Diversity, Growth and Equity) participation to meet the goal; or (2) Documentation that it made adequate good faith efforts, as defined in 49 CFR 26.53, to meet the goal, even though it did not succeed in obtaining enough DBE/EDGE

participation to do so. Consultants that do not show good faith efforts to meet the Goal will not be eligible for selection.

- b. Compliance with prequalification requirements.
- c. Reduce the number of firms to 3-6 for each project through a process of elimination, based on the selection rating factors included in the Consultant Selection Rating Form. Firms may be eliminated due to fatal flaws, overall weakness of team relative to other firms, weak project approach, etc. Provide written documentation concerning the reasons for eliminating a firm from consideration.

In instances where two or fewer consultants respond to the RFLol, or two or fewer consultants are considered qualified to be shortlisted, the LPA may proceed with evaluation and selection if it is determined that the solicitation did not contain conditions or requirements that arbitrarily limited competition. The reasons for proceeding with the selection shall be documented.

- d. For each project, rate each shortlisted firm using the selection rating form. Supplement the numerical ratings with written comments that explain the differential scoring. The highest rated firm shall be selected.

3. Selection Rating Procedures

- a. ODOT's standard consultant selection rating form is shown below. The LPA may use a modified selection rating form that meets the requirements of 23 CFR 172 and ORC 153.65 – 153.71.
- b. Selection evaluations should be based on collaborative discussions of the selection committee members concerning the overall strengths and weaknesses of the teams, including the relative importance of the various selection rating factors relative to the specific requirements of the project. Numerical weights are a guide as to what is important but the selection should not be a mathematical exercise consisting of the addition of scores determined by individual team members. The selection team members should work to reach consensus in determining a single selection rating including written comments that document the reasons for the numerical scores.
- c. For each selection rating factor, each short listed firm shall be ranked, with the highest ranked firm receiving the maximum number of points, and lower ranked firms receiving commensurately lower scores. If firms are considered to be equally qualified, the firms may receive the same score for that selection rating factor. The rankings and scores should be based on each firm's specific proposal and project approach, including the named project manager, staff and subconsultants. Experience on similar projects, past performance for the LPA and other agencies should be considered. The selection committee may contact other ODOT Districts and outside agencies if necessary. Any subfactors identified in the RFLol should be weighed heavily in the differential scoring.

Differential scoring should consider the relative importance of a selection factor in the success of a given project. The project manager's role in a

simple project may be less important than for a complex project, and differential scoring should reflect this, with higher differential scores assigned to projects that require a larger role for the project manager. Similar consideration should be given to all selection factors

4. ODOT's Consultant Selection Rating Form and Selection Rating Notes

Category	Total Value	Scoring Criteria	Score
Management & Team			
Project Manager	10	See Note a. below	
Strength/Experience of Assigned Staff including Subconsultants	25	See Note b. below	
Firm's Current Workload/ Availability of Personnel	10	See Note c. below	
Consultant's Past Performance	30	See Note d. below	
Project Approach	25	See Note e. below	
Total	100		

The following discussion addresses each selection rating factor including scoring methodology, appropriate sources of information and factors that may not be considered.

a. Project Manager

The proposed project manager for each consultant shall be ranked, with the highest ranked project manager receiving the greatest number of points, and lower ranked project managers receiving commensurately lower scores. The rankings and scores should be based on each project manager's experience on similar projects and past performance for the LPA. The selection committee may contact ODOT and outside agencies if necessary. Any subfactors identified should be weighed heavily in the differential scoring.

Differential scoring should consider the relative importance of the project manager's role in the success of a given project. The project manager's role in a simple project may be less important than for a complex project, and differential scoring should reflect this, with higher differentials assigned to projects that require a larger role for the project manager.

b. Strength/Experience of Assigned Staff including Subconsultants

The experience and strength of the assigned staff, including subconsultant staff, should be ranked and scored as noted for Number 1 above, with higher differential scores assigned on more difficult projects. Any subfactors identified in the project notification should be weighed heavily in the differential scoring.

