POLICIES FOR CITY-OPERATED COMMUNICATIONS MEDIUMS

Introduction:

The City of Willoughby Hills utilizes several mediums for dissemination of information to the public. The intent of this document is to clarify how these mediums are employed and to help facilitate successful communications between the city, its residents, and those interested in the activities of the city government.

A. Mediums:

The communications mediums operated by the City are used for the dissemination of official information and are not used to promote the amendment rights of individuals or groups. The City is not responsible for the presentation of incorrect information caused by the submission of erroneous information by an applicant, or by the occasional error of any city employee or volunteer working in the production staff.

The management, organization, operation, and editorial policy of the communications mediums are directed by the Mayor, within the parameters of this policy. The day-to-day point of contact for the operations will be the Public Information Coordinator, as designated by the Mayor.

1. The Willoughby Hills Government Information Channel (Cable TV) is the official government access channel that broadcasts public information for the subscribers of cable TV service in the City of Willoughby Hills.
2. WWW.WilloughbyHills-OH.gov is the official website for the City of Willoughby Hills.
