MAYOR GARDNER'S REPORT

I want to start by thanking the hard working men and women of our Police, Fire, and Service Departments, as well as our partners at Central Dispatch, for the hard work during the storms of the last two evenings. They responded to calls for service through the night to keep our roads safe and assist with residents' needs.

I would like to thank everyone who assisted with last Saturday's Music Fest. The event was a huge success. Please see the article later in the newsletter listing the many volunteers and organizations that help to make the day a success. I want to add my special thanks to the Music Fest Committee: Chairperson Nancy Erikson, Communications Supervisor Karen Mehollin, Recreation Commission members Laura O'Donnell, Lynn Hallum, and Dave Walters, Recreation Commission Clerk Darlene McFarren, and City Council Representatives Tanya Taylor Draper and Joe Jarmuszkiewicz. We are fortunate to have so many talented people who are willing to give so much of their time to plan a fun, family event for all of our community to enjoy.

We have a busy fall coming up with: Touch-a-Truck (9/16), the Fall Craft Show (10/7), Electronics Recycling Day (10/14), the annual Halloween Party (10/20), Shred Day (11/4), Council District Meetings, Breakfast with Santa, Winterfest, and the Holiday Parade of Lights with Santa! Please check the newsletter for details of these upcoming events. I also encourage everyone to check with their friends and neighbors to make sure that they are receiving this newsletter. Let them know that they can subscribe by sending an email to: Newsletter@WilloughbyHills-OH.gov. Have a wonderful week, everyone!

Press Release

WILLOUGHBY HILLS (Friday, August 25, 2023) - The Ohio Department of Transportation (ODOT) is proposing to resurface US-6 (Chardon Rd) between SR-91 (Som Center Rd) and SR-84 (Bishop Rd).

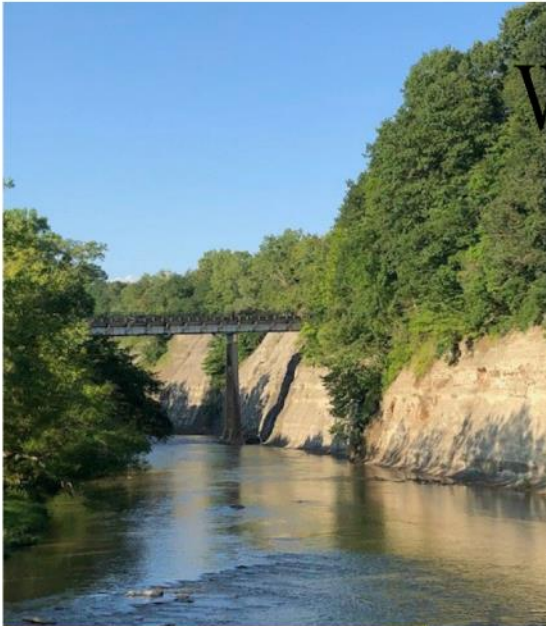

This project is a follow-up to the 2022 project which involved resurfacing Chardon Rd. east of Som Center Rd. Construction is tentatively scheduled to be completed between March and October of 2024. Detailed project schedule information will be refined in Spring 2024.

During construction, Chardon Rd is expected to be open to westbound traffic only. Eastbound traffic will be detoured through Eddy Rd. via Bishop Rd., Rockefeller Rd., and Som Center Rd. To reduce the impact on traffic, the project is being planned for construction in two phases. During the first phase, the portion of Chardon Rd. between Bishop Rd. and Rockefeller Rd. will be resurfaced. During the second phase, the portion of Chardon Rd. between Rockefeller Rd. and Som Center Rd. will be resurfaced.

The estimated construction cost is \$1.4 million.

The City is seeking public input regarding this project. Comments may be submitted through email to ktrepal@rlba.com. Comments will be received until September 25, 2023.

Traffic Safety Enforcement Program

Each year, too many families are affected by crashes caused by speeding. Sadly, the victims of traffic crashes are often occupants of other vehicles who have fallen victim to speeding and careless driving.

Improving traffic safety for residents and visitors is a strategic goal of the Willoughby Hills Police Department. That is why I am so pleased to report that we are implementing a photo enforcement system in Willoughby Hills. The state of the art system is designed to help us encourage safer driving habits and save lives.

Our police officers cannot enforce traffic laws everywhere, all the time. The new enforcement system will allow us to enforce traffic laws in a safer way for the officer and the violator. There are no upfront costs to the taxpayers and, over time, violators will fund this program.

I encourage you to respect the rules of the road – help keep yourself and your neighbors safe and sound. Join me in supporting our new traffic enforcement system.

Sincerely,

Matthew Naegele
Chief of Police

Question & Answer

There will be a warning period for the first 30 days, after the program begins.

Is speeding a public safety concern?

According to the IIHS, speeding is a factor in one-third of all fatal crashes in the U.S., killing more than 10,000 people per year. In addition, according to the NHTSA, speed-related crashes cost the U.S. economy approximately \$40 billion per year.

How will the new Speed Enforcement Program work to protect lives in Willoughby Hills?