As above, ODOT and other agencies may be contacted.

c. Firm's Current Workload/ Availability of Personnel (Considered at statewide meeting)

In instances when consultant's current workload may impact their ability to complete the work as proposed, the firm's current workload and availability of qualified personnel shall be considered.

d. Consultant's Past Performance

The consultants' past performance on similar projects, including subconsultant performance, shall be ranked and scored on a relative, differential scoring type basis, with the highest ranked consultant receiving a commensurately greater number of points. The selection team should consider ODOT CES performance ratings if available, and consult other ODOT Districts, ODOT Central Offices, and other agencies as appropriate. The use of CES ratings shall place emphasis on the specific type of services requested.

The differential scoring should consider the complexity of the project and any subfactors identified in the project notification.

e. Project Approach

Evaluation of the firm's project approach shall consider:

- (1) The firm's technical approach and understanding of the project.
- (2) The firm's qualifications for the project including knowledge and experience concerning relevant ODOT standards, procedures and guidance documents.
- (3) Any innovative ideas.

When considering this factor in rating firms, the type of project and the relevance of this factor to the project must be considered. For task order and construction inspection projects, and small uncomplicated design projects, the possibility for innovation may be very limited. Larger more complex projects will generally offer more opportunities for innovation. Consultants that identify truly innovative ideas should receive credit in the selection rating, but this factor can be disregarded when projects offer little opportunity for innovation.

- (4) The firm's project specific plan for ensuring increased quality, reduced project delivery time and reduced project costs.

These factors will be relatively more important and relevant to a complex PDP project, and much less important for a construction inspection or task order contract. Please remember that Federal rules prohibit consideration of overhead rates, wage rates or any other cost data submitted voluntarily by the consultant.

The LPA shall be liable to repay to ODOT all of the Federal funds disbursed to it under this Agreement if the certification of the LPA is found to be in error or otherwise invalid.
- 6.6 The **LPA** will coordinate with utilities, complete RE-75 forms, establish encumbrances towards each utility if needed, prepare an invoice to the LPA for the local share, and pay the State share as needed. - 9.2 Unless otherwise directed by ODOT, if for any reason the PROJECT is not completed in its entirety or to a degree acceptable to ODOT and FHWA, the LPA shall repay to ODOT an amount equal to the total funds ODOT disbursed on behalf of the PROJECT. In turn, ODOT shall reimburse FHWA an amount equal to the total sum of Federal dollars it has received for the PROJECT. If the LPA has not repaid ODOT in full an amount equal to the total funds ODOT disbursed on behalf of the PROJECT, any funds recovered from contractor performance and payment bond(s) and consultant insurance shall be used to offset the Federal dollars reimbursed to FHWA.

10. NONDISCRIMINATION

- 10.1 In carrying out this Agreement, the LPA shall not discriminate against any employee or applicant for employment because of race, religion, color, sex (including pregnancy, gender identification and sexual orientation), national origin, ancestry, age, disability as that term is defined in the American with Disabilities Act, military status (past, present, or future), or genetic information. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.
- 10.2 The LPA agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause, and in all solicitations or advertisements for employees placed by it, state that all qualified applicants shall receive consideration for employment without regard to race, religion, color, sex (including pregnancy, gender identification and sexual orientation), national origin, ancestry, age, disability, military status, or genetic information. The LPA shall incorporate this nondiscrimination requirement within all of its contracts for any of the work on the PROJECT (other than subcontracts for standard commercial supplies or raw materials) and shall require all of its contractors to incorporate such requirements in all subcontracts for any part of such PROJECT work.
- 10.3 The LPA shall ensure that Disadvantaged Business Enterprises (DBEs), as defined in 49 CFR Part 26, will have an equal opportunity to participate in the performance of contracts and subcontracts financed in whole or in part with Federal funds provided in conjunction with this Agreement. For a PROJECT upon which a DBE goal is assigned, the LPA shall require that all contracts and other agreements it enters into for the performance of the PROJECT contain the following specific language:

Disadvantaged Business Enterprise (DBE) Requirement. DBE participation goals (subcontracts, materials, supplies) have been set on this PROJECT for those certified as DBEs pursuant to Title 23, U.S.C. section 140(c) and 49 CFR, Part 26, and where applicable qualified to bid with ODOT under Chapter 5525 of the ORC.

The LPA agrees to carry out applicable requirements of 49 CFR Part 26 in the award and

administration of DOT-assisted contracts. The LPA understands that failure to carry out these requirements is a material breach of this Agreement, which may result in the termination of this Agreement or such other remedy as ODOT deems appropriate.

10.4 During the performance of this contract, the LPA, for itself, its assignees and successors in interest”) agrees as follows:

- (a) **Compliance with Regulations:** The LPA will comply with the regulations relative to nondiscrimination in Federally-assisted programs of the United States Department of Transportation (hereinafter “U.S. DOT”) Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred to as the “Regulations”), which are herein incorporated by reference and made a part of this contract.

In addition, the LPA will comply with the provisions of the Americans with Disabilities Act, Section 504 of the Rehabilitation Act, FHWA Guidance, and any other Federal, State, and/or local laws, rules and/or regulations (hereinafter referred to as “ADA/504”).

- (c) **Solicitations for Professional Services:** In all solicitations for professional services made by the LPA for work to be performed under a contract or subcontract, each potential consultant will be notified by the LPA of the LPA’s obligations under this contract and the Regulations relative to nondiscrimination on the grounds of race, color, national origin, sex (including pregnancy, gender identification and sexual orientation), age, disability, low-income status, or limited English proficiency.
- (d) **Information and Reports:** The LPA will provide all information and reports required by the Regulations or directives issued pursuant thereto, and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the STATE or FHWA to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of the LPA is in the exclusive possession of another who fails or refuses to furnish this information, the LPA will so certify to the STATE or FHWA, as appropriate, and will set forth what efforts it has made to obtain the information.
- (e) **Sanctions for Noncompliance:** In the event of the LPA’s noncompliance with the nondiscrimination provisions of this contract, the STATE will impose such contract sanctions as it or FHWA may determine to be appropriate, including, but not limited to:
- (1) withholding of payments to the LPA under the contract until the LPA complies, and/or
 - (2) cancellation, termination or suspension of the contract, in whole or in part.
- (f) **Incorporation of Provisions:** The LPA will include the provisions of paragraphs 10.4 (a) through (e) Above in every contract or subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto. The LPA will take such action with respect to any contractor or subcontractor procurement as the STATE or FHWA may direct as a means of enforcing

such provisions including sanctions for noncompliance; provided, however, that, in the event the LPA becomes involved in, or is threatened with, litigation with a contractor, subcontractor, or supplier as a result of such direction, the LPA may request the STATE to enter into such litigation to protect the interests of the STATE, and, in addition, the LPA may request the United States to enter into such litigation to protect the interests of the United States.

11. DATA, PATENTS AND COPYRIGHTS - PUBLIC USE

- 11.1 The LPA shall ensure that any designs, specifications, processes, devices or other intellectual properties specifically devised for the PROJECT by its consultants or contractors performing work become the property of the LPA, and that when requested, such designs, specifications, processes, devices or other intellectual properties shall become available to ODOT and FHWA with an unrestricted right to reproduce, distribute, modify, maintain, and use. The LPA's consultants and contractors shall not seek or obtain copyrights, patents, or other forms of proprietary protection for such designs, specifications, processes, devices or other intellectual properties, and in providing them to the PROJECT, shall relinquish any such protections should they exist.
- 11.2 The LPA shall not allow its consultants or contractors to utilize within the development of the PROJECT any copyrighted, patented or similarly protected design, specification, process, device or other intellectual property unless the consultant or contractor has provided for such use by suitable legal agreement with the owner of such copyright, patent or similar protection. A consultant or contractor making use of such protected items for the PROJECT shall indemnify and save harmless the LPA and any affected third party from any and all claims of infringement on such protections, including any costs, expenses, and damages which it may be obliged to pay by reason of infringement, at any time during the prosecution or after the completion of work on the PROJECT.
- 11.3 In the case of patented pavements or wearing courses where royalties, licensing and proprietary service charges, exacted or to be exacted by the patentees, are published and certified agreements are filed with the LPA, guaranteeing to prospective bidders free unrestricted use of all such proprietary rights and trademarked goods upon payment of such published charges, such patented pavements or wearing courses may be specifically designated in the proposal and competition secured upon the item exclusive of the patent or proprietary charges.

12. TERMINATION; DEFAULT AND BREACH OF CONTRACT

- 12.1 Neglect or failure of the LPA to comply with any of the terms, conditions, or provisions of this Agreement, including misrepresentation of fact, may be an event of default, unless such failure or neglect are the result of natural disasters, strikes, lockouts, acts of public enemies, insurrections, riots, epidemics, civil disturbances, explosions, orders of any kind of governments of the United States or State of Ohio or any of their departments or political subdivisions, or any other cause not reasonably within the LPA's control. If a default has occurred, ODOT may terminate this Agreement with thirty (30) days written notice, except that if ODOT determines that the default can be remedied, then ODOT and the LPA shall proceed in accordance with sections 12.2 through 12.4 of this Agreement.
- 12.2 If notified by ODOT in writing that it is in violation of any of the terms, conditions, or provisions of this Agreement, and a default has occurred, the LPA shall have thirty (30) days from the date of such notification to remedy the default or, if the remedy will take in excess of thirty (30) days to complete, the LPA shall have thirty (30) days to satisfactorily commence a remedy of the causes preventing its compliance and curing the default situation. Expiration of the thirty (30) days and failure by the LPA to remedy, or to satisfactorily commence the remedy of, the default whether payment of funds has been fully or partially made, shall result in ODOT, at its discretion, declining to make any further payments to the LPA, or in the termination of this Agreement by ODOT. If this Agreement is terminated, the LPA may be liable to repay to ODOT all of the Federal funds disbursed to it under this Agreement.

- 12.3 The LPA, upon receiving a notice of termination from ODOT for default, shall cease work on the terminated activities covered under this Agreement. If so requested by ODOT, the LPA shall assign to ODOT all its rights, title, and interest to any contracts it has with any consultants or contractors. Otherwise, the LPA shall terminate all contracts and other agreements it has entered into relating to such covered activities, take all necessary and appropriate steps to limit disbursements and minimize any remaining costs. At the request of ODOT, the LPA may be required to furnish a report describing the status of PROJECT activities as of the date of its receipt of notice of termination, including results accomplished and other matters as ODOT may require.
- 12.4 No remedy herein conferred upon or reserved by ODOT is intended to be exclusive of any other available remedy, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity. No delay or omission to exercise any right or option accruing to ODOT upon any default by the LPA shall impair any such right or option or shall be construed to be a waiver thereof, but any such right or option may be exercised from time to time and as often as may be deemed expedient by ODOT.
- 12.5 This Agreement and obligation of the parties herein may be terminated by either party with thirty days written notice to the other party. In the event of termination, the LPA shall cease work, terminate all subcontracts relating to such terminated activities, take all necessary or appropriate steps to limit disbursements and minimize costs, and furnish all data results, reports, and other materials describing all work under this contract, including without limitation, results accomplished, conclusions resulting therefrom, and such other matters as ODOT may require.
- 12.6 In the event of termination for convenience, the LPA shall be entitled to compensation, upon submission of a proper invoice, for the work performed prior to receipt of notice of termination, less any funds previously paid by or on behalf of ODOT. ODOT shall not be liable for any further claims, and the claims submitted by the LPA shall not exceed the total amount of consideration stated in this agreement. In the event of termination, any payments made by ODOT in which services have not been rendered by the LPA shall be returned to ODOT.

13. THIRD PARTIES AND RESPONSIBILITIES FOR CLAIMS

- 13.1 Nothing in this Agreement shall be construed as conferring any legal rights, privileges, or immunities, or imposing any legal duties or obligations, on any person or persons other than the parties named in this Agreement, whether such rights, privileges, immunities, duties, or obligations be regarded as contractual, equitable, or beneficial in nature as to such other person or persons. Nothing in this Agreement shall be construed as creating any legal relations between the Director and any person performing services or supplying any equipment, materials, goods, or supplies for the PROJECT sufficient to impose upon the Director any of the obligations specified in section 126.30 of the ORC.
- 13.2 The LPA hereby agrees to accept responsibility for any and all damages or claims for which it is legally liable arising from the actionable negligence of its officers, employees or agents in the performance of the LPA's obligations made or agreed to herein.

15. GENERAL PROVISIONS

15.1 *Recovery of LPA's allocable project Direct Labor, Fringe Benefits, and/or Indirect Costs:*

To be eligible to recover any costs associated with the LPA's internal labor forces allocable to this PROJECT, the LPA shall make an appropriate selection below: [*LPA official must initial the option selected.*]

1. No cost recovery of LPA's project direct labor, fringe benefits, or overhead costs.

- (A) The LPA **does not** currently maintain an ODOT approved federally compliant time-tracking system¹, **and**
- (B) The LPA **does not** intend to have a federally compliant time-tracking system developed, implemented, and approved by ODOT prior to the period of performance of this PROJECT, **and/or**
- (C) The LPA **does not** intend to pursue recovery of these project direct labor, fringe benefits, or overhead costs during the period of performance of this PROJECT Agreement.

2. Direct labor plus indirect costs calculated using the Federal 10% De Minimis Indirect Cost Rate.²

- (A) The LPA currently maintains, or intends to develop and implement prior to the period of performance of this PROJECT, an ODOT approved federally compliant time-tracking system, **and**
- (B) The LPA **does not** currently have, and **does not** intend to negotiate, an ODOT approved fringe benefits rate prior to the period of performance of this PROJECT.

3. Direct labor, plus fringe benefits costs calculated using the LPA's ODOT approved Fringe Benefits Rate, plus indirect costs calculated using the Federal 10% De Minimis Indirect Cost Rate.³

- (A) The LPA currently maintains, or intends to develop and implement prior to the period of performance of this PROJECT, an ODOT approved federally compliant time-tracking system, **and**
- (B) The LPA currently has, or intends to negotiate, an ODOT approved fringe benefits rate prior to the period of performance of this PROJECT.

1 A "federally compliant time-tracking system" is supported by a system of internal controls and record-keeping that accurately reflects the work performed; which provides reasonable assurance that the time being charged is accurate, allowable, and properly allocated; is incorporated in official records such as payroll records; reasonably reflects the employee's total activity; provides a time or percentage breakdown on all activities, both Federally funded and non-Federally funded for the employee and complies with the LPA's pre-established accounting practices and procedures.

2 [Also be sure to read footnote # 1] The De Minimis Indirect Cost Rate is 10 percent of modified total direct costs (MTDC) per 2 CFR §200.414. The definition of MTDC is provided in the regulation at 2 CFR §200.68. Any questions regarding the calculation of MTDC for a specific project should be directed to the Office of Local Programs. Further, regardless of whether the LPA subrecipient negotiates overhead rates with ODOT or uses the 10-percent de minimis rate, LPAs are required to maintain Federally-compliant time-tracking systems. Accordingly, LPAs are permitted to bill for labor costs, and then potentially associated fringe/indirect costs, only if the labor costs are accumulated, tracked, and allocated in accordance with compliant systems. Before an LPA is eligible to invoice ODOT for and recover the 10% de minimis indirect cost rate on any project, the LPA's time-tracking system and methods for tracking other project costs must be reviewed and approved by the ODOT Office of External Audits. A non-Federal entity that elects to charge the de minimis rate must meet the requirements in 2 CFR 200 Appendix VII Section D, Part 1, paragraph b.

3 [Also be sure to read footnotes # 1 and 2] The fringe benefits rate billed to this project must be determined in accordance with the Rate Agreement periodically negotiated with and approved by the ODOT Office of External Audits. The fiscal period when the LPA's direct labor costs are paid will be matched with the ODOT approved rate for that fiscal year to determine which rate is

4. Direct labor, plus fringe benefits costs calculated using the LPA's ODOT approved Fringe Benefits Rate, plus indirect costs calculated using the LPA's ODOT approved Indirect Cost Rate.⁴

- (A) The LPA currently maintains, or intends to develop and implement prior to the period of performance of this PROJECT, an ODOT approved federally compliant time-tracking system, **and**
- (B) The LPA currently has, or intends to negotiate, an ODOT approved fringe benefits rate prior to the period of performance of this PROJECT, **and**
- (C) Instead of using the Federal 10% De Minimis Indirect Cost Rate, the LPA currently has, or intends to negotiate, an ODOT approved indirect cost rate prior to the period of performance of this PROJECT.

For any allocable project labor costs to be eligible for reimbursement with Federal and/or State funds, the LPA must maintain compliance with all timekeeping requirements specified in 2 CFR Part 200 and the ODOT LPA Cost Recovery Guidance, including ODOT Questions and Answers and related supplementary guidance, as applicable. Additionally, if the LPA elects to recover fringe and/or indirect costs, the LPA shall maintain compliance with Appendix VII of 2 CFR Part 200 and the LAMP Manual of Procedures.

- 15.2 If the LPA decides to change its indirect cost recovery option, the change shall not become effective until this Agreement is amended pursuant to section 15.12 below to reflect the indirect cost recovery option utilized by the LPA on the PROJECT.
- 15.3 *Financial Reporting and Audit Requirements:* If one or more phases of this AGREEMENT include a sub-award of federal funds to the LPA, the LPA shall comply with the financial reporting and audit requirements of 2 CFR Part 200. If not, the financial reporting and audit requirements remain with ODOT.

All non-federal entities, including ODOT's LPA subrecipients, that have aggregate federal awards expenditures from all sources of \$750,000 or more in the non-federal entity's fiscal year must have a Single Audit, or program-specific audit, conducted for that year in accordance with the provisions of 2 CFR Part 200.

LPAs that expend Federal and State funds in the Preliminary Engineering and/or Right of Way phases of the Project must track these payments throughout the life of the in order to ensure an accurate Schedule of Expenditures of Federal Award (hereinafter referred to as SEFA) is prepared annually for all *Applicable Federal Funds*. *Applicable Federal Funds* are those that are identified with the various project phases of this Agreement as a subaward. *Applicable Federal Funds* include not only those LPA project expenditures that ODOT subsequently reimburses with Federal funds, but also those Federal funds project expenditures that are disbursed directly by ODOT upon the request of the LPA.

The LPA must separately identify each ODOT PID and/or Project and the corresponding expenditures on its SEFA. LPAs are responsible for ensuring funds related to this PROJECT are reported when the activity related to the Federal award occurs.⁵ Further, the LPA may make this

applicable. Accordingly, the fringe benefits rate applicable to different fiscal years throughout the period of performance of the project may fluctuate to match changes to the ODOT approved rate.

⁴ [Also be sure to read footnote # 1] The fringe benefits and indirect cost rates billed to this project must be determined in accordance with the Rate Agreement periodically negotiated with and approved by the Office of External Audits. The fiscal period when the LPA's direct labor costs are paid will be matched with the ODOT approved rates for that fiscal year to determine which rates are applicable. Accordingly, the rates applicable to different fiscal years throughout the period of performance of the project may fluctuate to match changes to the ODOT approved rates.

⁵ Per 2 CFR §200.502

determination consistent with 2 CFR §200.502 and its established accounting method to determine expenditures including accrual, modified accrual or cash basis.

When project expenditures are not accurately reported on the SEFA, the LPA may be required to make corrections to and republish the SEFA to ensure Federal funds are accurately reported in the correct fiscal year. An ODOT request for the restatement of a previously published SEFA will be coordinated with the Ohio Auditor of State.

- 15.4 *Record Retention:* The LPA, when requested at reasonable times and in a reasonable manner, shall make available to the agents, officers, and auditors of ODOT and the United States government, its records and financial statements as necessary relating to the LPA's obligations under this Agreement. All such books, documents, and records shall be kept for a period of at least three years after FHWA approves the LPA's final Federal voucher for reimbursement of PROJECT expenses. In the event that an audit-related dispute should arise during this retention period, any such books, documents, and records that are related to the disputed matter shall be preserved for the term of that dispute. The LPA shall require that all contracts and other agreements it enters into for the performance of the PROJECT contain the following specific language:

As the LPA, ODOT or the United States government may legitimately request from time to time, the contractor agrees to make available for inspection and/or reproduction by the LPA, ODOT or United States government, all records, books, and documents of every kind and description that relate to this contract.

Nothing contained in this Agreement shall in any way modify the LPA's legal duties and obligations to maintain and/or retain its records under Ohio public records laws.

- 15.5 *Ohio Ethics Laws:* LPA agrees they are currently in compliance and will continue to adhere to the requirements of Ohio Ethics law as provided by Section 102.03 and 102.04 of the ORC.
- 15.6 *State Property Drug-Free Workplace Compliance:* In accordance with applicable State and Federal laws, rules, and policy, the LPA shall make a good faith effort to ensure that its employees and its contractors will not purchase, transfer, use, or possess alcohol or a controlled substance while working on State property.
- 15.7 *Trade:* Pursuant to the federal Export Administration Act and Ohio Revised Code 9.76(B), the LPA and any contractor or sub-contractor shall warrant that they are not boycotting any jurisdiction with whom the United States and the State of Ohio can enjoy open trade, including Israel, and will not do so during the term of this Agreement.

The State of Ohio does not acquire supplies or services that cannot be imported lawfully into the United States. The LPA certifies that it, its Contractors, subcontractors, and any agent of the Contractor or its subcontractors, acquire any supplies or services in accordance with all trade control laws, regulations or orders of the United States, including the prohibited source regulations set forth in subpart 25.7, Prohibited Sources, of the Federal Acquisition Regulation and any sanctions administered or enforced by the U.S. Department of Treasury's Office of Foreign Assets Control. A list of those sanctions by country can be found at <https://www.treasury.gov/resource-center/sanctions/Programs/Pages/Programs.aspx>. These sanctions generally preclude acquiring any supplies or services that originate from sources within, or that were located in or transported from or through Cuba, Iran, Libya, North Korea, Syria, or the Crimea region of Ukraine.

- 15.8 *Lobbying:* Byrd Anti-Lobbying Amendment, 31 U.S.C. 1352, as amended by the Lobbying Disclosure Act of 1995, PL 104-65 (2 U.S.C. §1601, et seq.). LPA agrees that it will not use any funds for Lobbying, 49 CFR part 20, "New Restrictions on Lobbying." Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of

Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S. C. 1352. Each tier shall comply with Federal statutory provisions or the extent applicable prohibiting the use of Federal assistance funds for activities designed to influence congress to a State legislature on legislation or appropriations, except through proper official channels. Each tier shall also disclose the name of any registrant under the Lobbying Disclosure Act of 1995 who has made lobbying contacts on its behalf with non-Federal funds with respect to that Federal contract, grant or award covered by 31 U.S.C. 1352. Such disclosures are forwarded from tier to tier up to the recipient.

- 15.9 *Debarment.* LPA represents and warrants that it is not debarred from consideration for contract awards by the Director of the Department of Administrative Services, pursuant to either R.C. 153.02 or R.C. 125.25 or by the Federal Government pursuant to 2 CFR Part 1200 and 2 CFR Part 180.
- 15.10 *Governing Law.* This Agreement and any claims arising out of this Agreement shall be governed by the laws of the State of Ohio. Any provision of this Agreement prohibited by the laws of Ohio shall be deemed void and of no effect. Any litigation arising out of or relating in any way to this Agreement or the performance thereunder shall be brought only in the courts of Ohio, and the LPA hereby irrevocably consents to such jurisdiction.