This Traffic Enforcement Program will protect lives by reminding motorists to slowdown and obey speed laws. Automated safety cameras will identify motorists who are breaking the law by exceeding the speed limits. The registered owner of the violating vehicle will receive a traffic citation in the mail.

What systems will the police department be using?

The Willoughby Hills Police Department will be utilizing handheld and fixed location photo enforcement equipment. In school zones, we have set up fixed location cameras to capture vehicles traveling at an unsafe speed in an effort to keep our children safer. These will be operational only on school days during school hours. The handheld equipment will be used by certified police officers in multiple locations along the interstate and other roadways in the community. The system will be used to identify and ticket speeding vehicles in a manner that is potentially safer for the officer and occupants of the vehicle.

Does someone double-check the evidence?

Sworn police officers will determine violations. Our vendor will do the initial screenings of information for photo and data quality. Officers will review every violation to verify vehicle information and ensure the vehicle is in violation. These officers will utilize the same standards for photo enforcement as they would with a standard violation event. Upon officer approval, a citation will be mailed to the vehicle owner. The owner will then have the right to pay the citation or exercise a contest process.

What are the Traffic Enforcement fines in the City of Willoughby Hills?

Speed Over	Fine Amount Owed	Fine if in a Construction or School Zone
1-19 MPH	\$150.00	\$150.00
20-29 MPH	\$200.00	\$200.00
30+ MPH	\$300.00	\$300.00

Are automated enforcement cameras legal?

Yes. Courts have ruled in favor of a municipality's right to use automated enforcement technology in a fair and judicious manner.

Will people know when they are entering a School enforcement zone?

Yes. Signs will be posted at every enforced zone, warning drivers that photo enforcement is in use ahead.

Can I challenge my citation?

Yes. Each citation ticket contains detailed information on how to exercise your due process rights and contest the citation.

What about privacy? Will I be photographed in my vehicle?

No. Vehicles following traffic laws are not photographed. Additionally, the driver is not visible on the citation.

I would like to take this opportunity to thank the MANY people who made this year's Music Fest such a wonderful event. First and foremost, our **sponsors**. Without their donations and willingness to participate, this event would've never happened at the scale we were hoping. Each was a delight to work with and we hope to touch base again for next year! Next, the **Music Fest Committee & Mayor Gardner**. Planning began 9 months ago. Each person had a role and things got done. Through countless meetings and emails, the event came to fruition. Teamwork definitely made the dream work! Our City departments also deserve a huge shout-out. The **Police and Fire Departments** were ready for action on Saturday should any safety issues arise (or a water balloon toss). Our **Service Department** put in some grueling hours helping to get the grounds ready before the fest and continued on with set-up and tear-down. Mark, we appreciate you and your crew! It was an honor to have **David Spero** kick off our event by talking about his experience in the rock world and we thank him for his appearance. Next, the **bands and local talent**. And it really would've been a pretty boring Music Fest without them. They made the music that made the event—and with a wonderful sound guy to assist. The **Willoughby Hills Youth Sports League** deserves a giant thank you for keeping the thirsty folks hydrated at the beer/pop/water tent. In addition to that tent came the **food trucks**. We would never want our guests going hungry so they delivered their delicious fare and all were happy. **Kidz Entertainment Network** deserves a round of applause for putting smiles on kids' faces through facepaint and balloon creations. Thank you to the **car show entrants** as well! We were so happy the weather was gorgeous and they were able to display their cars for all to enjoy—and for a shot at the Mayor's Choice Trophy created by Joe at **Steven DiFranco Jewelers**. Another thank you to **those who donated items**. Whether it was a gift card or an item to raffle off, we were so appreciative! Finally, thank you to our volunteers. Between those on the **Recreation Commission**, in the **Recreation Department**, the **Boy Scouts**, **Councilmembers** and **family**, and all of the **residents** who stepped up to help make the day run smoothly, we were simply blessed with helping hands. **THANK YOU!**

WILLOUGHBY HILLS

HAPPY 100TH

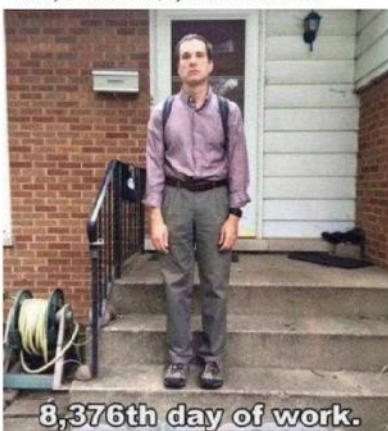

Willoughby Hills resident Mary Genelius celebrated her 100th birthday with her family at Mario Fazio's restaurant on Aug. 12. At 100 years old Genelius still lives independently. She credits a good diet, her faith and her loving family for keeping her so spry and able to achieve her centenarian status.

In closing, please know that Willoughby Hills Seniors Board will continue to request funding allocations from City Council once they return from their August recess. Prior to their recess, they were presented with some viable options to help us fix up the Senior Room and offer some more programs for our seniors. We will keep you posted as things progress.

As a tribute to everyone going back to school, we offer the following thought for our seniors:
